THE STATE TICKET. When they have been united, the Democracy of Pennsylvania never have been defeated. The only chances of an Opposition triumph, are in causing divisions in our ranks. The Democrat, therefore, who re fuses to vote for the State ticket this fall. will act precisely as the Opposition wish them to act. The men who compose our State ticket, are acknowledged on all hands to be worthy, honest, and upright. Their capacity and integrity cannot be questioned. They have served the people worthily and well already in responsible positions.-No Democrat can have a reasonable excuse for refusing to cast his vote for them .-Their success, will be the success of the Democratic party in Pennsylvania.

In Allegheny county we are in a minori ty, but the Democrats of this county may be numerous enough to decide the fate of the ticket this fall. It is all important to the Democratic success in 1860, that we should carry our ticket this fall. There are those who will always go with the winning n he forgotten: and let one and all unite in a mighty effort to save the old Keystone State from the evil influence of a factious and greedy Opposition. Let us, next October, be able to inscribe upon our banners, as in times past, "Pennsylvania,
