BULTED TO DEATH .-- On Monday afternoon the 4th i. at., a little child aged 17 months. of Abijah A. S. with, of Hanover township, Wash ington county, was so seriously burned by its clothes taking fire that it died on Wednesday morning about four c'clock. It was left by its mother in charge of an older child in a room where there was a fire burning in a grate, whilst she would attend to some work in the kitchen. Unknown to the mother the older child went out by a front door, leaving the babe alone in the room. By some means unknown, its clothes took fire, and before they could be extinguished, its breast, neck, face arms, and hands, were so badly burned that it

suffered on until Tuesday night, when it went into convulsions, which terminated in death the next morning. THE SPECIAL COMMITTEE APPOINT and the resolution was an exact.

ED by the Belief Fire Company, are now prepared a cater.

Mr. Clingman, of North Carolina, said he his good faith in the discharge of a constitution of a first class.

Mr. Clingman, of North Carolina, said he had prepared a resolution ad vising the President to make a treaty with the second States, and that where such officers of a State, and that where such officers are called was proper or not, everybody admitted that the President and Senate are the treaty making power, and that whatever they do in that on their part, and on these grounds the writ of STATIONERY, JOB PRINTING, BOOK BINDING, BILL POSTER, ing power, and that whatever they do in that capacity, is final without reference to the other House. He repeated that the true policy was for the President by, and with the advice and consent of the Senate, to make such a treaty. Mr. Douglas thought that the majority ought to permit the resolution to be taken up, order that he might explain his object in offering it, which was for the best of purposes.

Mr. Mason said that the resolution called for information of very great moment, and is the majority refused to take it up, the inference would be that they desired to suppress be unwise to pass it; hence he would not withdraw his objection. esolution, by a vote of 16 yeas to 22 nays.

Mr. Fessenden moved to take up the resolu-

tion offered by him vesterday. Mr. Douglas inquired what was the first proposition on the calendar.

The Chair, Mr. Foote, replied: "The resolution of the Senator from Illinois." Mr. Douglas remarked that as his resolution was the first in order on the calendar, and it was the duty of the Chair to say what was be fore the Senate, without the formality of a vote to take it up, he submitted that its consideration could not be dispensed with without the Senate agreeing on the question of postnotion was made by Mr. Douglas it was the

Washington City, Mach 14.—In the Supreme Court to-day, Associate Justice Wayne amounced his decision in the case of Mrs. C. Gaines. He said it was of long standing, and heretofore of doubtful result. The record covered 3,000 pages, and at least eight or tenpoints had been ruled by the Court with regard to it. At last it had been brought to a conclusion. The decision was, that she is the only legitimate child of Daniel Clark, and his universal legatee under his late will, and as such, entitled to all the property, real and personal, of which Mr. Clark died possessed, and the defendant, Hannings, having purchased information affecting the question of peace or war.

Mr. Fessenden said he had his objections to the resolution. His opinion was that it would be unwise to page it. hence he would be unwise to page it. At least it had been brought to a grad to it. At last it had been brought to a conclusion. The decision was, that she is the only legitimate child of Daniel Clark, and his conclusion. The question was then taken, and the Senate refused to proceed to the consideration of the certain property with full actice of the nullity certain property with full actice of the nullity of the title under which he held it, she is entitled to recover, immediately, the possession of it, with the rents and profits. The Court said that measures would be at once taken to enforce the decree, and Judge Wayne said in conclusion, the future writer of the history of 1300 bears at 134,011. When firm sales of jurisprudence, will be obliged to register this celebrated case as the most remarkable.

The Chair replied that the refusal to take it up was equivalent to a postponement.

Mr. Breckinridge, of Ky., thought the decision of the Chair representation of the Chai cision of the Chair correct, although before the motion was made by Mr. Douglas it was the that the confederate loan of fifteen millions has been taken at a premium, probably of five
