CENTRE HALL REPORTER.

CENTRE HALL, PA., January 14th 1870.

EDITORIAL SHORTS.

There is still "ile" in the earth, as the Titusville Herald of the 10th inst., announces the total production of oil during the month at twelve thousand eight hundred and forty four barrels, A decrease of about five hundred barrels on the November production.

—Secretary Belknap is determined to clear Washington of army officers as far as possible. Accordingly, he will shortly order nearly all the officers in charge of the different branches of the War Department to stations in the far west, where he thinks they can better serve their country than in idleness at Washington. We are pleased to make a note of this, and hope it will be carried out. The shoulder-strap fellers, who live off the sweat of the people, should be discharged entirely, and made to seek their living as other honest men do.

—A democratic member of the Committee on Ways and Means will report an amendment to the tax bill to discontinue the income tax hereafter. We trust such a bill will pass. The income tax is a very unjust and annoying one, and the act one of the most unpopular upon our statute books, on account of its inequality and prying into the private business of the citizen.

—Senator Stewart has prepared a bill, which will be introduced at an early day, providing for Chinamen all the rights of citizens of the United States.

—Mr. Lowry, of the Senate, introduced a bill entitled An act for the erection of a new county out of the counties of Crawford, Venango, Warren and Forrest, to be called the county of Chase. Referred to the Committee on New Counties and County Seats.

—The Legislature will have presented for its consideration this week a petition from Philadelphians, numerously signed, asking that a law be passed limiting the number of passengers in the city cars to thirty, and guaranteeing each passenger a seat.

—An immense amount of business is pending action in both houses of Congress. In the House there are about six hundred bills awaiting action and in the Senate over three hundred unfinished bills. If it is such business as we have been accustomed to seeing done at Washington, for the last few years, then Heaven pity the poor people, if all the above is to be added. God punished the hard hearted Egyptians by plagues, and seems to be punishing the American people by radical rule, on account of their departure from the dear blood-bought principles of their forefathers.

Proof that Advertising Pays.

We last week referred to the fact that Mr. Geo. W. Spangler, who advertised his farm for sale, in the Reporter, had shortly thereafter found a purchaser in consequence. This week we have another witness to testify that the Reporter is a good advertising medium. A week or two after Mr. Spangler advertised his farm, our friend, C. F. Hennich, of Penn Hall, also concluded to try advertising, and offered his farm for sale in the Reporter. Now read his letter to us.

Penn Hall Dec. 10, 1869.

Mr. Fred Kurtz—Dear Sir:—Please strike out my advertisement as I have sold my property to Mr Samuel Leitzel.

Yours, C. F. HENNICH.

N. B.—My motto: If you have any property to sell advertise in the Reporter.

C. F. H.

The circulation of the Reporter is increasing with every issue, and is now fast approaching 1000 copies. There are few persons on this side of the county who do not read the Reporter—indeed we doubt whether there are any who do not read it. We defy any one to point out a single instance in which any one lost any thing by judicious advertising; on the other hand, we can cite columns of names of individuals who attribute their princely fortunes to liberal and persistent advertising.

The XVth Amendment.

New York, Ohio, and Georgia have set themselves against the negro suffrage amendment.

The Senate of New York have just passed a resolution withdrawing the assent of that State to the proposed Fifteenth Amendment. The House has concurred in the action of the Senate. The voice of the great Empire State is recorded against the attempted swindle by which our republican form of government is to be destroyed. The people of the most populous and important State in the Union declared by their ballots at the last election, and now through their representatives in their legislature solemnly re-iterate the declaration, that they will not surrender to a congressional oligarchy the right which they reserved at the formation of the federal constitution, to control and regulate the elective franchise within their State in their own way.

In the Legislature of Ohio a resolution has been offered to refer the Fifteenth Amendment to the people of the State, at the next election, for adoption or rejection. As the democrats and "reformers" have a majority in both branches of that body, it is probable that this resolution will be adopted. In 1867 the people of Ohio rejected the proposition to establish Negro Suffrage in the State, by a majority of nearly 50,000. It is, therefore, plain that if the voters of that State are permitted to decide the fate of the Amendment, it will inevitably be lost.

From all indications it looks as if the Georgia legislature will not ratify the Fifteenth amendment. The democrats will have a majority of fifteen on joint ballot. This will insure defeat to all measures recommended by Gov. Bullock.

INSURANCE.

In another column of this week's Reporter, will be found the annual statement of the Farmer's Mutual Fire Insurance Company of Centre Co.; as nearly every property holder on this side of the county is a member of this company, the statement deserves the careful study of each one. It will be seen that the company stands upon the best possible footing, far better even, than its best friends had anticipated. We are gratified to be thus able to allude to it, and the citizens of our valley deserve all praise for the support they have given it. We venture to say that there is no other company in the country, doing a like amount of business that is conducted with the same economy and which is safer to insure property in, than this our own home company. The company has ever been prompt in all its actions, and losses have been met by them in the shortest possible time. No citizen of our valley should seek a foreign company, to insure in against fire, so long as our company presents such a flattering record.

Ex-Attorney General Brewster has written a letter to Senator Lowry, approving his course in opposing the action of his radical brethern, who admitted Scull to a seat. These are the only two prominent republicans we have heard of, who have the manliness to speak out against the iniquitous conduct of the radical Senate, in giving a seat to Scull who has not a shadow of right to it, instead of Findley, who received a majority at the polls.

Ecumenical or General Catholic Councils.

The readers of the Reporter are aware that the Ecumenical Council, called by the Pope, is now in session at Rome. Catholic divines, from America, and all parts of the world, are there, and compose this body The present is the 19th General Council of the Catholic Church, that has met since the year 325. The object of these councils is to settle grave questions that arise within that church One the prominent subjects that is likely to come before the present council is relative to the infallibility of the Pope. We here append a list of the council held since 325, with the questions that came before them.

1. The first General Council was that of Nice, held in 325, for the purpose of refuting the heresises of Arius who asserted that Christ was inferior to His Father.

2. The second General Council was, held at Constantinople in 381, to refute the errors of Macedonius, who asserted that the Holy Ghost was not one of the divine persons.

3. The third General Council was held at Ephesus in 431, concerning the heresy of Nestotius, who asserted that the Blessed Virgin should not be called the Mother of God.

4. The fourth General Council met at Chalcedon in 451, to decide on the doctrine of Eutyches, who denied the humanity of Christ.

5. The fifth General Council was held at Constantinople in 553. It condemned the heresy of Origen, who asserted that the Holy Ghost is nothing more than divine energy or power of acting, &c.

6. The sixth General Council met at Constantinople in 680; it condemned the doctrine of the Monothelites.

7. The seventh met at Nice in 787, to denounce the impiety and heresy of the Iconoclasts, who opposed veneration of images.

8. The eighth General Council met at Constantinople in 869, and confirmed the reverence of images, and other regulations of the church.

9. The ninth General Council and the first Lateran met in 1123.

10. The tenth General Council and the second Lateran met in 1139. This Council, among other matters, condemned the acts of Arnold of Brescia.

11. The eleventh General Council also met in the Lateran in 1197. This Council ordained that the right of voting for a new Pontiff should from that time forward belong exclusively to the College of Cardinals.

12. The twelfth also met in the Lateran in 1215. This Council, among other matters, gave its assent to seventy chapters drawn up by the Pope who presided at it.

13. The thirteenth met at Lyons in 1245. Its object was that of deposing the Emperor Frederick. It also treated of three other subjects:—1st. The assisting of the Empire of Constantinople agains the Tartars; and 3d The Holy Land against the Saracens.

14. The fourteenth met at Lyons in 1274, for the purpose, among other things, of reuniting the Greek Church.

15. The fifteenth met at Vienna in 1311, for the purpose of suppressing the Order of Knights Templars, and the doctrine of the "Brethren and Sisters of tho Free Spirit," a German institution condemned.

16. The sixteenth was that of Constance, which assembled in 1414, on account of a dispute that existed in the selection of a Pope, there being at that time no less than three claimants for the holy office.

17. The seventeenth is known as that of Ferrara and Florence. Its object was the reunion of the Latin and Greek Churches.

18. The eighteenth was the Council of Trent, which was convoked in 1545, by Pope Paul III., to refute the heresies of Luther, Calvin, and Zuinlius.

19. The nineteenth General Council commenced at Rome December 8, 1869.

Gold Gambling.

Sale of Gold by the Treasury—Operations of the Bull Clique—Gold Room a Scene of Wild Excitement—The Clearing House Shaky—Mortality on the Ocean.

NEW YORK, Jan, 10.—The money market was very easy this afternoon at 6 to 7 per cent. on call. There is more disposition to discount prime business notes, and the street rates are 8 to 11 per cent. The banks were free lenders of money to-day, and they all report a flow of currency towards this point.

The gold performance at the treasury to day was a remarkably well executed piece of strategy on the part of the clique in the gold room. It was well known that the $1,670,000 gold offered to-day was all that could be sold under any circumstances, as it simply represented the accrued interest due January 1st on the bonds held by Treasurer Spinner as trustee for the sinking special funds. It was a sale by order of Mr. Spinner, and represented all the gold he had to sell. The bull clique were aware of this fact and therefore resolved to turn it to a profitable account. Orders were given to a large number of bankers to bid at the treasury for all sorts of accounts, and the bids were so arranged as to make them appear legitimate in every way. The result of the programme is reflected in the fact that there were forty six bidders for gold, and the amount of their bids was $7,315,000—almost the largest amount ever bid for. The announcement of the bids naturally created some surprise, and there was a perfect rush from the sub-treasury to the gold room. The brokers for the clique were further instructed to bid wildly for gold after the treasury bids were known. This part of the arrangement was well carried out, and the gold room for a time presented a scene of excitement, only equaled by the events of Sept mber last. The gold room *coup d'etat* succeeded admirably, and the price rose up to 123¼, and a considerable amount of gold was unloaded by the clique. It is hardly probable that the next time the treasury sells gold there will be so many anxious buyers, especially when the Secretary reserves the right to accept bids for more than the amount offered. There is some trouble brewing about the gold clearing house, and one leading firm refuses to accept the check of the bank for a greater amount than $300,000, uuless certified.

MEXICO.

The Governor and Legislature of San Luis Potosi Made Prisoners—Mexican Matters in General—Murder and Roobery of an Englishman by the "Greasers."

CITY OF MEXICO, January 1. via Havana, January 7.—General Aquinne, at the head of some of the troops of the third division, has made prisoners of the Governor and a majority of the members of the Legislature of San Luis Potosi, and has called a new election in that State to fill their places on taking possession of the capital. He made a forced loan of four thousand dollars.

General Egnalis and Lorango, of the same division, have signed a pronunciamento, but it is not known whether they are acting in conjunction with Aquinne. Some members of the Legislature of San Luis Potosi escaped to Mitaguato, where they recognized and elected Santers Escandon temporary Governor, and made an application to the Federal Government for assistance.

On the 30th ult. Congress authorized the government to use four thousand men of the National Guard to suppress the revolution and have appropriated money for the necessary expenses.

No further collision is reported at Puebla. General Alatosra has resigned.

Pronunciament have appeared in Nimes, Rio Del Monte and Pachuca.

Wm. H. Seward is at Orizaba. It is expected he will leave Mexico in the steamer Cleopatra, which sails from Vera Cruz on the 10th inst.

Mr. Furbee, an Englishman, was kidnapped, robbed and murdered on the 19th ult. at Guanapiaton.

MEXICO.

Floods And Loss of Lives.

Great freshets have occurred in the province of Chiapa. The water completely washed away many farms lying along the borders of the rivers, and it is computed that no less than two thousand li ves were lost.

FROM WASHINGTON.

Washington advices of 10th inst, say:

It is understood that Senator Ross is making preparations to sue six or eight of the prominent papers of the country for ilbel, for connecting his name with corruption in the impeachment trial. The Senator has engaged some of the best counsel in the country and will open at all of his traducers at the same time.

It is proposed by resolution introduced into the House to repeal all acts of Congress on the subject of bankruptcy, but to leave untouched cases that are pending under the present acts.

A resolution was introduced in the House to day to amend the homestead acts so that soldiers may enter free of cost one hundred and sixty acres of land instead of eighty, of the alternate reserved sections along railroad grants, and providing many liberal advantages for other possessions existing under the homestead principles.

The great natural curiosity known as the Sunken Lake, is situated in the Cascade Mountains, about seventy five miles northeast of Jacksonville, Oregon. The walls are two thousand feet high, and almost perpendicular, running down to the water and having no beach. The depth is unknown, the surface is smooth and unruffled, and it lies so far below the surface of the mountains that the air currents do not affect it. Its length is estimated at twelve miles and its breadth at ten. No living man, it is said, ever reached the water's edge. The lake lies "silent, still and mysterious in the bosom of the everlasting hills, like a huge well scooped out by the hands of genii."

Just as services were opening last Sunday at the Congregational Church, in Kansas City, Missouri, a young gentleman and lady rode up before the church on horseback and sent in for the preacher, requesting to be married forthwith without alighting, when another minister, who happend to be present, came out, and, while the religious services were going on indoors, the marriage ceremony was performed outside. The two made one were Mr. Ephraim Harbyast and Miss Lizzie Cook.

Covington, Jan. 10.—Sunday Edward C. Clark, a brakeman on the Kentucky Central railroad, while playing with his son, three years old, to frighten him pointed a gun he supposed to be unloaded at the little fellow and pulled the trigger. The weapon proved to have been loaded, and contained a heavy charge of shot. The entire load lodged in the son's head killing him almost instantly. The child was sitting near its mother at the time of the accident, and when shot fell over, exclaiming, "Oh, ma!" and instantly expired.

Papal Infallibility.

Paris, January 8.—The *Memorial Diplomatique* asserts that a compromise has been arrangad on the question of the infallibility of the Pope. Infallibility will be affirmed, but dissent from the article will be indulged.

SLAUGHTER OF UNARMED MEN.

Havana, January 8.—The *Presusa* announces the killing thirty unarmed men in the vicinity of Mazella, a few days since, by the insurgents.

Secret Presidential Message on San Domingo.

There is no doubt that the President will send to the Senate, probably on Monday a secret message with a treaty for the annexation of San Domingo. The sum of one and one-half million dollars is proposed to be given for the Republic buildings, this being the entire expense of the transaction. The country is to be annexed as a territory and not as a state.

Of the estate of Hole-in-the-Day we learn from the St. Cloud Journal that his effects amount to $4,000 and $5,000 including some twelve hundred acres of land. As he left three wives living (besides two dead). one of them the white wife, now in Minneapolis, whom he married at Willard's in Washington, and as each one would be entitled to one third of his estate, it would seem to be a matter of little difficulty how to divide up the property. What a dilemma there would have been had the other two lived, thus requiring five thirds to fill the bill.

A nephew of Lieutenant Governor Dunn, of Louisiana, who is a sergeant on the New Orleans police force, is accused of outraging a little white girl but at last accounts nobody dared to arrest him.

The Kansas (Mo.) City News says a wedding occurred recently at a farm house a few miles southeast of Kansas City. The bridegroom was named Brown, and also the bride. None but relations attended the wedding, and no relations of the family were present excepting those whose names were Brown. Fathers, mothers, uncles, aunts and cousins of the newly married couple, to the number of sixty-one, were in attendance. The minister's name was Brown. Certainly the wedding is one of the Brownest affairs we ever before heard of.

A prominent New York City Episcopal divine disappeared with a young and beautiful lady of his flock on Saturday. The circumstances are such as render it certain that a guilty intrigue exists between the parties. The reverend gentleman leaves behind a distracted wife and two children.

Henry Ward Beecher has had his salary raised from $12,500 to $17.000 per year.

The maddest man in Indiana lives at Patoka. He told his wife he was going down to the cellar to commit suicide, and did go down stairs and fired a broadside into a pork barrel. His wife kept right on knitting, and after a while the man came up stairs swearing that women hadn't got any feeling.

When Adam delved and Eve span, disease was unknown but since that time the race has degenerated and at the present time mankind is afflicted with many diseases, yet if people would take a medicine upon the first symptoms of disease which would pass direct to the afflicted parts and restore healthy action thereto, they would greatly prolong their lives. We believe Dr. Judson's Mountain Herb Pills to be the best and most universal of Medicines, they should be used in Liver Complaint, Female Irregularities, Billious Disorders, Dyspepsia, &c. Use the Mountain Herb Pills, and by a fair trial convince yourself of their efficacy. Sold by all dearers.
