Notice to Constables Requiring them make Return under the Liquor Law. The constables of South Pittsburgh, Monongabela borough, Pitt, Colline, Mifflin, Elizabeth, Ponn, Franklin and South Fayette, Sewicklife, Crescent, M'Candless, Neville, Ohio, Peebles, Wilkins, Patten, Versailles, Reserve, West, Deer, Snowden and Indiana townships, having failed to make the returns required of them ender the new liquor law, Judge M'Clure yesterday gave the following public notice:

"There are several districts where the con-

stables have neglected to make the returns required by law, relative to the sale of liquors. These returns should all be made upon the first day of the term, and in no instance delayed until after the grand jury is discharged. There may be, in some townships, new constables, who are ignorant of this duty. There may be some who think if they know of no violations of the law, no return is necessary. This is a mistake, for the Court cannot know there are none until it is informed of the fact, and this an only be done by the constable's return. A

reference to the law may remind them of their duty. Section 33 is as follows:

The constables of the respective wards and ownships shall make return of retailers of Sessions of the respective counties, to make return, on oath or affirmation, whether, within bailiwick, kept and maintained in violation of this act; and it shall be the especial duty of the judges of all said courts to see that this return is faithfully made, and it any person shall make known in writing, with his or her name aubscribed thereto, to such constables, the name or names of any who shall have violated this act, with the names of witnesses who can prove the fact, it shall be his duty to make return thereof on oath or affirmation to the Court, and upon his failure so to do, he shall be deemed guilty of a misdemeanor, and upon indict-mentand conviction, shall pay a fine of \$50,

and be subject to imprisonment, at the discre-tion of the Court, for not less than ten nor more than thirty days." This act provides an easy and simple means, Independent of this section the law requires that each constable, in his own proper person, appearing in court, on the first day of each

m, and make his return. Those who fail to do so are guilty of an unlawful and contempt-nous neglect of duty, and render themselves liable to an indictment. After this notice those who persist in neglect and omission of behalf, must not complain haraher means than persuasion be adopted to ensure full returns bereafter.
