DO YOU KNOW IT? CONSUMPTION IS THE MOST FATAL SCOURGE OF MANKIND. It has been truly regarded as an incura-HANKIND. It has been truly regarded as an incura-HANKIN officacy of the Healing Art!

The brilliant Discovery of Dr. Churchill, made to the Imperial Academy of Medicine, of Paris, has proved an inestinable boon to the world. By the use of this new and powerful remedial agent, known to Chemistry as

THE HYPOPHOSPHITES, "The CURE of CONSUMPTION, even in the second and Third Stages (at a period, therefore, when there can be no doubt as to the nature of the Disease) is the RULE, while DEATH IS THE EXCEPTION." • • "I KNOW," says Dr. C., that they will prove not only as SURE A REM. EDY in CONSUMPTION as Quinine is in Interent Fever, but also as effectual a PRESER-VATIVE as Vaccination in Small Pox."

Let no sufferer, who values health and life, delay an hour to try this remedy. Remember that "prevention is better than cure." Beware of self-deception, or the soothing assurance of friends that "H is only a fulle cold!" Fatal error to myriads who now fill premature graves! Give, I entreat you, prompt attention to the EARLIEST SIGNS OF CONSUMPTION, And THESE SIGNS SHALL FOLLOW THEM."—Mark. The autiliest symptom of tubercular disease is warned. "Ane arriest symptom of tubercular disease is wasned, the precise the cough, and it is searlier, in point of time, than the heuro. It is first manifested in the face and hands. The muscular tissues waste; hence desurry: there is a sense of something wrong—a feeling that the vital rowers are flagging. The waste of the living machine is more active than its repair."—Dr. Polick. machine is more active than its repair."—Dr. Pollock.

"If, without any apparent cause, or under the infinence of causes which induce weakness and exhaustion; such as want, grief, overwork, excess, pregnancy, child-bearing, warring, mapping grouth, or store recovery from disease; a person begins to lose his flesh, strength, color, or appoints; if he suffers from shortness of breath, or sleeplesment, and experiences a general feeling of languer and depression, THERE IS REASON TO FEAR that he is already prehisposed to the complaint. If to these symptoms be added cough, however slight, particularly if it has some on slowly, or during the fair season, THE PROBABLITY IS GREATER STILL."—Charchill.

EFFECT OF THE REMEDY. "If, on the earliest appearance of these signs of Communition, the patient takes daily about ten grains of the HYPOPHOSPHITES, he will usually see tham all disappear in a period varying from a few weeks to a few months; and by continuing the occasional mae of the Remedy, HE WILL SPEED ILY FIND HIMSELF IN THE ENJOYMENT OF SUCH HEALTH AS HE, PERHAPS, HAD NEVER KNOWN IN HIS LIFE BEFORE."

'Winchester's Genuine Preparation" IS THE ONLY RELIABLE Form of Dr. Churchill's Remedy. [Made from the original Formula.] The action of the Hypophosphites is two-rous and specific: increasing the principle which committees nervous force, and they are the mort TOWERTH HOOD-GENERATING AGENTS KNOWN. The effect upon the tubercular condition is HAMEDIATE, ALL THE GENERALITY MARVELOUS. They relieve the cough, diminish expectoration, improve the appetite, arrest diarrhosa; the night socate, chills, and feer c. use; the bowels become regular, and the sleep Calm and proposed.
