LOCAL ITEMS.

LOCAL NEWS.—Our friends will oblige us by sending in any items of local interest, including deaths, marriages, &c., as such are eagarly read by your friends in the west, many of whom get the Reporter. We would esteem it a favor if our kind patrons would occasionally mail a copy of the Reporter to relatives and acquaintances who formerly lived in Centre county and removed to other parts, which would induce many to become subscribers.

CORNER STONE LAYING.—The corner stone of the Evangelical church at Woodward, will be laid on Sunday, June 4th, next. The Christian community, of all denominations, are cordially invited to attend.

Herlacher & Cronmiller have on hand a large stock of stone ware, of every description—the best ware of the kind in the market, and offered cheap.

You will be sure of receiving the full value of your money paid for any article at Burnside & Thomas's.

Our farmers will not overlook the advertisement of Mr John M'Dowell, of Milroy, as he offers to pay the highest prices for grain.

Mr. Jno. P. Kemp, of Lawrence county, reports a hog which he killed that dressed 691 pounds.

Go to Sternberg for your summer clothing, there you get the cheapest and best in the country, also dry goods and groceries. Don't forget, Sternberg is bound to sell cheapest of all.

Mr. Jno. Odenkirk, we are informed, lost a fine steer, on last Sunday from the effects of eating to much green clover.

Mr. Peter Keller, of near this place, also lost a valuable cow, a few days ago, from a similar cause.

Hon. Geo. F. Miller is recommended by a writer in the Lewisburg *Chronicle*, as a candidate for president judge of the Union county district.

The weather has been warm and very dry,—we have had no rain for some three weeks, and vegetation is beginning to suffer, and we fear the effect is already to make the hay crop light. On Wednesday there were slight thunder showers in some quarters, but we need a heavy soaking rain.

Now see here, Hirsch & Bro., at Milroy have put clothing down to the lowest prices. They have just received a new stock from the city, for big and little, old and young, and at astonishing low rates, and if Centre county folks wish clothing cheap, let them go to Hirsch's at once, they never deceive, but give full value for your money, and better bargains than elsewhere outside the city. 2t

If you have any interest in buying good boots and shoes, we invite you to visit Burnside & Thomas.

ROBBERIES.—Several robberies were committed in this neighborhood on Tuesday night 23rd, which were not chronicled in our last issue owing to our absence. The store of Mr. Brisbin, at Potters Mills, was robbed of some goods, and also money to amount of $25 dollars. The thieves effected an entrance by boring holes into the door, which enabled them to work upon the bolts and locks.

The same night a horse of Mr. David Rhinesmith, of Earlystown, was stolen, and was found at large, next day, in the neighborhood of Boalsburg. It is supposed that the thieves who robbed the above store, also stole the horse, in order to carry off their plunder and then abandoned the animal when daylight made it unsafe to keep longer possession of him.

The smokehouse of Henry Moyer, near this place was also robbed about the same time.

The Railroad.

The board of directors of the L. C. & S. C. RR., met at Philadelphia, on last Tuesday, and we are pleased to say, agreed to put our railroad under contract from the Centre county line to Oak Hall, forthwith. In Potter township the line known as the Manor line or Centre Hall route has been definitely fixed upon for the road, the distance being a trifle longer but the grades lighter than on what is termed the Fort route.

One of the tunnels in the mountains will be avoided by the road being run around the mountain instead of through it—this will increase the distance some but will save about $30,000 in the cost of grading.

This week will be commenced laying down the rails at the eastern end, where the grading is now finished.

The board, on Tuesday also passed a resolution, offered by Mr. Coburn, in favor of building the road by way of Millheim, provided the citizens of the neighborhood of Aaronsburg and Millheim guarantee to furnish the money for the difference in cost of grading by that route.

Burnside & Thomas have the largest, best and cheapest stock of Boots and Shoes, at the lowest prices.

Railroad matters are progressing. The work of locating goes rapidly on, and a few hays time will bring us to contracting. The corps has somewhat changed since our last issue. Messrs. E. M. Leuffer, T. A. Snyder and A. C. Haverstick, have been transferred to Greensburg, on Southwestern Pennsylvania railroad. Mr. W. H. Snyder lately engaged on location between Lewisburg and Mifflinburg, now has charge of corps. So says the Tyrone *Herald*.

ACCIDENT.—A young man by name of Calvin Bottorf, working at the carpenter trade with Mr. Jacob Ripka, of this place, while assisting in tearing down an old barn of the latter, on last Friday forenoon, met with a very serious accident which came near costing his life. Young Bottorf was engaged in sawing off a piece of timber in order to detach the roof, which, when done, suddenly fell and struck him and carried him along down to the floor, breaking his shoulder blade and several ribs and bruising him very severely in other parts of his body. We are glad to hear that he will recover.

LISTEN.—We say without fear of contradiction that no house in the county sells better goods or at lower prices, than Burnside & Thomas.

On worthy fellow citizen, Hon. S. T. Shugert, may well feel proud of the vote he received on Wednesday 24th, in the democratic state convention, for auditor general, as shown by the ballotings in another column of the REPORTER. We are sorry he did not receive the nomination—a better and purer man breathes not the air of the Keystone state. Mr. Shugert did not seek the nomination, and was not even present at the convention, and yet a large proportion of the delegates voted for him notwithstanding, showing that with the effort usually made by candidates, his nominatoin might have easily been effected.

A bill has passed both branches of the Legislature, preventing changes of books in the public scohols of this State more than once in every three years. This is a most salutary law.

The rebellion in France is ended. The Versaillists have entered Paris. The slaughter was great, and one fourth of Paris has been burned.

Just look at the Fugres!

12833 Singer Sewing machines were sold in 1870—being 44625 ahead of the sales of the Wheeler & Wilson,—32677 ahead of the Howe,—70431 ahead of the Grover & Baker,—92831 ahead of the Weed,—98043 ahead of the Wilcox & Gibbs, and 110173 ahead of the Florence Sewing machine.

The above figures are from the sworn returns of sales licenses and cannot be disputed.

Go at once to Zimmerman Bros & Co. Bellefonte Pa. and buy a Singer, and you will have all the *good* qualities that can possibly be combined in one sewing machine. Sold on easy terms. may19.2t

TREASURER.—We are authorized to announce the name of Daniel Dorr, of Bellefonte, as a candidate for county treasurer, subject to the decision of the democratic county convention.

Associate Judge.

We are authorized to announce the name of Wm. W. Love, of Potter township, as a candidate for associate judge, subject to the decision of the democratic county convention.

For the Reporter.

Associate Judge.

Mr. Kurtz:—The time is drawing near, when, according to the usages of the democratic party, candidates will be nominated to fill the various offices, this coming campaign. Among others we will have to elect Associate Judges. Of these the southern part of the county is entitled to one, and we can not find a better and more fit man than the honorable Judge Hosterman, of Potter township. He is a man of sound judgment and large experience, and a lifelong democrat. We trust that the people of Centre county will renominate him, and our bench would thereby by honored with a man of capacity, in the next five years as it was during the past five.

POTTER.

For the Reporter.

Assembly.

Dear Editor:—In view of the importance in the selection of men for the different offices of State and County, we may be pardoned in the introduction and suggestion, as a matter of the party—of a name as a candidate for *Assembly*—Dr. P. S. Fisher of Walker township, a man as we believe possesing all the qualifications and requirements, personally and politically for the position. To those to whom he is known it is unnecessary for us to say that his qualifications befit him for the discharge of that office. To those to whom he may not be personally known, it is due to him that we should say that he is a gentleman of business experience, strict habits, genial, frank and courteous and in our judgement made of the material required to discharge all the duties of the office with credit to the party and honor to himself as well as to the satisfaction of the whole county. P. S.

ASSOCIATE JUDGE.

Mr. Editor:—Believing in the maxim that a faithful servant should be retained, I know that I speak the almost universal sentiment of the people of this county, when I urge the re-nomination of Hon. Wm. Allison for associate judge. He has filled this position and the universal verdict is that he has been true to his trust. He sustains a pure character and possesses a clear and quick judgment, the important requisites for one sitting upon the bench. Place Judge Allison upon the ticket again and thus insure strength and popularity to the ticket. MILES.

DESTRUCTIVE FIRE.—Messrs Young & Worth's Steam Saw Mill, together with 3,000,000 feet of Lumber Burned.—On Sunday afternoon last, about two o'clock, the quietude of our city was suddenly broken by the cry of Fire, occasioned by the flames bursting out of the roof of the Steam Saw Mill, of the above firm situated in the Second ward and within a few hundred feet of the Bald Eagle Valley Railroad and Cross-cut Canal.

From the mill building, the fire spread to a number of huge piles of boards in the piling ground, in close proximity to the mill, and in less than an hour the entire piling ground covering a space of some eighteen acres, on which were upwards of 3,000,000 feet of boards and plank, 150,000 pickets and 1,000,000 laths, was one vast body of fire, towering up to an immense height, and spreading forth a heat of indescribable intensity, such as was never before experienced by our oldest firemen. The water in the basin along the piling ground actually became so hot as to bubble and boil. Fish and eels could not withstand this great heat, and numbers floated to the water's surface in a lifeless state. The banks of the basin were actually scorched and burned to a deep red color, to fully an inch in depth.

The mill was built in the years of 1867-68, by Wm. L. Hawkins, at an expense of $75,000. Its machinery consisted of a double cylinder 125 horse power engine, three boilers, one slabbing gang one flat gang, one mulay, lath and picket mills, and its average work per day was 60,000 feet of lumber. During this season it gave employment to thirty-eight persons. The mill was only insured for $15,000.

The origin of this disastrous conflagration is so far unknown. At the time the fire broke out the foreman and one of the employes of the mill, together with several boys, were sitting in the main part of the mill. They state that some minutes before they knew what had taken place, they heard a roaring sound in the vicinity of the Engine room, when the foreman went down, and discovering the fire, gave the alarm.

The owners of the mill were: Edward Worth, of this city; William Young, of Mifflinburg, Robert T. Barber, of Lock Haven and C. C. Hand and S. P. Coston, of Scranton, Pa.—the latter two gentlemen having only a twelfth interest.—Clinton Republican.

What the Democratic Party Will do When in Power.

I. It will limit the annual taxes to $250,000,000, and out of this moderate revenue will apply $25,000,000 towards the extinction of the public debt whereas the Federal taxes for the last fiscal year amounted to the enormous sum of $417,765,547.

II. It will revise and reform the system of taxation so that this diminished annually burden of $250,000,000 will be equitably distributed. The present system not only overloads the faithful horse, but ties some of the load to his legs, puts a part upon his head, makes him drag a portion by his tail, obstructing his freedom of movement, and causing him the utmost annoyance. The Democratic party will withdraw every pound of the load from his limbs and extremities and collect it upon his back where he can carry it with greatest ease. It will, moreover, take good care that the taxes did their way into the public treasury, and not into the pockets of greedy, grasping monopolists.

III. The Democratic party will rectify the abuses of the present banking system; extinguish the monopoly by making the business free to all who comply with the conditions, stopping the interest in government bonds while in pledge to secure bank circulation guarding against a redundant currency by compelling the banks to redeem their notes in specie.

IV. It will revive our prostrate shipping interest and restore to American citizens their former large share in the profits of navigation, by free trade in ships, and the repeal of duties on all articles used in their construction.

V. It will extend and complete the system of universal suffrage by abolishing the term of residence now required for naturalisation, and giving intelligent white immigrants the same advantages enjoyed by our colored population. There is no reason why a thrifty German who emigrates to Texas and buys a farm should not at once be as favored as the South Carolina negro who emigrates to Texas in the same year, and is employed by the German as a laborer.

VI. The Democratic party will faithfully fulfil all the obligations created by the public debt in their letter and spirit and will secure to disabled soldiers the full account of their pensions without allowing a cent to be deducted for the fees of agents.

VII. It will repeal all laws which permit the Federal Government, or any of its officers to interfere with elections in the States.

VIII. It will make it a high misdemeanor punishable by dismissal from the service for any officer of the army or navy to aid in the suppression of domestic violence in a State unless the State authorities have made a previous application to the President for such assistance, in conformity to the Constitution; or to interfere for enforcing any Federal law unless a Federal judge shall have previously certified that the execution of the laws is resisted by a combination too powerfull to be overcome by the marshall and his posse.

IX. The Democratic party will remove all political disabilities and disqualifications imposed for participation in the late civil war.

X. It will recognize the binding the force of the three new amendments to the Constitution so long as they are held to be valid by the Supreme Court.

Here are no flourishes, no bunc ombe no vague, cloudy theories which cannot be reduced to practice. If there is any Southern citizen who does not think this list of measures would bring relief from and redress of present evils and grievances, we cannot respect his judgement. And if on the other hand, any Republican insists that the policy here sketched is a mere bundle of negation and dead issues, he forfeits all claims to be considered a candid opponent.

Fish.

Our fish eating readers will learn with pleasure that the legislature has passed finally a law for the preservation of fish in the Delaware and Susquehanna rivers, and their tributaries. It is unlawful to put fish baskets and fish dams in any of these streams, and it is made the duty of the sheriffs of the several counties to abate these dams and baskets under a very heavy penalty. Let the sheriffs watch the men who destroy the fish with these nuisances, and let the people see that the sheriffs sternly execute this salutary law.

About fifty Baptist ministers were stowed away last night 23rd, in the upper chapel of the University at Chicago. During the night a number of mischievous students proceeded to their sleeping place, took every garment which had laid aside, and with these adorned the tower of the chapel. The scene this morning can be better imagined than described. When the reverends awoke with many blushes and vain efforts to conceal their extremities which the occasion exposed. The gent's stole their way down stairs selected their garments and assumed an exterior which fitted them for an appearance in public.

A case of importance to business men was recently decided in the United States Circuit Court at Philadelphia. The Stark Mills having established a reputation for seamless bags of their production, these were rivalled by another concern, which took the name Star Mills, and closely imitated the trade mark of the former, except that Star replaced Stark. The Court held this infringement on an established trade-mark, and emerced the Star Mills in $6,032 damages.

A case has recently been decided by the Supreme Court of Ohio involving the validity of subscriptions for church purposes. The general principle established is, that after a church has incurred any liabilities on the strength of subscriptions, these subscriptions, are legally binding. In the case decided the subscription was for the payment of a church debt, and the court held that the subscriber was bound to pay. A subscription may be withdrawn before there is an indebtedness, but not afterwards.
