WE call the attention of our readers to an article advertised in another column, called Bloon Fool. It is an entirely new discovery, and must not be contounded with any of the numerous patent medianes of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and what one gains he retains. Let all those, then, who are suitering from poverty, impurity, or deficiency of blood, and consequently with some chronic disease or ailment, take of this Bloon Foon and be restored to health. DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON,

A N aperient and stornachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of the vital energy, pale and otherwise sickly complexion indicate its necessity in amost every conceivable case.

Innoxious in all maladies in which it has been bried, it has proved absolutely curative in each of the following complaints, vis:

In Debitly, Hervous Affections, Reactation, Disputes, Constitution, Diarrhon, Dussatery, Incipient Commission, Whites Chlorosis, Liver Complaints, Caronic Hamilton, Manual Thermological Sall Rhosm, Internation, Manual Theory, Incipient Complaints, Internations, International Complaints, International edy. Yours, truly,

Chimcothe, U., December 4, 1859.

The above but speaks the voice of thousands who have fully tested the curative properties of CLARKE'S LIVER PILLE. Prepared at first for private practice by an eminent physician, and their merits fully tried, it is not strange they act more efficiently and directly on the disordered organs than the generality of so-called Liver Remedies. In cases of Liver Complaint, Dyspepsia Impurity of the Blood, Consupation of the Bowels General Peblity, Sick Headache, and all diseases arising from a disorganized state of the system, &c., are a sare and never failing remedy.

In Scaurucous Trunsconcers, this medicated from hauhad far more than the good effect of the most cantious by balanced preparations of lodine, without any any of their well known jubilities.

The attention of femnies cannot be too confidently invited to this remedy and restoratios, in the cases peculiarly effecting them.

In RESUMATES, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported both as alleviating pain and suddiently the swellings and suffices of the joints and muscles.
