soil and those who live by the mechanic submitted as the fruits of its labor." arts-our manufacturers and the man of business, will all be made poorer. The endeavor is evidently about to be

which beset the country, from their true

which beset the country, from their true cause, and to charge them upon the tariff.
Outside of Pennsylvania it is termed "a very bad and a very ill-timed revenue law."
Why is it ill-timed? Only because the Bese make the application to transfer this to the beds of Department, and by them to the section a portion of the work of the country. Instead of no body "being hurt" he has found since his states out of the Union and have found themselves unable to collect the revenue is needed, but the triumph of a sectional party has out it of an we have one tariff for the North and another for the South.
The New York Evening Post and the Common of the sectional party has out it of the alternative of an extra session, of an immediate extra session of Congress of the set one stores on the set one stores on the set of the the set of the set one stores on the set of the begins and the construction of the the set of the set one set one set of the set one set of the set one set one set of the set one set one set of the set one set of the set one set one set of the set one set of the set one set of the set of the set one set of the set of the set one set of the set one set
