Pittsburgh, May 6th, 1861. Hon. Wilson McCandless, Judge of United States District Court In compliance with instructions of the United States District Court, we, the undersigned, Ingated under the Act of July, 1868, respectfully report That from the 30th day of September, 1860, to the 1st day of May, 1861, there have been eighty-one (81) inspections of boilers and fifty-four (64) inspections of boilers and fifty-four (64) inspections of boilers have been very thoroughly made in every case, by a minute examination. Quite a number of boilers have been found defective, mostly by the iron being cracked from the expansion and contraction of the boiler, by introducing the feed water at too low a temperature. In all such cases certificates of inspection have been withheld until the boilers were thoroughly repaired. We are gratified to have it in our power to state that no accident has occurred to any state that no accident has occurred to any ring your deliberations, and the Court will afsteamers of our inspection, from explosions or ford you all necessary process to compel atten-
