It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and what one gains he retains. Let all those, then, who are suffering from poverty, impurity, or deficiency of blood, and consequently with some chronic disease or aliment, take of this Bloop Foos and be restored to health. We notice that our druggists have received a supply of this article, and also of the world-renowmed Dr. Exror's INFANTIS CORDAL, which every mother should have. It is said to contain no paragoric or opsate of any kind whatever, and of course must be invaluable tor all instatile compliants. It is also said-that it will allay all pain, and soften the gums in process of teething, and at the aamet time regulate the bowels. Let all mothers and nurses, who have endured anxious days
