and we herewith respectfully invite the public, one and all, to give us a call, and examine the same. Professional gentlemen have pronounced it superior to any Grand they have ever played upon. They are considered the best Piano Fortes manufactured. Opinion of nearly all the greatest and most prominent Musicians and Artists regarding these instruments.

The undersigned, having personally examined and practically tested the improvement in Grand Pianos, invented by H. Steinway, in which the covered strings are overstrung, also the new system of double bearing, do hereby certify I—That as a result of said improvement, the voice of the Piano is greatly improved in quality, quantity and power. 2—The scale of said Steinway Grand remains in tune more even, less harsh, stronger, and much better, singing tone than that possessed by any other Piano with which we are acquainted. 3—The undersigned regard the improvement, if Mr. Steinway as most novel, ingenious and important. No Pianos of similar construction has ever been known or used, so far as the undersigned know or believe.

**HARD TIMES OUTDONE.**

6,000 prizes amounting to $100,000

WILL BE AWARDED

On the First Wednesday in August, 1861.

THE RAPPAHANNOCK MANUFACTURING COMPANY propose to raise, on the first Wednesday in August next, a CAPITAL STOCK of $100,000, to be divided into shares of $20 each; $20,000 to be returned to the subscribers in form of PREMIUMS, as an inducement to subscribers, and the balance, $80,000 to be applied to the erection, at the new village of Rappahannock, in Virginia, on the Southern Arms & Cloutz's and Woolen Factory. The factory can be advertised in two months, and all materials of any amount to suit the convenience of the subscribers and people will be sent from time to time as the assignment of all sums remitted, no matter how small they may be, which may be done conveniently in postage stamps, gold coin, current bank notes, or drafts. If less than a share of 120 should be subscribed by the time specified the money will not be lost, but opportunity will be given to increase, and if more than the number thereafter, until enough is secured to obtain a full share of stock. But if a share, or seven shares should be subscribed before that time, the subscriber is to receive a certificate of preferred stock, guaranteeing to the holder 8 per cent per annum on the par value thereof after the Stockholders will, moreover, receive semi-annual dividends out of the net profits of the Company, to consist in that Factories are put in operation besides the above the person who subscribes the largest amount, (by the first Wednesday in August, 1861,) will be entitled to a premium of $3,000; the next largest to $1,500; the next largest to $1,000; the two next largest to $1,000 each; the four next largest to $500 each; the ninety next largest to $50 each; the nine hundred next largest to $40 each; the three hundred next largest to $25 each; the one thousand next largest to $10 each; the three thousand next largest to $5 each, and the person who fails to obtain either of these, to an extra premium of $1,000, all to be paid in Cash, Real Estate, Arms, Military or other Goods. Thus the largest sum, which may not exceed $99 21, will take the largest premium of $3,000, and the smallest sum required, if not less than $4 79, will secure a premium of $5,000. These shares are all bonded upon Real Estate, which is pledged for the security or redemption of the stock, and any shareholder wishing to settle, can at any time exchange his stock for any of the Company's lands at their lowest market value and receive a good and sufficient warranty title.
