It is amusing to read the speeches made in said, the date of the first dispatch. The said, the people will have correct information and reliable news, as to the doings of the Leg-islature. It would afford me infinite pleasure and the flagrant wrong of that Government | MOSI It never has been doubted till now that our dovernment had the right to use force against nsurrection or rebellion; so far from being doubted, force has actually been used to suppress popular outbreaks against the constituted authorities, and that, too, in one instance in which it was clearly proved that the people, or legal voters in the State, were the persons who undertook to change their form of State gov ernment. The Dorr rebellion is a memorable instance of the unsoundness of the presen Southern theory of the duty of the National Government in time of rebellion. The royal charter, under which Rhode Island was rov rned, excluded the greater part of its citizens r those possessing no property, from any roice or control in the Government. These disfranchised citizens met in convention, and organized a State Government. The party i people down, and President Tyler, a Southern President, sent United States troops to assist in

perpetuating, by "coercion," a Government not based on the "consent of the governed." The Confederate conspirators have a telerably lear notion that "force" is an essential elenent in maintaining their own authority hough they persistently deny the right of the National Government to use it, even agains avowed traitors. They have also reached the kint when the consent of the governed is con sidered a ceremony which may be dispensed with entirely, and the few who "began b will "continue to govern by
