SUBJECT-A girl of 16 or 16 years of age, the attending Physician had failed to cure. An anxious father had consulted me, and from my knowledge of your prepasix bottles she was considered well. She was cured of deep seated ulcer and a tons ant drain of milky mater from one or more sores under the ear. The entire lymphatic system was deeply involved. This case alone s well worth the attention of all; but when added to a long catalogue of cases of great obstinacy, cured by no Panacea, nor Nostrum, nor Patent Medicine, no Secret, but an invaluable preparation of Sarsaparilia, Iodine of Potasia, &c., well gotten up by the Chemist, and made tamiliar to the intelligent physician, it very justly deserves a trial by all laboring under any of the numer chronic maladies that afflict us.
