GOLD.

Gold is now, says the Pittsburg Post, eported as a drug in our money centres, and the downward tendency will, it is alleged, be precipitated by the payment of the interest due March, on the 10-40 loan, which payment began on the 24th ult., by anticipation, and is being continued without rebate. So limited is now the demand for gold it

In one sense this fall in gold is a benefit. It cheapens the neccessaries of life, and enables her stocks of goods to be laid in at low figures. A FAMILY OF FIVE PERSONS BUR-NED TO DEATH. The following is from the Meschescebe

of St. Jean Baptiste, La.: Bear Island, situated in Lake Maurepas, was, on the 9th ult., the theatre of the most horrible accident ever recorded in this parish. The particulars which reach us are as follows: Mr. Robert Reine was pouring coal oil in a lighted lamp which his son held in his hand. Fire caught in the oil-can, which exploded, scattering flames on the father and son. Mrs. Reine and four children crowded around them and tried to extinguish the burning lava. These unfortunately caught fire also, and father mother and three children were burned to death. One little boy saved himself by tearing off his clothes, Mr. Robert Reine was the son of the late Antoine Reine, of St. James parish, and was about thirty-five years of age.

Two Little Girls Drowned in a Mud Hole.

On Wednesday last a sad case of drowning occurred in Bridgehampten, Long Isjand, bereaving an industrious family of their only offspring. Two little girls aged six and eight, daughters of Daniel Cronin, in company with a young male playmate named Howard, went out upon a pond to slide, the water forming which had collected in an excavation on the road side some six feet deep. While enjoying the slide the ice broke, and the two little girls were submerged. Young Howard, with commendable bravery, endeavored to rescue them, and would have been successful but for the sudden breaking of the ice, which much depressed at one time this after- asso submeged him, but succeeding in regaining the land he ran to the house of the Cronins and informed their mother of the sad circumstance. She, frantic with fear, rushed madly to the spot, only to behold the lifeless forms of her children. The ice plunged into the water and forced her way through and succeeded in bringing the liting severe bruises and being cut about the neck, and it was feared that she would also perrish in the water. Some years since a poor but talented gentleman of the medical profession conceived the idea that if he could produce a medicine of universal application and extraordinary merit and make it known, he could not only enrich himself and escape the drudgery of a physician's life, but also benefit the sick in a greater measure than by his private practice. He therefore consulted with the best physicians he could find and the result was the production of the Judson's Mountain Herb Pills, a famous and most successful medicine. He began in a small way to make the Mountain Herb Pills known by advertising them and such was the value of his Pills, that in a few years he had not only amassed a fortune but had that rare satisfaction for a rich man, of having relieved the sick, and benefitted his fellow-men in every part of the country, as thousands of grateful testimonials could prove. The Judson's Mountain Herb Pills ORGANS, have cured Dyspepsia, Liver Complaint, Female Irregularities and and all Billious disorders.
