OFFICIAL PAPER OF THE CITY. PITTSBURGH: WEDNESDAY MORNING, ....AUG. T.

ANOTHER SPEECH BY HON. Hon. Joseph Holt, a few days since, made a speech of glowing eloquence to the Kentucky troops at the camp in In. diana, called after his name. It is encouraging, patriotic, and expresses the feeling which all should have in regard to the defeat at Manassas. As an oration it is a model. We shall endeavor to lay it before our readers at an early day.

THE ACT AUTHORIZING VOLUN-We publish to-day on our outside 2d New 2d Wis-page the recent act of Congress regard- U.S. M. ing volunteers in the service of the list of United States. It should be read and carefully preserved by all those who have anything to do with the army in lat Co any capacity. It will be seen by reference to the last section that the Secretary of War is empowered to make provisions by which soldiers' families will be enabled to receive a portion of their monthly pay. This is a wise provision, summary: and we learn that the Secretary will act upon the Congressional recommenda-

THE INCOME TAX AND INTERNAL

Believing that we can lay no more interesting matter before our readers, we publish to-day a very complete abstract of the new act providing for direct taxation. Its perusal will prove interesting to all, inasmuch as its provisions concern almost every person engaged in daily labor. This bill does not reach real estate only, but reaches all classes of society alike, taxing the clerk in the same proportion as the merchant, capitalist and wealthy land owner.

The passage of the Direct Tax bill. with a provision for levying a rate on incomes, causes many to inquire what The Cincinnati Times has received a comes under this head by the law. The section of the act in which those liable to this impost are defined will be found printed in full in another column. Diand corporate institutions who have gains or profits derived from sources not other wise fixed by this act, and all who have business, trade or vocation, dividends of loyal men will fly to his resoue. incomes derived "from any source of ries, interest on legacies, annuities, or assorted, a few weeks ago, on the authority direct tax, in default of which, or in ation or corporation; but where the income derived from any other source, within of a writer who was connected with our case of fraudulent return, the assessor tax is derived from persons residing abroad, States.". Taxation on Northern Property Lo. cated South.

The estates at the South owned by Northern men will doubtless be heavily taxed until the rebellion is crushed .-Some stores in New York have recently been taxed equal to twenty five per cent of the annual rent in good times. The City Conneil of Montgomery has just passed the following order, and a similar order will probably be passed in Southern cities:

Resolved. That a tax be and is hereby lavied on all property belonging to alien en-emies living out of the Confederate States, both real and personal, said tax to amount to five per cent on assessed value of real estate in the city limits; on personal property consisting of negroes, a tax of \$20 on negro men, \$10 on women, \$5 on children, and where it consists of stock in corporations, a tax of eight per cent, and that the Clerk be instructed to collect said tax.

Illinois Troops. The Secretary of War has accepted thirs teen regiments of infantry three of cavalry, and one of artillery, tendered by Governor Tates, in addition to the previous enlistment from Illinois. This will make celentistments, as we have no doubt it will Di. The Yates Phalanx, Douglas brigade and Northwestern rifle regiment are not included in this reckoning.
