Afiray at New Brighton—A Volunteer Probably Killed. On Wednesday evening a serious affray occurred at New Brighton, in which a drummer named Nickline, of the Lawrence Guards, received injuries that may noon after being paid off, were met at New Brighton by the New Castle Zouaves, by whom they were to be excorted home. All

took supper at the Huron House, and immediately afterwards a difficulty sprung up between Nickline and one Samuel Lloyd, during which the latter struck Nickline or the head with a board, tracturing his skull. Lloyd fled and, although pursued by the volunteers, succeeded in escaping, fortunately for himself, as if caught he would certainly have been lynched. Capt. Leasure, a physician by profession, dressed Nickline's wound, and yesterday morning he was so low that his recovery was believed to be impossible. Lloyd has had learn that Colonel W. W. She is certainly the mos magnificent piece of machinery we ever saw. Her original cost was somewhere in the neighborhood of \$3,000, if we mistake not, some four years ago, and to day she is as good as when new. She was purchased by our town for \$1,450, with a suction at-tached. Several Pittsburgh firemen came with her, and on Saturday morning gave her a trial on our streets, which resulted to the entire satisfaction of the council, and the citizens generally. She throws water with great volume and force, and certainly, if properly managed, would subdue any ordinary fire in a short time. In order to appreciate the fine finish and beauty of the engine, she must be seen and examined.—

THE PROCLAMATION OF THE MAYOR. The order issued by Mayor Wilson yester-day morning, to close all drinking saloons, has not been so generally observed as we had hoped, though, many of our law-abiding citizens, not too anxious to get the hard earnings of the poor soldiers, have closed up their establishments. The houses that are kept open will be watched by the olicemen, who have a list of the names and wherever disturbances occur the proprietors will be prosecuted for keeping disorderly houses, and having paid no attention to the proclamation, conviction will be an almost inevitable result. These facts will also be laid before the License Board, to be taken into consideration in future applications for license. Better obey the proclamation, gentlemen, and

SHOCKING RAILROAD ACCIDENT .- Yes terday afternoon a man named Edward Hall, employed as a conductor on a treight | Penn'a. Salt Manufact'g. Co. train on the North Central railroad, was run over and instantly killed in Mulberry street, near Third, in this city. It appears that he stood upon the front platform—no locomotive being attached—and had hold of the wheel of the break. The supposition is that the chain of the break gave way, when Hall fell upon the track, and the entire train passed over him, cutting his arm and shoulder, and mangling his head in the most shocking manner. It is almost needless to add that he was instantly killed. Mr. Hall was a single man and resided in Baltimore, where his parents live. He is represented as having been a very exemplary young man. — Wednesday Harrisbury Patriot and Union.
