THE LORETTO SPRINGS,

CAMBRIA COUNTY, PA.

NOW OPEN.

THIS NEW AND DELIGHTFUL RESORT for those seeking either health or pleasure, is situated one mile from the village of Loretto, and four miles from Cresson station on the Pennsylvania Central Railroad—from which to Loretto there is a well constructed Plank-Road.

The Springs are about 2,000 feet above tide-water, and the air is always bracing and invigorating, the thermometer seldom ranging above 75° in Summer. The head waters of the Susquehanna and Clearfield abound in trout, and the mountain ranges are filled with game, affording fine sport to those who are fond of such amusements.

The buildings are admirably constructed with respect to room and ventilation, and the whole fitted up with every appliance that can contribute to the comfort of the guests. The rooms are supplied with running spring water, in marble basins, and hot and cold Baths on each floor. Bath Houses for ladies and gentlemen, with water supplied from the lake, having Swimming-Cataract and Shower Baths, Bowling-Alley, Billiard-Tables, &c., &c.

The table will be supplied with all the delicacies and luxuries that the market affords. The Bar will be stocked with the best Wines. Guests may rely upon getting the purest Wines and Liquors that can be obtained.

The Proprietor hopes to give entire satisfaction to his guests, and no pains or expense will be spared to meet their wishes and comforts.

The waters of these Springs have been analyzed by several eminent chemists, and found to contain in large proportions, all those valued Mineral properties for which the Springs of this spur of the Alleghany have long been celebrated.

Excursion Tickets to Loretto Springs for visitors, will be issued by the Pennsylvania Railroad Company from Philadelphia and Pittsburgh, and also Baltimore, in connection with the Northern Central Railroad via Harrisburg.

For further information apply to Mr. J. McDONALD CROSSEN, Monongahela House, Pittsburgh, Pa.

A Daily Mail leaves Loretto for all parts of the Union. On the arrival of visitors at Cresson, coaches will be in readiness to convey them to the Springs

GEOWEY'S SUPERIOR PATENT

Grain Fan and Seperator,

PATENTED JANUARY 10, 1860.

THE superiority of this Fan over all others in use, consists in its cheapness, simplicity and durability.

Second. In cleaning grain faster, better and more thoroughly with less labor than any other mill ever offered.

The patentee of the above Fan has been long engaged in manufacturing and selling Agricultural implements, and is convinced of the great want of a good Fan for cleaning the different kinds of grain and seeds, presents this to the public with full confidence that it will meet their wants.

The undersigned having purchased the above right to manufacture and sell the above Grain Fan and Seperator, in Western Pennsylvania, Western Virginia and all Ohio, and the right to sell in Indiana and Illinois, is now prepared to fill all orders Wholesale or Retail at 319 Liberty street, Pittsburgh, Pa

A CARD.

THE AMERICAN WATCH COMPANY OF Waltham, Mass., beg to call the attention of the public to the following emphatic recommendation of Waltham Watches, by the leading practical Watch makers and Jewellers throughout the United States. The entire signatures are quite too long for publication in one advertisement, but the names presented will be recognized by those acquainted with the Trade as being in the highest degree respectable and influential. At their establishments may be found the genuine Watches of the Company's manufacture, in great variety.

Signatures from many cities and towns not fully represented in this list will appear in a future advertisement.

TO THE PUBLIC.

The undersigned, practical Watchmakers and dealers in Watches, having bought and sold American Watches for a number of years past, and having dealt in all kinds of foreign Watches for a much longer period of time, beg to state that they have never dealt in Watches which, as a class, or in individual instances, have been more satisfactory to themselves or customers, whether in respect of durability, beauty of finish, mathematically correct proportions, accurate compensation and adjustment, or *of less time-keeping results* than those manufactured by the Waltham Company.
