AN INSTRUMENT INVENTED BY Dr. Von Moschzisker,

THROUGH WHICH HE HAS BEEN enabled to cure the MOST OBSTINATE means CASES OF DEAFNESS—cases in which every other have failed, and all hopes of relief given up.-This is no idle statement. Its truth is attested by hunreds of gentlemen, whose names are familiar throughout the Union-STATESMEN, PHYSICIANS, LAW YERS, CLERGYMEN AND JUDGES, witnesses to the

act. The instrument is now brought into daily use at his Office, and invariably with great SUCCESS. Those who suffer from DEAFFESS, no matter how aggrava ted, or how long its standing, should not despair of DR. MOBCHZISKER'S SUCCEPS as an OCULIST AND AU-RIST, no one should entertain a doubt. Since his arrival here he has published abundant testimony, from resectable citizens of PITTSBURGH that his REPUTA-I'ION is well founded, and such as te entitle him to the FULLEST CONFIDENCE.
