From all quarters we have intelligence of intensely cold weather on Monday and Tuesday.

COLD SNAP.—On Monday and Tuesday, 21st and 22nd, we had the coldest weather, so far, during this winter. The wind blew fiercely all the while. On Sunday previous some 6 inches of snow fell, which afforded good sleighing.

Death of Rev. Philip Wagner.
Father Wagner, whose death we noticed in our last week's issue, was well known to the citizens of our valley, having formerly been a citizen of Millheim, and being bound by the ties of consanguinity to many families on this side of the county, while to all of us he was known as an agreeable and noble hearted gentleman, and earnest and faithful minister of the Gospel.

The Williamsport Bulletin, of 17th inst., in which city he died, says:
Rev. Father Wagner, the oldest minister in the active work of the Evangelical Association, and late pastor of the German congregation of this city, died February 15, 1870, aged 69 years, 3 months, and 22 days.

At the annual conference held in New Berlin, Union county, Pa., commencing June 3, 1872, he was received into the active work of the ministry, with Rev. J. Long late one of the bishops of the church, and appointed to Canton, circuit, in the State of Ohio. In 1824 he was ordained deacon, and in 1826 elder.

Father Wagner entered the work of the ministry when the church had but one annual conference, 1,436 members, 23 itinerant teachers and 41 local ministers, and salary amounted to \$36.61 and when the fields of labor covered a number of counties; and lived to see sixteen annual conferences spring up, with over 300 preachers, 70,000 church members, 1000 Sabbath schools and 50,000 scholars, and church property valued at \$1,900,000. He served the church, without interruption nearly forty-eight years—twenty-three as presiding elder.

His disease was dropsy of the heart, which caused him to give up the active work of the ministry about four months ago. He suffered very little pain, and on the 15th, about 15 minutes before one o'clock, having partaken of dinner, he quietly passed away, almost imperceptibly.

Funeral services will be held in the church on Market street, this afternoon at two o'clock, in the German and English languages. The friends and others are heartily invited to attend. On Friday morning his remains will be taken to Lewisburg for interment.

Puzzle.—We last week mentioned the plying of one of our forms, and this is straightened up, "according to the run of the mill," we present it below as a curiosity after being set up. What language it speaks, we are not dignified enough to tell—perhaps its Choctaw, it certainly ain't gibberish, for we know a little of that when a boy; any of our readers solving the puzzle, will immortalize himself as the discoverer of a new language. Read.

Some years since a poor but talented gentleman of the medical profession conceived the idea that if he could produce a medicine of universal application and extraordinary merit, and make it known, he could not only enrich himself, but escape the indignity of a physician's life, but also benefit the sick in a greater measure than by his private practice. He therefore consulted with the best physicians he could find and the result was the production of the Julson's Mountain Herb Pills, a famous and most successful medicine. He began in a small way to make the Mountain Herb Pills known by advertising them and such was the value of his Pills, that in a few years he had not only amassed a fortune but had that rare satisfaction for a rich man of having relieved the sick, and benefited his fellow-men in every part of the country, as thousands of grateful testimonials could prove. The Julson's Mountain Herb Pills have cured Dyspepsia, Liver Complaint, Female Irregularities and all other Billious disorders. This little sketch serves to add a little and point a moral. Dr. Julson's Pills were meritorious and the doctor himself knew the value of printers ink. For sale by all dealers. feb24m.

To Owners of Horses and Cattle.
Tobias' Derby Condition Powders are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hides-bound, Colds, &c., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, &c., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them, and you will never be without them. The late Hiram Woodruff, celebrated trainer of trotting horses, used them for years. Col. Philip P. Bush, of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1000 other references can be seen at the Depot.

Peculiar Adaptability.—Brandreth's Pills.—Their peculiar adaptability to all constitutions as cleansers of the bowels and the blood has established their great merit. They restore the liver, the spleen and even the heart to healthy action when other remedies have been used without producing any benefit. They do not expose those who use them to any danger, being as safe as salutory.
Extract from Letter to Dr. Brandreth, from C. J. Fay, Esq., P. M., Hammoncton, N. J.—"In 1858 I was in poor health, and my friends as well as myself supposed that my earthly voyage would soon terminate. But after taking one box of Brandreth's Pills, I began to feel better. Well, sir, when I had used up twelve boxes I was a well, healthy man—my weight having gone from 131 pounds up to 152 pounds. I then ordered a supply, and between that time and the present I have retained three thousand dollars' worth of these invaluable pills, and am quite sure that I have thereby been instrumental in saving thousands of lives."
