Boilers and Appendages for the United States Steamer Michigan, at Erie, Pa.

NAVY DEPARTMENT,
Bureau of Construction, Equipment and Repairs,
December 15, 1859.

SEALED PROPOSITIONS will be received by this Bureau until the 18th day of January next for two marine boilers and the following appendages for the United States steamer Michigan, to be delivered on board the vessel in the harbor of Erie, Penn., on or before the 16th day of June next: Six (6) green sand iron castings, to be fitted in the boiler furnaces for grate and bridge wall supports; one smoke-pipe, in two pieces, fifty-one (51) inches diameter, of Nos. 10, 12, and 14 best iron, one piece five feet long, with cape and cleats for securing it to the steam drums; the other piece twenty-seven feet long, the bands and eye-bolts of old pipe to be fitted and fastened on the new; two cast-iron safety-valves and seats fitted thereto, with wrought-iron levers and cast-iron weights; one gun metal double branched steam pipe to connect main steam pipe of engines with steam drums of boilers, this casting will weigh about 600 pounds, with one large and two small flanches, the former to be faced and fitted to steam drums of boilers, all the flanches to have the bolt-holes accurately drilled; one blow-off pipe, of 4 pounds copper, to connect with safety valve chests to the pipe leading into wheel-house, with four gun metal flanches, faced, bored, and bolt holes drilled; one hundred and fifty ⅝ inch and one hundred and fifty ¾ inch iron joint bolts.

Placing in lathe and accurately boring the piston of starboard cylinder, furnishing and fitting thereto a new wrought-iron piston-rod; twenty new piston follower-bolts and nuts of the same dimensions as those now in use. Reboring in place (true with shaft journals) the crank-pin holes of centre shaft crank and fitting two new wrought-iron crank-pins to the same; one set of main round-head brasses; one set of air-pump link brasses; one set of air-pump link connection brasses; one set of air-pump cross-head bushings. (brass.) The metal of the above brasses to be composed of 14 parts of best banca tin and 86 parts of refined copper, bored and planed to fit accurately their respective rods and pins. The gun-metal pipe and flanches to be made of 12 parts of copper and one of tin. The bouers to be made of the best quality of charcoal iboom boiler plate, tube sheets to be one-half (½) inch, water bottoms and ash pits three-eighths (⅜) inch, shells five-sixteenths (5-16) of an inch in thickness. The crowns and sides of shells to be stiffened by T-iron, from which the braces are to lead, which are to be accurately adjusted, so that when subjected to the steam pressure the tension upon all will be alike. The tube sheets to be drilled and reamed accurately to gauge, and in setting the tubes they are to be expanded on both sides of the tube sheets.

The boilers will be each nine feet two inches wide in clear by nine feet six inches high and fifteen feet eight inches in length, furnished with the necessary man and hand hole plates, furnace, fire and damper doors, ligg for front grate bearers and for securing boilers to the ship, to be tested in the factory when completed at a hydrostatic pressure of forty (40) pounds per square inch, and when on board in their place and the connections made to be tested by a steam pressure of thirty (30) pounds per square inch.

The brass tubes to be furnished by the Department and to be set up by the contractor, in the presence of and being responsible for all tubes condemned from their defect, and the contractor for all condemned from bad workmanship.

The grate of boilers to be per pound finished less the weight of the tubes. Cast-iron will only be used for furnace doors and mountings, manhole and mud-hole plates and stay thimbles.

The whole work to be done in the best manner and to be subject to the inspection and approval of such persons as the Department may appoint, who will have the right to reject any part of the work or material in any stage of progress.

Drawings of the boilers will be furnished to steam engine manufacturing establishments who intend building on application to the Bureau of Construction.

Payment will be made on the boilers for one-third their estimated amount when they are half completed, one-third when they are completed and tested satisfactorily by hydrostatic pressure, delivered and properly placed on board the vessel, and the remaining sum that may be due to be paid when they are connected to the engines and tested satisfactorily by steam pressure.

The remainder of the work will be paid for when it is properly executed and delivered on board of the vessel satisfactory to the superintending engineer afloat.

Bidders will be particular in stating the prices and the time within which they propose to complete and deliver the work, and the time must not exceed the 16th day of June next.

The propositions must be endorsed "Propositions for Boilers and Appendages," that they may be distinguished from other business letters.

The offer, as required by law, must be accompanied by a written guarantee of the following form

Special Notices.

THE GREAT REMEDY. Genesee Liniment.

☞ THIS CELEBRATED PREPARATION has no near equal in all diseases requiring an EXTERNAL APPLICATION, such as Rheumatism, Neuralgia, Sprains, Burns, Old Sores, and all other aches, no matter what their cause or nature. This Liniment is the result of years of active practice and careful research, by the celebrated Physician, DR. WM. CLARKE, of Brooklyn, N. Y., whose reputation as a man of science is co-extensive with the country. For many years it has enjoyed an enviable reputation, not only in private practice, but at large, as the

Greatest Remedy in Use.

Let all who are afflicted TRY IT, as it is warranted to effect speedy and sure cures.

CLARKE'S LIVER PILLS.

The Best Purgative and Purifier before the People.—Accepted and Recommended by Eminent Physicians.

DR. CLARKE, the inventor of these celebrated Pills, is justly distinguished for his eminent abilities and scientific research. For 30 years in his extensive practice he experimented in bringing the great desideratum of a remedial agent to act as a direct purifier upon the human system. In this he has been eminently successful, as the numerous certificates from celebrated physicians show. They are extremely mild in their operation, at the same time powerful and effective in removing disease. They never give pain, as do most purgatives, but allay it in all cases. In acute cases they are more speedy in their relief than any Pill now offered.

The proprietor is pleased to announce that he has perfected his arrangements for supplying the trade to the fullest demand. N. U. WALKER, Proprietor.

Pittsburgh, Pa.

POWERLESS FOR EVIL—POTENT FOR GOOD. When pain or inflammation is present, and Brandreth's Pills are used, they at once seize upon the humors which are the occasion of the pain and inflammation, and remove them from the body. This quality of alone seizing hold, and causing the expulsion of depraved humors, is possessed by no other medicine. For Brandreth's Pills operate solely upon those impurities which surround and affect the tissues and organs affected by disease—*By natural affinity, they seize these humors, because their life is below that of the surrounding parts*, and expel them from the body. Young people cannot, but middle-aged and old people can, in a measure, appreciate that medicine which, being used in sickness, acts only upon the cause of disease, and which has no power except upon those humors whose presence produces every pain, and whose removal removes every disease. Whatever organ is affected, there these wonderful Pills penetrate, and remove impurities from; thus preventing settling of the humors, because they are removed from the body. In rheumatisms, fevers, pleurisies, pains in the side, dyspepsia, headaches, costiveness, asthma, colds, coughs, sore throats, piles, ulcers and boils, they give immediate relief; and taken early, prevent organic disease. Maladies pronounced beyond human skill, have yielded to their influence, and millions of human lives have been saved by their timely use. Be not important in sickness to use that medicine which only extinguishes the disease, and leaves no evil effect behind.

Sold at No. 294 Canal street, Brandreth's Principal Office; by Thomas Redpath, No. 27 Diamond street, Pittsburgh, Pa., and by all respectable dealers in medicines. de23-1mdaw

BOILS.—We read that one of the sorest afflictions that the patient Job was called upon to bear was that of Boils, and they have been found to be, from that time to the present, the most troublesome and painful visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of boils. Now, is it not best to once purify the system? To do so must all will do this? We answer Kennedy's Medical Discovery; it is curing humors in every form, and there is not a State in the Union where it has no accomplished the most astonishing cures.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR,

From the Worst Scrofula down to a common Pimple.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of bilss.

Two bottles are warranted to cure the worst canker in the stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

One or two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

Fifteen to twenty bottles will cure scaly eruptions of the skin.

Two to five bottles are warranted to cure the worst kind of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of scrofula.

One to three bottles are warranted to cure the worst case of dyspepsia. I know from the experience of thousands that it has been caused by canker in the stomach.

One to two bottles are warranted to cure sick headache.

One to two bottles are warranted to regulate a costive state of the bowels.

One to two bottles will regulate all derangement of the kidneys.

Four to six bottles cured the worst cases of dropsy.

One to three have cured the worst cases of piles; a relief is always experienced; what a mercy to get relief in such an excruciating disease.

A benefit is always experienced from the first bottles, and a perfect cure is warranted when the above quantity is taken.

No change of diet ever necessary, eat the best you can get and enough of it. The

MEDICAL DISCOVERY

Is admirably adapted to the Western country, where FEVER AND AGUE, DYSENTERY, BILIOUS COLIC, BILIOUS FEVER, LIVER DERANGEMENT, and PUTRID FEVERS, are so prevalent in their respective seasons.

The great cause of the prevalence of these diseases is that many have secreted in their system some PUTRID AND FATAL HUMOR, which is the source of all disease, and many a young man and woman in the *Bloom of Life* are wasting away, whose faded cheeks and sunken eyes warn their friends of a speedy dissolution, through the effects of some ACRID HUMOR preying upon the vitals, and many thousands die annually from the effects of these humors, who, if they but purify their blood with a few bottles of Medical Discovery, would live to a ripe old age.

Another great cause of diseases is

Costiveness,

For this the Discovery is an infallible remedy, its action on the LIVER, KIDNEYS AND BOWELS, Is all that you could desire. For

Scrofulous Ulcers

You will follow the directions in pamphlet around the bottle. For

ULCERATED SORE LEGS,

You will find full directions in the pamphlet.

Dancross pa Use.—Adults, one table spoonful a day; children over ten years, dessert spoonful; children from five to eight years, teaspoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.
