CITY MATTERS. WEDNESDAY MORNING SEPT. 18.

The Union Convention. At ten o'clock on Tuesday morning the delegates elected to meet in a Union Convention, assembled in the Suprema Court There was a full attendance of delegates, embracing every district of the

The Convention was called to order by Dr. A. H. Gross, of Peebles, who nominated Robert Finney, e-q., as chairman, who was manimonaly chosen. The following Vice Presidents were se-Henry Ingram, of Chartiers; Abraham Hays, of East Liberty, Dr. A. H. Gross, of Peetles; Col. John Kramer,

On tiking the chair Mr. Finney thanked selecting him to fill the distinguished position of chairman. That it might be no barren compliment and that he might faithfully perform the duties of the positon he invoked the aid of every mem-ber in the preservation of good order and good feeling. He then road the cell and said with this he might bluehingly take his seat, as it was far more elequent than anything he could say. You, gentlemen, represent the spirits it has summoned and have come in response to it. I urge you to meet divested of all old party ties and attachments. Our country is in her hour of extremest peril and all our sympathies and energies should be directed to her support. Old party organizations must be done away with and the selfish monopolists who would arrogate to themselves the control of our county and country should be shelved now and ferever. We need new blood in our velos. Let me urge you to admit the claims of no man for clice unless he has peculiar fitness and other claims beyond himself. If a ticket composed of such men is nominated it will please every good citizen, and the candidates may congratulate themselves on almost a certainty of success. By a happy coincidence this Convention had been called on the seventyfourth anniversary of the meeting of the

States to adopt the Constitution under which we have lived so happily, and I trust it may be characterized by like harmony.

When the First Precinct of the Third Ward, Allegheny, was called, Mr. Joshua Robinson protested against the admission of Joseph H. Davis, a delegate, inasmuch as both delegates chosen were Democrats.

There is authority for stating that the proclamation of the Governor General of uba, recognizing the rebel flag is spurious. No such proclamation has been made. The Navy Department has cause for congratulation in the promptness and effi-ciency of the commandants of the several navy yards, all orders being obeyed with remarkable precision and expedition. On several occasions recently, Major General Fremont telegraphed for a number of arms and gun carriages, and within less than a day thereafter the department was informed that these war requisitions were already and Portsmouth. There is as much quiet THE CHEAPEST AND BEST

on their way from Philadelphia, Brooklyn in and about the department as in any of the ordinary government bureaus. Yet the amount of business transacted is very heavy. Its important results daily become more apparent. The following order was issued from the War Department to day: The commanding officer of the United States forces at Hatteras Inlet, North Carolina, is authorized to accept the services of such loyal North Carolinians, not to exceed one

regiment, as in his neighborhood, may volunteer to take up arms for the United States, and to designate a regular officer to muster them into service. The recruit will be organized in the first instance into a battalion or regiment according to num bers, the mustering officer will make timely requisitions for arms and other necessary supplies and the commanding will, on the recommendation of the volunteers, propose such persons as he may deem suitable to officer the companies,
