WM. McCREERY, V. P. 3. CAMPBELL, B. PRESTON. S. B. McKLROY. TO LETS for SALE atthis office. ACCIDENT ON THE PENNSYLVANIA RAIL-

BOAD - A TRAIN THEOWN OFF THE TRACK-BURNED.—A serious accident occurred to the township, has rigged a "derrick and com-bate ine on the Pennsylvania railroad, due here at 1:30 on Wednesday morning, about three miles east of Brinton's station and ton. He is quite advanced in years, but shows fourteen miles from the city, about one o'clock yesterday morning. The fast line train was running at the usual rate of speed, when one of the driving wheels of the locomotive broke and the engine, baggage, express and two of the passenger cars, were thrown off the track. The baggage car and express car were badly broken in the collision, and three passengers, who were in them injured, those in their proper places, the passenger cars, escaping with a few bruises. W. G. Dabb, dealer in photographic materials, of this city, received an injury of the spine and a contusion on the temple. The express messenger, John A Simons, had his legs badly hurt and received some internal injuries. The engineer of the train was slightly wounded. Edward Carpenter, Millersburg, O., had an arm fractured and got a few bruises. John Maloney,

of Hollidaysburg, was badly cut about the The stove in the baggage car was over-turned, the car took fire and was badly burnt, the mails being considerably damaged, some of the bags being almost entirely consumed. The baggage was all saved, nothing in the express car was burnt, though the car itself sus-

tained some damage.

By the efforts of the officers of the train, From 1 to 2...... who did all they could to relieve the sufferers, and the sound passengers, the fire was extinguished and the injured removed to safe quarters. By ten o'clock the track was cleared away and the passengers and mail-bags brought to the city. The injured were conveyed to the Cacit Hones, where they will receive apery. the Scott House, where they will receive every attention their cases require, at the expense of

The damaged mail-bags were taken to the postoffice and examined. It was ascertained that the chief mails for this city are safe, having been packed where the fire did not reach them. The mail matter from New York, Washington City and Philadelphia, was uninjured. The Baltimore bag could not be found. The way mail between Philadelphia and Harrisburg was damaged so that but few of the letters could be recognized. Some of the letters, containing enclosures, were half burnt. The Allegheny Valley Route Agent bags, from Harrisburg, was badly damaged. The Altoona mail bag had a hole burnt in it, but the mail was little injured, the Pittsburgh package being safe. A large quantity, two or three bushels, of letters and psckages from points East of Altoona, many of them half burnt, were being sorted out by the clerks yesterday evening. All at all legible will be sent to their destination, but many are so defaced by fire and water that their address cannot be made out. The arrangement of the burned mails will be a laborious work.

This accident, following so close upon the present burning of the mails on the Eastern fail to be present.
