CENTRE HALL REPORTER. FRIDAY, MARCH 26th 1870.

The Bogus Count—He Marries a New Jersey Girl, Borrows Lots of Money and Disappears.

[From the Trenton (N. J.) Gazette.]
Some time since a fashionable and hand-
some stranger, who represented himself
as a Prussian count and a relative of the
statesman Bismarck, domiciled himself in
Elizabeth, and in a short time his excellent
address, agreeable presence, and princely
style of living secured him admission to
the most fashionable circles and caused
quite an emulation among the wealthy
belles of Elizabeth to cultivate his acquain-
tance. A young lady of one of the best
families of that city conceived a desperate
love for the "Count," which he cordially
reciprocated, and finally a marriage ensued.
The full-blown bridegroom took up his
temporary abode with the family of the
bride, but only, ostensibly, while prepar-
ing to return to Europe with his fair
young prize. The bride's relatives were so
ecstatic at her marriage with a nobleman,
and so pleased with his appearance, and dis-
position, and accomplishments that they
would not allow him to be under any
personal expense so long as he remained
with them. The appointed day for the
departure on the bridal tour had almost
arrived, when the "Count" returned from
New York, affecting much dejection, his
wife in not receiving his usual remittances
from the Continent. The coqueting
wife supplied his present needs by letting
him have \$2,000; but, instead of devoting
it to making final preparations for the
voyage, he made a long adieu to Elizabeth
and his too-coqueting spouse. When his
exit became known, a great flutter was
created in the select circles, and specu-
lating friends were profuse in offering
their consolation to the deserted fair one.
But she would not believe that the "Count"
had so ruthlessly forsaken her, and on
Sunday morning she started for New York
in search of her traitor husband, hoping
that he might have been only detained
there by some pressing engagements; but
up to late on Sunday evening she had not
returned to her afflicted family, who are
growing apprehensive of her safety. An
Elizabeth paper says that a citizen of
Westfield loaned the "Count" several large
sums of money, the last remittance being
\$3,500, and many others have been
similarly victimized to the tune of \$10,000.

The Huntingdon Globe tells a tale about
the bodies of the murderers Bohner and
Bodenberg, being given to a couple of
fifteenth amendments to bury, but "man-
hood" got drunk and left the bodies in an
open lot in the outskirts of the town un-
buried. The next day the sheriff appar-
ently another party to bury them, but the
borough authorities interfered and would
not allow them to be buried within the
borough limits. The plan of the Peigh-
tal butcher is causing the Huntingdoners
as much excitement as the hanging them did.

HORSE PULLING ON THE HALTER.

Some horses have a habit of pulling back
on the halter and breaking it or endan-
gering their necks. It is a very bad habit,
and generally lessens the value of any
horse. It is a vice, however, that can be
cured. There are several ways to do this,
and we will give some of them. To do this,
our friends who have tried them say they
are effective.

Take a strong rope, long enough to
double it, then put on the stall the same as
a crupper; now cross it over the back, and
pass each end of the rope through the bit;
then fasten to a post or any other firm
substance. Now come up in front of the
horse with any object that will cause him
to go back. As he settles back on the rope
the strain comes on the tail, and he will
rush forward to get away from the hurt.
It is the same when he pulls on the head
halter—it hurts the head and he will pull
the harder to get away from the hurt. Two
or three times pulling by the tail will effect
a positive cure.

Another cure is to take a strap with a
two-inch ring; buckle it around the ankle
of either of the hind legs; then use a long
halter; run it through the hitching ring in
front; then back to the ankle; then it
will pull back if he will. As he settles
back it will pull the foot out from under
him. His mind is directed to his foot, and
he will start forward to ease his foot. Try
this again. Every time he pulls his foot
is drawn forward, and in a short time he
eyes no fun in it and he is cured.

WEDNESDAY, March 25, two or three
hundred medical students from the col-
leges of Philadelphia alone have received
their diplomas at M. D. As it is alleged
that some of these shopkeepers were ob-
tained in a surreptitious manner by gen-
tlemen of doubtful ability, and should they
all be let loose we may look out for an
increase in the bills of mortality wherever
they settle.

To paraphrase the Hudibrastic couplet
we may expect incessant rattas in the
way of skull raps across the Styx, to the
sole benefit of that grim old ogre, and
stake holder, certain death.

Horses as well as other domestic
animals will be benefited by the use twice
a week of a handful of salt and ashes mixed
and thrown into the end of the feeding
trough. It must not, however, be overdone.
Mix them by putting in three parts of salt
to one of ashes. Horses relish this, and
will prevent bots, cholera, etc. A little ground
sulphur mixed with salt and ashes, and given
once in two or three weeks, is beneficial.

A Big Bottle of Fish—On last Friday
night, Mr. May, proprietor of the Renovo
House at Renovo, met with a serious loss,
having had about 70,000 trout, just hatched,
boiled to death by hot water having
been forced through the cold water pipe
leading to the hatching troughs. It was
caused by an obstruction getting into the
main pipe, which led to an opening through
which the hot water that supplies the
house was forced, by the pressure of steam
in the boiler, into the hatching troughs, thus
killing the fish to death. The loss is
estimated at not less than \$2,000, and the
trout cannot be replaced this season.

Lock Haven Democrat.

FROM HARRISBURG.

The following bill passed the House:
Whereas, It is important to the peo-
ple of the State that timberlands should
be protected from fire, which, owing to
negligent conduct and carelessness of
individuals, is causing vast havoc to
the young growing timber, especially
upon our mountains; therefore,

SECTION 1. Be it enacted, etc., That
it shall be the duty of the commis-
sioners of the several counties of this Com-
monwealth to appoint persons, under
oath, whose duty it shall be to ferret
out and bring to punishment all per-
sons who either wilfully or otherwise
cause the burning of timber lands, and
to take measures to have such fires ex-
tinguished where it can be done, the
expenses thereof to be paid out of the
county treasury, the unexpended land tax
to be first applied to such expenses.

SEC. 2 That the provisions of the act
of 9th of April, 1869, entitled An act
to prevent the firing of mountains and
other wild lands in the county of Union,
be and the same is hereby extended to
all the counties of this Common-
wealth.

On motion of Mr. Stone, seconded
by Mr. Fulton, the House reconsidered
the vote by which bill entitled An act
to protect timber land from fire was
passed. The bill being again before
the House it was amended to include
in its provisions only the counties of
Schuylkill, Lehigh, Berks, Lycoming,
Centre, Snyder, Luzerne, and Union,
and again passed finally.

The citizens of Miesburg and Boggs
township have petitioned the legisla-
ture for the passage of an act author-
izing the erection of a poor-house by
said borough and township. The peti-
tion, also asks that the act may be ex-
tended to as many townships or bor-
oughs of Centre county, as shall decide
by ballot in favor of the same.

An bill making it a penal offence for
a witness to abscond with intent to defeat
the ends of justice, has been favorably re-
ported to the State Senate.

It cost just nineteen hundred dollars
to inaugurate Governor Geary the other
day; that is, to sweat him in to office.
More than a hundred dollars for every
bullet hole in his legs!

The Radical majority in New Hamp-
shire is about 1,100, a loss of 2,600
since last year, and of about 6,000 on
the majority for Grant.

Simon Cameron declared in the
United States Senate, in speaking in
favor of the admission of the negro
Ivets to his seat, that "the side of war
would have gone against us had it not
been for the 200,000 NEGROES
WHO CAME TO THE RESCUE."

This is a cool declaration, and we
want the white soldiers who pride
themselves upon their prowess and
ability to cope with Southern soldiers,
to make a note of this fact. Here is a
declaration that they were unable to
match the soldiers of the South in
battle, and 200,000 negroes had to be
called in to help them or else get whipped.
Boys in blue, how do you like it?

Simon, however, we think was refer-
ring to the condition of the Radical
party. He was very anxious for the
15th Amendment, because he is sharp
enough to see that the "tide of war"
is against the Radical party, and he
wants to call in 500,000 negro votes to
help that party out of trouble. Sharp
man, that Simon.

Newspaper Decisions.

Occasionally we get letters from sub-
scribers who seem to be ignorant of cer-
tain decisions in regard to newspapers.
We publish them now for their benefit.
1st. Any person who takes a paper
regularly from the Post Office—whether
directed to his name or another, or
whether he has subscribed or not—is
responsible for the pay.

2. If a person orders his paper dis-
continued he must pay all arrears, if
the publisher may continue to send it
until payment is made, and collect
the whole amount, whether it is taken
from the office or not.

3. The courts have decided that re-
fusing to take newspapers and period-
icals from the Post Office, on removing
and leaving them uncalled for, is prima
facie evidence of intentional fraud.

It is a fact easily demonstrated says
the Chicago Times, that the carpet-baggers
engaged in selling catchwords have less
brains than Grant. They sold appoint-
ments, and gave the money for partisan
charitable purposes. When Grant sells
appointments, he keeps the money himself.
It is well for Grant's reputation that his
superiority over the average carpet-bagger
should be established in, at least, one re-
spect. He sells an appointment for a house
and Whittemore is turned out of the House
for selling one. That is the difference.

In many parts of Illinois the winter
kill is represented to be almost entirely
killed out by the alternate freezing and
thawing which have characterized the win-
ter.

Another negro, Isaac Myers of Bal-
timore, has been appointed a special agent
of the Postoffice Department at large, at
\$1,200 per annum, notwithstanding there
were several honorable discharged soldiers
who made application.

THE DEXTER CLOTHES WASHER
THE BEST WASHING MA-
CHINE IN THE MARKET!
Having purchased the exclusive right to
manufacture and sell this superior machine
within the counties of Centre, Huntingdon,
Clearfield, Union and Clinton, the prop-
rietors would call the attention of the public
and
ESPECIALLY THE LADIES.
To its many advantages,
It performs the work better, making the
clothes a whiter, and in at least
one-fourth the time than can be done by
hand; because steam and the rapid motion
of hot water through the clothes, with the
slight rubbing, performs the cleansing pro-
cess, which could not be done by ever so
much rubbing by hand on the common
washboard.
It does not injure the cloth; it saves it.
A child from 12 to 14 years can work it,
and operating it is a healthful exercise for
the body. It is, beyond a doubt, the most
complete labor saving machine for the
household ever invented—simple and du-
rable, effective, cheap, and therefore ac-
cessible to every family.
And also SHERMAN'S PATENT
CLOTHES WRINGER, the best in use.
These machines are manufactured at the
Bellefonte Planing Mill, and all inquiries
should be addressed to
H. F. BARTLEY & Co.
Proprietors.
