The Impending Battle at Lex-ington. JEFFEESON CITY, Sept. 30.—Special despatches to the St Louis Republican states there is no intelligence of impor-tance from Booneville, Georgetown, Sadetance from Booneville, Georgetown, Sada-lia or Glasgow, and no apprehensions are felt of any immediate attack on any of those points by the rebels. All reports received from Lexington coroborate the opinion already expressed that the rebels intend to keep their main force there; but it is stated that several bodies, from 200 to 2,000 in number, have left there within a few days past for the north and west, but for what purpose is unknown. Gen. Frement preserves a strict silence, but he is said to be actively engaged in accertaining the exact number of troops he can command, and organizing plans for the approaching engagement for the experience. approaching engagement, for the success or failure of which he is to test his reputation upon and win or lose his all. Every day an increased interest is felt in the spa-proaching battle, for it is generally supproaching battle, for it is generally supsouri. Some persons murmur at the delay, but Gen. Fremont is determined to have everything ready before he advances, and overything ready before he advances, and anot to strike a blow before he believed the will be effective. The opinion is becoming generally prevalent that the Sectarion sionists at Luxington are by no means despicable, but that with their vact numbers and ample annunition, their confidences and ample annunition, their confidences. and courage, they will make a powerful and determined resistance. The plokaters of Price's army extend from Lexington to within about eight miles of Georgetown They are stationed vary near to each other, and thus the intelligence of all our moves ments is conveyed to Price's headquarters in the briefest space of time. Washington, October 1.—From facts washington, October i.—From facts ascertained here, it appears that on Wedningsday last General Fremont released Coling Blair from arrest for using language in the order tantamount to a defiance of the General to present his charges formally.—On Thursday, Col. Thereupon, General Fremont immediately arrested Col. Blair, and sent him to Jefferson Barracks. On Friday night the telegraph was allowed to communicate the fact that Biair had been freed from arrest the previous Wedness day, but the offensive paragraph in the order of release was suppressed, and the fact of Colonel Blair's second arrest withheld. The army regulations allow no offis-cer to be arrested for a longer period than eight days without charges being preferred. General Fremont disregarded the regula-tions in the case of Colonel Blair. After this violation of the regulations, a second arrest for the same cause and without charges has attracted attention and caused

CHICAGO, Sept. 80.—A special dispatch from Cairo to the Times says that the rebls attempted to burn the bridge one mile from Norfolk, this morning, but were met and repulsed by Capt. A Vindication of Fremont. Sr. Louis, October 1.- The Republican learns that a statement is forthcoming learns that a statement is forthcoming from Colonel Harding, the Adjutant of General Lyon, who was, in the absence of Gen. Lyon, in command of this Department, up to the period of Gen. Tremont's arrival here, which will show beyond question the absolute impossibility of aid being rendered by Fremont before the battle of Wilson Creek.
