all others.

\*\*\* "I like the Grover & Baker Machine, in the first place, because, if I had any other. I should still want a Grover & Baker; and, having a Grover & Baker; and having a Grover & Baker; and having a Grover & Baker; and it is easier to learn than any other."—Mrs. J. C. Croty (Jenny June.)

\*\*\* "I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less limble to get only of order. I prefer the Grover & Baker, decidedly."—[Mrs. Dr. Watts, New York.]

\*\*\* "I have had one in my tamily for some two years; and from the testimony of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. [General Grant.]

\*\*\* "I believe it to be the best, at things considered, of any that I have known. It is very simple and easily learned; the sewing from the ordinary spools is a great advantage; the stich is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order,"—Mrs. A. M. Spoones, 36 Bound Street, Brooklyn.

The Grover and Baker Sewing Machine Company manufacture both the Elastic Stitch and Lock Stitch Machines and offer, the public a choice of the best machines in all the large cities, and through agencies in nearly all towns throughout the country.
