Rumored Capture of Morgantown by the

Secessionists. THE NEWS CONFIRMED

The news from Virginia is now anxiously ooked for, owing to our close proximity to the line of that State, and the fact that a number of our soldiers have gone, to the aid of the loyal men of that State. We noticed yester day the movement of the troops at Camp Carlisle and a regiment of Ohio volunteers scessionists are about fifteen hundred strong. The Wheeling Intelligencer states that the rebels had burned two bridges between Man. nington and Farmington and torn up a portion of the railroad track between those places firm this intelligence. The fact is significant, as going to show that the rebels had no inten-

and Grafton. Letters received yesterday contion of marching upon Wheeling, but on the contrary feared an attack from that point, and when they learned of the movement of troops took measures to prevent their near approach. An engineer on the Baltimore and Ouio Road reported that the Secessionists at Graf ton had destroyed the Railroad bridge over Cheat river, east of Grafton, and several smaller bridges between Grafton and Wheel.

About five thousand United States troops are now occupying Western Virginia above Wheeling, and with the Federal forces occupying Winchester, the secessionists at Hara per's Ferry are completely surrounded, and must be captured or starved out.

Yesterday intelligence arrived of apprehensions of an attack upon Morgantown. Mr. Clark, Pickenpaugh, Colonel of a Virginia regiment, came in hot haste and applied to the Committee on Home Defence for men and arms to protect Morgantown, the citizens fearing an attack from the secessionists at the carried an attack from the secessionists at the carried and selected. He stated that the secessionists had cut the tele-

Gentlemen from Uniontown now here are desirous, if threatening indications continue, of procuring arms and men for protection, and to this end they held a consultation with the Committee on Home Defence last evening. It is thought five hundred men will be sufficient to protect the town. No action will be taken until further intelligence is received, which will probably be by the half past ten o'clock train this morning, if not earlier by the Brownsville boat.

The Removal of Camp Wilkins.—Capt. Thomas Merritt, delegated by Gen. McCail to superintend the removal of Camp Wilkins, commenced his operations yesterday. A locamotive and special, car were placed at his disposal for the purpose by the Allegheny Valley Raitroad Co. Parties were sent up to Hulton yesterday morning to lay off the grounds, and as soon as sufficient supplies of lumber can be procured, the necessary buildings will be put up, and the camp prepared for the reception of the troops. It is the intention to station four regiments of infantry and one of cavalry at Hulton. Two regiments will be housed in sheds at the Fair Grounds, and the balance provided with tents, of which we are informed that a sufficient number may be THE REMOVAL OF CAMP WILKINS .- Capt.

Remarkable Facts. In this general depression of our commer

cial and other most important public interests, whilst the popular mind, everywhere fearfully agitated, alternates between hope and despondency, pleasure and grief, it is satisfactory to reflect that the spirit of active and hopeful industry is still to be seen amongst us. The newspapers never did a better business than at present, and very seldom contained less reliable intellectual aliment; the makers of our National flag are only commencing to rest after enormous labor; and, if you take the following letter from the Secretary of State betrue, it is proper that patriotic men throughout our Sixte who are rallying to their country's call, should be early advised on the subject, and, therefore, I request the publication of Mr. Slifer's letter in your paper.
