routes leading to towns of considerat lent death. As men sow, so shall they reap ; | will be e innortance, with a large population, adja. cent to the larger cities. On some of these rol which have been thus changed, there are daily lines of coaches, and the additional

trouble and expense of carrying the mail daily would be next to nothing, compared with the inconvenience which the people experience in being deprived of daily newspapers, and business letters delivered with promptness, as they have been accustomed to for years. We have no doubt that where proper representations of the facts are made to the Department, some of these import-

ant routes will be restored, for Mr. Holt, in his whole administration, has shown himself a lover of justice and equality. We also regard the removal of the mail agents, on the great routes between the East

and West as unwise in an economical point of view. The experience of many years latest advices, but in a very precarious condihas shown that these officers are almost intion.

dispensible to the safety and prompt deliv-Finances of New York City. ery of the great mails on railroad routes. The following is a summary of the accounts Their positions are by no means sinecures. of the Comptroller for the city of New York, They earn their money, and save to the pubfor the year 1858 : lie in various ways, ten times the amount of Total recepts of Finance Department Total disbursements...... their aggregate salaries.

This subject is one in which the entire public is more or less interested. The pres-Taxes meed in 1553. ent system works well and to the satisfaces an increase, in five years, of...... tion of all. The department has been most The valuation of property and the amount of fortunate in securing able and efficient men taxes for the last two years, compare as folfor these agents. The money to be saved by dispensing with their services is insignificant in comparison with their public usefulness and the public hope it may not be found necessary, as it certainly is not desirable to interfere with the present arrangements.

We adopt and agree with the following remarks from the Philadelphia Argus upon

this matter : In an article upon the proposed removal of the Route Agents upon the great Rail- slavery in the State, proclaims religious toleraroad lines between the East and West, that tion, defends the soundness of the writ of habens paper says that in its judgment the remocorpus, protects the freedom of legislative debate, forbids the transportation from the State val of these gentlemen would result in disof any party for any offense committed withadvantages to the public, not to take into in the State limits, prohibits imprisonment for consideration the probabilities of more posidebt insures to naturalized citizens the full tive evils, which would far outweigh the nrivileges accorded to natives, and declares saving to be gained thereby to the Post Ofthat no citizen of the State shall be held to fice Department. There are seven agents appear before the Supreme Court of the United employed on this great through mail route, States on an appeal from the Supreme Court at a salary of one thousand dollars each per of the State, but that when appeals are taken nnnum. This makes a total cost to the De on questions of inter-State law they shall only partment of seven thousand dollars a year. be through or from the District Courts of the These agents receive the mails at the Phila-United States.

delphia and Chicago post offices, and give their individual receipts for them. They "Ios" writes to the Baltimore Sun: It is have them under their charge over the enbelieved that a very extensive military and tire route, and attend to their delivery at all prominent movement is now on foot in this the important stations, such as Lancaster, country, with the purpose of uniting in a plan Harrisburg, and other points.
