The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequence of self-abuse may be radically eured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition my be, may cure himself chesply, privately, and ratically.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain enve ope, to any address, postpaid on receipt of six cents, or two post stamps.
