**Domestic Sewing Machine.**

The New Domestic Sewing Machine makes the lock stitch alike on both sides, and has a self adjusting tention, which requires no alteration in changing threads or in sewing different thicknesses. The working parts are made of the very best quality of steel, and is so constructed that it cannot get out of order, unequalled in simplicity and durability. It will sew over thick seams or uneven places, drawing the stich perfectly without missing. Where real merits exist, blowing and misrepresentations are unnecessary. We attempt only a plain statement of facts which we can support and which the machine itself will prove to be true. It sews in the neatest and most substantial manner. Every machine warranted. Payments easy. Machines delivered and instructions free. Machines may be examined and obtained by applying to JAS. DUCK, Agent apr8,4t Penn Hall, Pa.

Our friend and welcome correspondent, Mr. P. S. Kerlin—formerly of this county,—we are pleased to inform his many friends here, has been gaining popularity in the west since he left our county. We notice in last week's Lena (Ill.,) Star, the following item:

We are sorry to learn that Mr. Bailey has failed to give satisfaction in his position as station agent and that the company has removed him. Mr. Kerlin has been appointed to fill the vacancy—a good selection.

Dr. J. K. Holloway, of Nittany Hall, moves to Dayton, Ohio, this spring.

If you want to save money by not purchasing spurious and worthless articles go to the established house of Burnside & Thomas, where you can always be accommodated with a first class article. They refused to be controlled by the mania of purchasing a cheap article at the expense of their customers. Remember they give you a perfectly pure and good artic e; experience has taught you that it is more economical than any other, because they have an established reputation. If you want the best article go to Burnside and Thomas who will guarantee what they sell you. It

The establishment of Ab. Hirsch & Bro. has this week been replenished with a very large and fine assortment of CLOTHING, of every description; Hats, Shirts, heavy Coverlets, Ladies Cloaks, Skirts and a heap of new things, to numerous to mention.

Mr. Hirsch has such good taste and understands the goods very well, and we would say, if there is anything you are in need of, go to Hirsh's, at Milroy, they sell goods at astonishing low prices It

Gregg township has now subscribed $37,000 to the railroad, and has reported to the Preident of the road, Mr. Geo. F. Miller, that she can be counted on for $50,000. Good.

The other day we were invited to witness the operations of Camp's Magic Clothes Washer, and testify to its superior merits as a washing machine. The Magic Washer works easy, washes clean and quick, is light, and not liable to get out of order. No one seeing it work will deny it any of these merits. Orders for this machine should be addrssed to J. A. M'Clintick, Spring Mills.

Sale of Mrs. Mary Fisher, in Gregg township, personal property, on April 16th.

Sale of personal property of Maj. John Neff, dec'd, on 23rd inst.

TAKEN IN.—The Rev. Mr. Edmunds, of Beavertown was taken in and done for a short time ago by the Riverside swindle. He received a circular letter stating that he had drawn a watch worth $200, and that as soon as he forwarded $13 to pay the commission, etc., the watch would be forwarded. He ordered it by express C. O. D. After he paid the money and opened the package, he found a watch in it worth about five cents or less! It is surprising that clergymen will engage in such small business; but we knew of one in this place about two years ago, or less, who sent two dollars for a gold watch and wrote a long letter urging them to send him a right good one, as he was a clergyman, and from his position and influence in the community he could by showing it around, be the cause of bringing them a good deal of custom. He never got a chance to show his great influence in this way, as he never heard of the two dollars or the watch again! A man must be a great fool to believe that people are so kind in New York as to insist on giving away $200 watches for from $2 to $13 in greenbacks.—[Selinsgrove Times.

The above Rev. Edmunds, was formerly pastor of the Ger. Ref. charge of Aaronsburg.

A friend complains that the pike leading from Millheim to Brushvalley is in bad condition, and that we give the company a hint to improve the same, or else quit taking toll. We think that if this is the case, travellers should refuse to pay toll at the gate, as the charter only allows them to collect tolls upon condition that the road be kept in such repair as to make it fit for travel.

SPRING.—Thus far, this week, we have been favored with the most delightful spring weather. The roads are dry, and the ground is in fine order for ploughing.

REBERSBURG.—Mr. Levi Smith has sold his house and lot to Joseph Weaver, and is fitting up and improving the building opposite the hotel for a dwelling house.

School Supt. Magee, we understand, is about to remove his office from Rebersburg to Bellefonte.

The Evangelical denomination have a protracted meeting in session at Rebersburg now.

MAP DRAWING.—Map drawing is a new branch that has been introduced into some of our common schools, and we have no doubt will ere long become common. This practice will be a great aid to scholars in the study of Geography, and tend to fix the locality of countries and places indelibly upon the minds of young students. We have received specimens of map drawing, executed in the school of Mr. George Krowl, by scholars M. L. Rishel, Jno. Dunlap, and S. C. Stover, which are quite creditable.
