by Gen. Butler.

Butler suddenly made his appearance on through to Baltimore. Friday, in Hampton, at the head of the mont Regiments had encamped near Hampton. The blockading squadron of from the Hospital with them. Fortress Monroe consists of the Minnesota, Cumberland, Yankee, Star, formerly the left behind in the Hospital. Monticello, Quaker City and smaller crafts.

The arrival of the United States steam frigate Mississippi was anxiously expected, when active operations will be taken against the battery at Sewall's Point. This was the condition of things as tele-

graphed on Saturday. On Sunday afternoon the following brief dispatch announced the result of the conflict at Sewall's Point, which is from twenty .to twenty-five miles from Norfolk.

THE DEATH OF ELLSWORTH. The assassination of this brave and brilliant young officer has stricken with sadness the hearts of every man, woman and child in this community. Women weep his sad fate as though he had been a brother, and men are stern, solemn and earnest in their from all parts of Pennsylvania, waited to-day opinion that his death must and will be upon the Secretary of War, in behalf of the be a dark one upon Virginia soil. The all parts of the State. The case was ably name of Ellsworth, like that of Warren at the key note of this war.

what a promising and brilliant career demai. The country was unprepared to close was to all human judgment before this bright, active, intelligent and brave young be ready at once. The mistakes attending the bewell's where a small battery had been muskets and rifles, and ample supplies of powman. A Colonel at 24, at the head of a regiment of the bravest and most patriotic men which the country could afford, earnest in the cause of his country, devoted to the country of the acceptance of the country. the cause of the government whose head was his patron, his teacher and his dearest personal friend, for three weeks past he has patrotic offers of those desirous to serve their ing the Monticello to relinquish the chase the infirmary. That building is already been at Washington City,—the observed of all observers, and the true ensample of a young American soldier. His ambition for of darkness. The War Department cannot,

The death of Warren gave vigor and and them The death of Warren gave vigor and and thomselves less by waiting patiently it shape and energy to the beginning of our Revolutionary conflict. The death of File. Revolutionary conflict. The death of Elle to day, in the hope that any pressure brought worth will have a similar and a most power to bear upon the government can change the ful affect upon the conflict which is now determination. More troops are now accepted ful effect upon the conflict which is now commencing. Virginia can never effact acceptances would retard rather than assist their operations. This will need be corrected. young soldier. His comrades in arms will and after Congress moots, another aspect will be given to public affairs. lasts and battles shall be fought. At the time of his death Colonel Ellsworth officient operation Mr Passavant has con was scarcely twenty-five years of age. His tributed four nurses from his admirable institution in Pennsylvania, part of whom were shot in the stern, which raked her deck history, therefore, is brief, but it is brilliant.

He was a native of N. York State, and entired the Capital this day.

Mrs. Heald, an educative of N. York State, and entired the Capital this day.

Mrs. Heald, an educative of N. York State, and entired the Capital this day. joyed for a period the advantages of study and discipline at West Point, where he acquired that knowledge of military many and that knowledge of military many and that knowledge of military many and the properties of the state and discipline at West Point, where he acquired that knowledge of military matters and tactics which have given the last few months of his life such marked prominence. For the past few years he has lived at Chicago, and has been prominently identified with the military movements of that city. He has distinguished himself mainly (apart from the circumstances of his assessination)

Hungarian and compatriot of Kossuth, is constituting from her stores of experience in armies and among hospitals. Miss Lander, the minent sculptor, and many other competent and devoted women are prepared to give their aid to this self-sacrificing yet worthy calling. The condition of the sick and the unfaithful mass of many by whom they are attended, render the speedy organization of this competent and faithful corps highly essential. Instances ball, and Colonel Collier, aid to General from the circumstances of his assassination) unfortunately are not wanting where unfaithful attendants rob the sick of delicacles and

immediately upon the meeting of Congress, the subject of erecting a national armory and foundry to replace the Government works destroyed at Harper's Ferry, will be considered by that body. Pittsburgh is beyond all other parts of the country, the most suitable place for that foundry. We are the very centre of the great coal and the country of the country of the country. The work is and proceeded direct by Long Bridge, returning late in the afternoon. No molestation was met with but they were suspiciously most suitable place for that foundry.

are the very centre of the great coal and iron region; our facilities for shipment Rast and West, both by river and railroad, are unequalled; materials are plenty and cheap, subsistence is cheap, and we have a community of skilled nucchanics ready to do all the wharf opposite which the United States the Navy Yard in this city, and is visited by hundreds of sorrowing spectators.

The president, who was on terms of warm personal friendship with Colonel Rilsworth, is Sweet's Infallible Limiment, S the necessary work. Mr. Cameron, who is a Pennsylvanian, knows the advantages of our location, and as Secretary of War, should give Pittsburgh the advantage of his influence in the relation of the location. Our location, and as Secretary of War, should give Pittsburgh the advantage of his influence in the relation of the location. Our location, and as Secretary of War, should give Pittsburgh the advantage of his influence in the relation of the location. Our location, and as Secretary of War, should give Pittsburgh the advantage of his influence in the relation of the location. Our location, and as Secretary of War, should give Pittsburgh the advantage of his influence in the relation of the location. Our location, and as Secretary of War, should convert the war of that vessel in the stream younder?" (Slr," replied the man with the fowling piece. "What wharf is this we are on?" location, and as Secretary of War, should convert the wind of the location. Our location, and as Secretary of War, should convert the wind of the location of the location. Our location, and as Secretary of War, should convert the wind of the location of the location. Our location, and as Secretary of War, should convert the wind of the location of the location of the location. Our location is the stream you give me the location of the location. Our location is the stream of the location of the citizens should interest themselves in this matter at once, and a memorial to Congress should be prepared, giving the facts and statistics which give our city permanent advantages for the location of such an armory vantages for the location of such an armory.

Here United States property would be seen that friend drove on. Here United States property would be safe from rebel attack, and from here munitions of war could be more readily transported to necessary points than from any other city in the nation, none of which possess equal advantages with us in the way of manual means and manual means and manual means and manual means. Some and manual means all parts of the city, but failed to discover the whereabouts of anything. The town was gloomy and dismai. One very large and four smaller secession flags were observed flying in different parts of the city, and less than one hundred soldiers were discernible. A more melancholy picture than Alexandria to-day "Since you left here nothing material has in the way of manual means.

Row and means.

Righty years ago, Col. John Gibson, in a letter to Gen. Wm. Irvine, then at Carlisle, wrote as follows.

The letter is dated "Fort Pitt, Jan. 28, 1782," and says: "Since you left here nothing material has the control of the city in the nation, none of which possess are melancholy picture than Alexandria to-day "Since you left here nothing material has the city is the city, but failed to discover the whereabouts of anything. The town was letter to Gen. Wm. Irvine, then at Carlisle, wrote as follows.

The letter is dated "Fort Pitt, Jan. 28, 1782," and says: "Since you left here nothing material has the city is the city, but failed to discover the whereabouts of anything. The town was letter to Gen. Wm. Irvine, then at Carlisle, wrote as follows.

The letter is dated "Fort Pitt, Jan. 28, 1782," and says:

The Attack on Cairo. The different stories which have recently been in circulation to the effect that General Pillow was soon to attack Cairo with fifteen. twenty or twenty-five thousand men had no dentily believes that the Governor of Tennessee has taken steps to procure arms for those who have not received them. From this it the morning his prostration would become would apper that the much dreaded Tennessee so great that liquor would be resorted to; and troops have been at no time yet in a condition that, by a frequent repetition of this treatment, he has become so demoralized by the
