CATION.—As our watch is now extensively counterfeited by foreign manufacturers, we have to inform the public that no watch is of our production which is unaccompanied by a certificate of gennineness, bearing the number of the watch, and signed by our Treasurer, R. E. Robbins, or by our predecessors, Appleton, Tracy & Co.

As these watches are for sale by jewelers gen erally throughout the Union, the American Watch Company do not solicit orders for single watches, ROBBINS & APPI.ETON, Wholesale Agents, N. C. 130 Broadway, N. V. 10 Chestant St., Philadelphia, Agent for Philadelphia and Pannsytvania mylasod

WASHINGTON, Aug. 22.- A feeling of security pervades our entire community, both in social and business relations. The reports, therefore, that our citizens are panic struck, and men women and children are fleeing from the city, are posi-tively untrue. Some apprehension existed several days ago, but this was soon quieted by the measures of the Administration to guard against all possible contingencies. The feints of the enemy on the line of the Potomec are now better understood and military men, whose opinions are entitled to great respect, say that even with the ordinary dependence on raw troops, they would desire nothing better than for Johnwould desire nothing better than for Jahnston and Beauregard to attempt that part of the rebel programme which contemplates an advance towards Washington. It is reasonably, suspected in as reliable quarters that this rallying cry is, adopted to sustain the flagging spirit of the rebel troops, whose numbers it is positively known are fast thinning out by small pox, measles, pneumonia and other diseases.

Many absurd rumors are from time to time propogated by persons activities of the resulting the strength of the strength of the strength of the strength of the strength o

time propogated by persons active in causing dissensions among our troops; and among the latest that Johnston has crossed the Potomac, together with other important movements. But special inquiry at the proper source warrants a positive contradiction. It is certain that no such infor-mation has reached the Headquarters of the army.

Senator Wilson, several days ago, was pressingly tendered by Gen. McClelian a position on his staff, since which time he has had the subject under consideration. To-day he has, by the advice of Secretary Cameron, Post Master General Blatz, and other distinguished gentlemen, accepted of the appointment, from the advantages of which it is considered that he will be able to render more efficient service as Chair-man of the Senate Committee on Military

Senator Wilson leaves Washington tomorrow to aid in the organization of a regiment in Massachusetts, with a flying battery of artillery attached having already obtained authority for that purpose.

From Fortress Monroe. FORTRESS MONBOE, August 21.-Via Baltimore.—Nothing of interest has transpired here that is proper to communicate. Gen. Wool held a grand review and inspection, this morning. He took in his hand and examined every musket belonging to the garrisons.

The New York News Scized. PHILADELPHIA, Aug. 22 .- On the arrival of the New York train this morning all the newspaper bundles were examined, and every copy of the N. Y. Baily News seized by order of the United States Marehal.
