Army Contract Fraud Case in the

on Monday morning, Unief Justice Lowrie on the beach, for the purpose of taking up Emandel, Asher and Abraham Frowenfeld, Joseph and Louis Morganstern and Chas. M. Nesl, indicted for conspiracy to defraud the State in contracts for army clothing

A venire of thirty-six jurors had been summoned, of whom twenty-seven an swered, when their names were called, after the opening of the Court in Nisi Prius.

The counsel on both sides were present in fall force, viz: District Attorney J. H. Miller, Jno. H. Hampton and M. Swartz, welder E qs., of the Commonwealth, F Carroll Brewster, Eq., of Philadelphia and Hon. Chas. Shaler, of this city, for A venire of thirty-six jurors had been in full force, viz: District, Attorney J. H. Miller, Jno. H. Hampton and M. Swartz-welder, E. ga., for the Commonwealth, F. Carroll, Brewster, Esq., of Philadelphia and Hon, Chas. Shaler, of this city, for Nesl, And Thos. M. Marshall, Jno. M. Kirkpatrick, F. H. Collier, Jno. Mellon, T. R. Hamilton and I. I. Saibanack, E. G. T. B. Hamilton and J J Saibeneck, E.q. of this city, for the other defendants.

The case being called up, Mr. Miller said he was compelled to move for a con-tinuance in this case, owing to the absence of one of the most material witnesses on behalf of the Commonwealth. He read affidavits in support of the motion. The first was by Job G. Patterson, setting forth that Sylvester W. Murphy, who was a salesman in the employ of Frowenfeld & Bro., had been absent for three weeks and more, on a pleasure excursion, and his atendance could not be procured now, though they expected to be able to pro-duce him at the next term. Another was from Mrs. Sydney J. Robinson, mether-in-law of Murphy, who testified that since receiving a letter from him at New York, two weeks since, she had heard nothing from him, does not know where he now is or why he is not in attendance, as he knew that the case was to come up at this time, and had more than once expressed his determination of being present.

Mr. Miller stated that all diligence had

been used to procure the attendance of this witness, that it would be idle to go to trial without him, and therefore asked a cons Mr. Brewster thought the affidavits were

defective, not setting forth what the Com-monwealth expected to prove by the wit-

nderstanding of the practice of the Court.

Mr. Brewster said this case had been dred recruits—and have an escort of 14 prepared at much expense to the county, a special venire having been ordered; this special venire having been ordered; this man might he able to prove no more than a dozen other cutters in the city and it was soft bread, but got it lively on hard biscuit, not right to saddle the county with a dubut feel none the worse of it, and we not right to saddle the county with a duplication of this expense. been: if he was so material he should have been placed under proper bonds. It was by no means certain that the witness should grow tired of traveling and return in good time and he thought the case should go on and relieve the defendants from the anxie-

ty attending the prosecution, continued for month longer.

Mr. Hampton replied to Mr. Shaler's objection and also to one urged by Mr. Collier that defendant must, under the rules laid down for continuance, make it appear there was a certainty that the wita would be in attendance next term.— He thought the Commonwealth had done all that could be required of them and were

dinary exertions to have the case postponed fact that he was not under recognizance was easily accounted for, owing to the un. usual character of prior proceedings. He felt bound, if there was no objection, to continue the case until Monday, the 16th inst, when if the witness was not in attendance, it would be evident that he did not

Captain Brunn will remain in town for a few days, for the purpose of recruiting another company for the regiment.

BAILBOAD ACCIDENT-MAN KILLED. Wm. Boush, brakeman on a coal train on the Pennsylvania Railroad, and boarding at No. 160 Penn street, was killed by falling from the train a short distance east of Altoona. He had not obtained any rest for about forty-eight hours, and it is problem to be that he fell off the train, while overgonic by sleep. His body was terribly mutilisted—both legs being severed, one arm broken, and a portion of the head cut away. The deceased was about twenty-one years of age, and unmarried. We received pay up to June 30th, from the time of enlistment, April 22d. Our company are still out on picket, but Capt. Night before last we received orders to be in readiness to march at five ninutes warning, and as no move has yet seen made, we are still in that situation. It is probable that a movement of impore tance is to be made on the Western side; however, if such a thing should event. I shall post you. Mr. Shaler argued at some length upon the fact that the witness had not been held in recognizance for his appearance here now, though all the other witnesses had atory to the opening for the fall and win-ter season, which commences on Saturday nort. Several startling novelties are to be produced in rapid succession, one of which is a local drama from the pen of W. Henry Lewis, who has for some time been engaged in writing it; we are told it is not the usual style of local pieces, such as abound with vulgarity and vice, but of truly domestic characters and thrilling in-cidents. Mr. L has already favored the public with two or three successful pieces,

He did not think it became the defence to persist in tary maps, which just now are full of interest. One represents the Western States and has attached a series of military por dinary exertions to have the case possponed in June.

Judge Lowrie said he felt impressed with the view taken by Mr. Hampton; that there was a probability of the return of the witness and an accident preventing his attendence now must be inferred. The fact that he was not under recognizance
