

The Daily Post.

OFFICIAL PAPER OF THE CITY. PITTSBURGH: TUESDAY MORNING SEPTEMBER 24. For Afternoon Telegraph, See First Page.

UNION TICKET. FOR PRESIDENT JOHN QUINCY HAMILTON; FOR VICE PRESIDENT JOHN QUINCY HAMILTON; FOR SENATE JOHN QUINCY HAMILTON; FOR HOUSE JOHN QUINCY HAMILTON.

Union County Executive Committee. By virtue of authority delegated to me by the Union Convention, the following persons are appointed to serve at the County Executive Committee: ROBERT FINNEY, Chairman of Committee.

A LESSON FOR THE PEOPLE. The masses of the people of this country fully understand that a period has arrived when the assertion of the principles of party politics is not necessary to the stability and perpetuity of the government, but on the contrary may harm to our civil institutions.

THE COAL MEN. We learn that the coal men along the Monongahela are, almost to a man, determined to vote the Union ticket. This war has closed, to a great extent, the market for their product, and they are determined, by an earnest and hearty endorsement of the Administration, to insure a vigorous prosecution of the war, in order that rebellion may cease and an opportunity be afforded for them to resume their customary avocations with profit.

Volunteers' Families. Now that the Government has at last decided to institute the allotment system, whereby every volunteer in the army may leave behind him an order for as much as he pleases of his wages for his wife or any other relative, it is to be hoped that measures will be taken to make the fact as widely known as possible.

THE UNION TICKET. The people of the county, we are glad to know, are determined to vote the Union ticket as a matter of principle. They have decided that a small number of politicians shall no longer be their masters, but that they will select their own public officers.

VERY BLIND. The Gazette is as blind as Homer. It fails to see the Union movements of the masses of people all over the North and never makes mention of anything which looks like a departure from partisanship. It will find, perhaps when it is too late, that the people are the ruling power, and not the politicians. It will not favor the Union movements before the election but it will be compelled to succumb to them after.

A Large Family. General McClellan's family are supplied daily with 150,000 loaves of fresh bread, besides crackers and hard bread in proportion. The consumption of flour per diem is 900 barrels.

THE GAZETTE FOR A UNION TICKET.

On the morning of the holding of the Republican Convention, the Pittsburgh Gazette fully and honestly endorsed the formation of a Union ticket in the following language: "So far as we have been able to see and converse with the delegates, there is a very general desire and willingness to form a Union ticket, giving to the loyal democrats their fair share of the offices. There can be no doubt of the general prevalence of this inclination, and we trust it will be so exercised as to form a ticket satisfactory to all the loyal men of the county."

On the morning after the conventions the Gazette pronounced their failure to nominate a Union ticket "a mistake," in the following terms: "Contrary to the general expectation, the Conventions refused to form a 'Union' ticket. We think this was a mistake; but so a majority of both Conventions thought it best to nominate a 'break-out' ticket, we defer to their judgment."

At the Union primary meetings in Cincinnati for the appointment of delegates to the Union County Convention, the strongest evidence was given that the people have once more assumed the sway and dismissed stereotype politicians of all classes from office. The Cincinnati Commercial says that not only were the meetings very largely attended, but there was a healthful spirit manifested against all attempts to "set up the pins" for this candidate or the other candidate. Full delegations were chosen in every ward in the city. The Gazette will please notice.

THE NEW GUNBOAT. The U. S. Government had her trial trip at New York on Thursday. She is 125 feet long, 20 feet beam, and 12 feet in the hold. Her speed is about 12 knots an hour. It is not a delusion, as some have supposed, but a real and useful vessel. She will be armed, manned and ready for service in about ten days.

CRIME IN IRELAND. Our readers are not ignorant of the impulsive nature of our citizens of Celtic origin, and how ready they are to try their hand in a fight, just for the fun of the thing. Many persons, through prejudice arising from their prejudiced disposition, are willing to believe that anything which respects their most bitter enemies would represent them. To such individuals the facts we are about to state will seem to be impossible, and yet their truthfulness is vouched for by English journalists. Recently the Assizes in Ireland were held in the county of Wick, and a man named John O'Connell was convicted of the murder of a man named John O'Connell in a capital case, and in all those cases the judges were unanimous in their verdicts.

THE BRIGADE OF COLONEL W. H. LAMON. The late law partner and friend of the President, is now called full and may be received either as a volunteer or as a member of the brigade of service which they prefer, either as an artillery, infantry or cavalry officer. A portion of the Brigade is now in active service in the West, and the remainder of the Brigade will be a favorite one. From the date of its organization it has been distinguished by its valor and its devotion to the cause of the Union, and its support, etc., etc.

THE CONTRABAND NEGRO. The Washington correspondent of the New York Tribune states that General Wool ordered to send to Washington all of the contraband negroes that he can spare—the men to be put on the intrenchments, and the women in the camp kitchens, to be paid for their services.

MISCELLANEOUS NEWS.

A new kind of Dress-Goods. A pleasant Paris letter in the Courrier des Etats Unis tells this story: "A paper manufacturer has just invented a kind of impermeable paper suitable for dress-goods. Its manner of employment is in both simple and ingenious. It consists in replacing by small frames the hoops upon which are ballooned the petticoats of our ladies. These new-fangled engines are covered with packing-canvas, upon which you have only to glue, as on a common screen, the newly-invented paper."

THE SOUTHERN EXPEDITION fitting out at Fort Monroe, and for which a number of the vessels have already departed, are a letter from that place says: "The vessels are in the neighborhood of the principal Southern ports—a fact of interest, taken in connection with the sailing of the Atlantic and Indian oceans with troops from New York. Other gunboats will soon follow. The Hancock and Minnesota were the only first class steamers which were ordered to report to the former was expected to sail on Wednesday. The vessels engaged in the enterprise have a good crew."

THE HOOP TRADE AT CINCINNATI. It is stated in the Cincinnati papers that the hoop trade is now selling at very low figures, and packers have lost a good deal of money since the late season. The market is the most extensive in that city, informed the inquirer this week that his loss would not be less than \$75,000. In the seasons of 1863 and 1864, the market was very good, and the packers made a good profit. The market is now very low, and the packers are losing money.
