spondents have tried the two methods, and are able to give definite results?

John Johnston gives the yarding process, but does not say that he ever tried the other. The meat question is a very important one, and all the light that can be threatre, 39 of Brigham's wives and if females who were either his wives, Mr. Reade said that all exercise in fattening animals is a waste of material. They should be kept quiet—the less exercise and annoyance they have, the better. Sheep should, therefore, better in the pure water, and, if fed with abundant and proper food, they will do best. Mr. Curtis said that Mr. Jurian Winne, a very successful sheep raiser, and found that the sheep he kept on the second floor of his barn, where they saw nobody but their feeder, did best.

Alles served property to the value of \$1,000,600.
