SOAP. SOAP. SOAP. SOAP. SOAP. THE CHEMICAL OLIVE ERASIVE SOAP, manufactured by B. C. & J. H. SAWYER, is acknowledged to be the most serviceable of any kind ever offered to the public. Its superior advantages are found in its cheapness, saving of labor, and its efficacy in removing grease, paint, tar and dirt without injuring the skin, or in the least wise damaging the finest quality of goods. It can be used with all kinds of water.

Reference is made with pleasure to the subjoined certificates, emanating from gentlemen well known in this community, and who had every facility afforded of seeing it fully and fairly tested.

*Quartermaster's Department of the Twelfth, Thirteenth and Fourteenth Regiments, Pa. Vols.*

"Sawyer's Chemical Olive Erasive Soap," having been used very extensively in our Regiments, we have no hesitation in certifying that it was found admirably adapted to the use of the soldiers, and decidedly the most superior Soap which could be procured for the service.

A CARD.

☞ THE AMERICAN WATCH COMPANY of Waltham, Mass., beg to call the attention of the public to the following emphatic recommendation of Waltham Watches, by the leading practical Watch makers and Jewellers throughout the United States. The entire signatures are quite too long for publication in one advertisement, but the names presented will be recognized by those acquainted with the Trade as being in the highest degree respectable and influential. At their establishments may be found the genuine Watches of the Company's manufacture, in great variety.

Signatures from many cities and towns not fully represented in this list will appear in a future advertisement.

TO THE PUBLIC.

The undersigned practical Watchmakers and dealers in Watches, having bought and sold American Watches for a number of years past, and having dealt in all kinds of foreign Watches for a much longer period of time, beg to state that they have never dealt in Watches which, as a class, or in individual instances, have been more satisfactory to themselves or customers, whether in respect of durability, beauty of finish, mathematically correct proportions, accurate compensation and adjustment, *or of fine time-keeping results* than those manufactured by the Waltham Company.
