United States District Court.

Before Hon. Wilson M'Candless

MONDAY, October 21st, 1861.

Court met for the May adjourned term at ten o'clock this morning, when the list of Grand Jurors was called over, but only twelve answered to their names and Gen. Joseph Markle, of Westmoreland county, having been appointed foreman by the Court, the jury was discharged until Tuesday morning at 10 o'clock, when Judge McCandless will deliver his charge as customary.

The list of traverse jurors was called over, but the United States District Attorney having no case ready for trial they were also discharged until the same time.

On motion of M. W. Atcheson, Esq., who presented an affidavit of J. B. Hopkins, charged with forgery, stating his inability to procure the attendance of witnesses at his own expense, the Court ordered four witnesses to be subpœnad and brought here at the expense of the government, under the act of Congress applying to such cases.

John H. Hampton, Esq., read a similar affidavit in the case of United States vs. Elijah Fuller, one of the party arrested at Johnstown for counterfeiting, and, Fuller having sworn he is unable to pay his witnesses, subpœnas for six witnesses were ordered to be issued.

Court then adjourned until ten o'clock on Tuesday morning.

Court of Quarter Sessions, &c.

Before Judges McClure, Adams and Parke.

MONDAY, OCT. 21st, 1861.

The first case taken up was that of Wm. Willis, indicted for burglary, in entering the house of Thomas Jefferson, in Temperanceville, and stealing therefrom $60, in gold and silver. The jury found a verdict of guilty of larceny, and the defendant was sentenced to two years imprisonment in the Penitentiary.

Mary Flinn, indicted for the larceny of an umbrella, was declared guilty, and sentenced to one month in the county jail—she having already spent three months in prison, awaiting trial. This settles the question as to umbrellas being property.

Abraham Reed, colored, was put on trial for assault and battery upon Mrs. Gallagher, a white woman. The parties reside in the Seventh Ward. Verdict not guilty; prosecutrix and defendant each to pay half the costs.

The same defendant plead guilty to an assault and battery on an old colored man of seventy, George Gardner, and was sentenced to six months in the county jail.

Charles and William Shure, father and son, of Shalersville, were tried and found guilty of assault and battery on Sophia Pfeiffer. Charles was sentenced to pay a fine of $10 and costs and William to 6¼ cents and costs.

Wm. Johnston, colored, indicted for keeping a gambling house, in Manchester, on oath of Wm. F. Carr, also colored, was convicted.

The same defendant was tried and found guilty of adultery with Mary A. Beck.—For this offence he was sentenced to six months in the county jail—three months for keeping a gambling house and one month on a previous conviction for keeping a disorderly house—ten months in all—and 6¼ cents fine and costs of prosecution in each case.

John Ornsburg, convicted of selling liquor on Sunday and also without license, who has been in prison one month, was sentenced to ten days more in jail and $10 fine for the first offence and $10 for the second.

DEATH OF LIEUT. E. R. DARLINGTON.—It is with sincere regret that we announce the death of Evans R. Darlington, First Lieutenant of the Pittsburgh Rifles, in the Ninth Pennsylvania Reserve, Col. Jackson. He died at Georgetown, on Sunday morning, of typhoid fever. He was attended during his illness by his brother, Edward P. Darlington, who is in the same company, his mother and wife, (to whom he was married shortly before enlisting,) all of whom were assiduous in their attentions. Lieut. Darlington was born and raised here and was favorably known to a large portion of the community. He was agent for several insurance companies prior to his enlistment in the service of his country. His death will be universally regretted by all who know him. The remains of deceased will arrive to-day. The Pittsburgh Gymnastic Association, (of which he was a prominent and active member,) holds a meeting this evening to take some action relative to his death.

The remains of Lieut. Darlington will arrive from the East by the noon train to-day, and be immediately conveyed to the Allegheny Cemetery from the depot. The Duquesne Greys (to which corps the deceased formerly belonged) will accompany the body to its last resting place as a military funeral escort.

BLANKETS AND SOCKS FOR THE ARMY.—The government finding it impossible to procure enough blankets, socks, &c., for our troops during the winter, by purchase from dealers, Jacob Glosser, Esq., of this city, has been appointed by Quartermaster Meigs agent here to collect all the blankets, socks, coverlids, &c., which can be spared for the use of the volunteers. He will receive all furnished by societies or individuals and forward them for distribution among those who most need them.—Let all who can spare such articles send them in at once that our soldiers may not suffer by cold this winter. Pittsburgh can do her duty if an effort is made.

SUNDAY LIQUOR SELLING.—Information was made before Mayor Wilson yesterday against Henry Shields, Third street, near Market and William Georgi, in the Diamond, for selling liquor on the Sabbath day. Shields was arrested and gave bail for his appearance. Georgi is not in the city.

From the Sickles' Brigade.

CAMP MCCLELLAN,
October 18th, 1861.

DEAR POST—It is raining to-night, and I am quietly seated in my quarters, so I shall try and review the occurrences of the week. Sunday evening last we received the order to pack traps, and be in readiness to march at four o'clock the following morning. I was busily engaged during the night in arranging the medicines, field cases, &c., which gave the men an idea that some unusual work was in contemplation. But the order was, for some reason unknown, not carried into effect, and still remains in *statu quo*. However, we have still under consideration an early visit to the shades of Munson, or some place in close proximity. Our regiment is ready, willing, and has the requisite nerve to do the work, and in the proficiency of arms we are not to be excelled by any regiment in the brigade. This sounds like saying a great deal in our own favor, but "so mote it be."

On Monday we were again agreeably surprised by the appearance of the paymaster in our encampment. Two months pay were due us during our march, but payment was unavoidably deferred until the day mentioned above. This is our second payment and dates from June 30 to Sept 1. From August 16th we received pay at the rate of $13 per month—all time previous $12. Since the above transaction, some thirty or forty members of the regiment are *non est inventus*, doubtless gone to the city, to invest their treasury notes, or rather get them *cashed, perhaps*.

In my last I promised to give you the details in regard to our lately instituted ambulance drill. The squad consists of fifteen members, one detailed from each company. According to U. S. army regulations (under the head of nurses), it requires five persons to man each stretcher, or litter, being numbered off respectively 1, 2, 3, 4 and 5. Nos. 1 and 2 are required to attend the poles or arms, and insert them in the canvas; Nos. 3 and 4 place the supports in the proper position and tighten the cords; while No. 5 is supposed to be mortally wounded and lies prostrate upon the ground, at a short distance. The order is then given by the surgeon "First Relief (Nos. 1 and 2,) raise stretchers; forward, double quick, march;" and they start off at a rapid gait, the first man stepping out with his right foot, and the second the reverse. This is practised for the simple reason that it gives the stretcher an easy, undulating motion, more pleasant than otherwise to the occupant, whereas if they were kept by both it would cause pain, and in case of a severe wound, be the means of severe hemorrhage. I should mention that the hospital steward hastens to the rescue, adjusts a tourniquet to No. 5's shattered member, and places him in an easy position until the arrival of the relief. After reaching the wounded man, the command "halt" is given, and after a thorough examination of the person, he is carefully laid upon the stretcher, and, feet first, carried slowly towards the ambulance wagon by Nos. 3 and 4 (who keep always within a short distance) and, with due regard for his feelings, laid upon one of the sliding mattresses that occupy it, and placed in the position required. The driver then mounts the box, and moves cautiously in the direction of the hospital, where the work is again repeated, viz: transporting him from the ambulance to a bed, where the final surgical operations are performed. During the foregoing performance due regard is to be paid to the position of the injured limb or wound, and we have a great many expedients as the necessity of the case may demand. But you have had sufficient of "ambulance drill," so I shall *hop* to another subject.

Our grand brigade review, which has been the theme of conversation for some time past, came off on Tuesday last, and with the usual eclat of such an occasion. Gen. Hooker, of the division in which we hold so important a position, was present and in command. The order which he delivered were obeyed with admirable promptness, and though *Old Sol* took it into his head to smile *warmly* upon them, they stood up manfully and performed the several difficult brigade evolutions with becoming promptness and alacrity. It was a beautiful sight to view nearly four thousand men stretched out on the broad field, their arms and accoutrements bristling in the sun—it was indeed a grand spectacle, and one that I am sorry I cannot with justice expatiate upon. Gen. Sickles was upon the ground and looked the soldier all over. He has a fine, commanding voice and a thorough military bearing.

The Third regiment have received marching orders, and leave to morrow morning early to tread the same march and route passed over by us a short time ago—viz:—Port Tobacco, &c.

Our Colonel (Dwight) has been lying very low with typhoid fever, and was removed to the Asylum, near the city. He is now, however, convalescent, and it is to be hoped will, at an early day, be enabled to again take command. For the present our Adjutant is in possession of that important position and fills it to the satisfaction of all. He is one of the finest officers in the brigade, and more than once of late the boys have shown their appreciation of his valuable services.

The rain pattering on the tent has the effect of making me drowsy, so for fear of making any blunders I shall make my quiet exit. More anon. Yours truly,

R. C. H.

Report of the Local Inspectors.

In accordance with the order requiring them to make semi-annual reports to the United States District Court, of the number of hulls and boilers inspected by them, the Local Inspectors yesterday submitted the following report:

OFFICE OF U. S. LOCAL INSPECTORS,
Pittsburgh, Oct. 15, 1861.

Hon. Wilson M'Candless, Judge of United States District Court:

SIR: In compliance with instructions of the United States District Court, we, the undersigned, Inspectors of Hulls and Boilers of Steamers navigating under the act of Congress approved July, 1838, respectfully report that from the 30th day of April, 1861, to the 1st of October, 1861, there have been 18 inspections of hulls and 35 inspections of boilers.

In making our report we again have the pleasure of stating that no accident has occurred to any steamer of our inspection from explosions or other accidental escape of steam, or loss from damage to hulls.

Very respectfully,
REDMOND J. GRACE,
THOMAS SNOWDON,
U. S. Local Inspectors.

LOCHIEL CAVALRY.—A few more good men are still wanted to fill up Company A of the Lochiel Cavalry, now in Camp Cameron, at Harrisburg. Lieut. Aaron Sullivan, of this city, is attached to the company, and any one enlisting with him can feel confident of the best treatment at his hands. The agent here is George Morris, who can be found at the Red Lion Hotel, St. Clair street, where all necessary information can be had. The artillery is the favorite arm of service, and here is a splendid opportunity of entering it, under competent officers, in the regular service.

NEW OYSTER DEPOT.—MR. J. B. D. Clark has opened a depot for the sale of fresh oysters, under Gildenfenney's news depot, opposite the Theatre, Fifth street. There he daily receives supplies of the best Baltimore oysters, which he will furnish, at the lowest prices, in any quantity, in cans or shell, warranted good. Clark is an enterprising dealer, and will have the delicacies of the season as they come to market. He has now a fine lot of Jersey sweet potatoes. Call and see him at his new quarters, where he will receive consignments for produce generally and make prompt returns to the shipper.

THE RECEPTION OF GEN. NEGLEY'S BRIGADE AT WHEELING.—We take the following from Monday's Wheeling *Press*: "On Saturday evening, there was quite an excitement on the levee. It had become very generally known that six steamboats, laden with soldiers, were coming down the river from Pittsburgh. About 3 o'clock they came in sight, when a grand salute was fired by our gallant General Duffy.—This brought a large crowd down to the levee. Indeed the whole wharf was densely crowded with people, eager to see the brave soldiers who were going to fight the battles of their country. As each boat passed the bridge, which was completely covered with citizens, three loud and animated cheers were given. General Duffy, also, kept up his cannonading. All along the levee, as the boats passed down the river, the dense mass of human beings would send up one united cheer, which rent the air all around. Where these soldiers were going, is more than we are able to say. They looked like a bold and determined set of fellows, and if their services are required, we presume we shall hear a good account of them.

About midnight Saturday night three more boats came down from Pittsburgh with the Minnesota regiment aboard.—Something will be done some of these days."

THE ANGEL OF DEATH.—We have neither time nor space to notice this new piece at length, or the reception it met with by the enlightened audience in attendance at its first representation last evening. The piece was well performed throughout, all in the cast doing their utmost to make it successful. The play itself is admirably written, has some touching scenes and fine sentiments. It is, in our opinion, worthy of all the applause bestowed on it and should be seen by all who love the drama, especially those who prefer something fresh to the old, hackneyed pieces. The "Angel of Death," will be repeated to night and we urge a full attendance.

BAIL RE-ENTERED.—In the case of Sylvester W. Murphy, the chief witness in the Frowenfeld conspiracy case, given up by his surety, Mrs. Sidney J. Robinson, last week, on a bail-piece, application was made to the Court of Quarter Sessions yesterday afternoon for his admission to bail in the sum of the former recognizance ($5,000) for his appearance. Mrs Robinson having already given Murphy up once, the Court required additional freehold security with her, which was given and Murphy again released.

ANOTHER ALLEGHENY SOLDIER DEAD.—Joseph Frew, late of Allegheny city, a private in the Federal Guards, Capt. Hull, attached to Col. Black's regiment, died at the Hospital in Washington city, on Tuesday last, of typhoid fever. Deceased was about twenty-one years of age and brother of David Frew, killed in Allegheny last spring. It is also stated that Robert (known as "Cedar") McChesney, of Allegheny, a member of the same company, died of the same disease a few days since.

NEW INDICTMENTS FOUND.—The Grand Jury yesterday returned new true bills against the Messrs. Frowenfeld and Morganstern and Charles M. Neal, for conspiracy to defraud the State (in the manufacture of army clothing) to the amount of about $10,000. The offence is charged in the same manner as in the first indictment. Those of the defendants who are in the city have been already admitted to bail for their appearance.

LIEUTENANT WOUNDED.—A letter from the Ninth Regiment, Pennsylvania Reserve Corps, states that Lieutenant Wills, belonging to Captain Fleming's company, was accidentally shot the other day, the ball passing through the calf of his leg, and inflicting an ugly though not dangerous wound. The accident was caused by the pistol falling from his hand, when it exploded, with the result stated.

ECLECTIC MAGAZINE.—Henry Miner, Fifth street, sends us the Eclectic Magazine for November. It is a splendid number, full of valuable reading matter and has a beautiful engraving of Frederick the Great, which is alone worth the price of the book.

GOV. CURTIN announces that he cannot accept proffers of new regiments at present, Pennsylvania having already a sufficient number of regiments to meet the requisitions of the national government and these filling up as rapidly as could be desired.

BODY FOUND.—The body of George Crandle, drowned from an oil boat in the Allegheny river on Saturday, the 12th, was found on Sunday in the Ohio river opposite Kilbuck. One hundred and fourteen dollars were found on his person.

DIVIDEND.—The Pennsylvania Railroad Co. have declared a semi-annual dividend of three per cent. out of the profits of the last six months, payable, clear of tax, to stockholders, after the 5th prox.

OUT OF DANGER.—Fergus Fahey, stabbed in the abdomen by Michael Gagen in a recent affray, now at Walters' hospital, has recovered so far as to be out of danger.

FORKS.—Just received—another lot of those splendid silver-plated forks, at the Dollar Store. Supply yourselves, ladies, while you have the opportunity. 3t

DENTISTRY.—Dr. C. Sill, No. 246 Penn street, attends to all branches of the Dental profession.

Humbolt, Kansas, Burned by the Rebels.

LEAVENWORTH, October 21.—The *Conservative*, of this city, has advices that the town of Humbolt, Kansas, has been totally burned by the secessionists from the Indian country. It is thought probable that the records were destroyed.

The Republican State ticket is formed without regard to political principles. The last Legislature having failed to provide for an election in the ensuing November, it is claimed by those opposed to this movement that the present incumbents hold on till January, 1863.

Two hundred wagons and one thousand yoke of oxen have been sent to Fremont's command within the past week.

The steamer Florence arrived here this morning from St. Louis, having come through unmolested.

A Gallant Reconnoisance.

EDWARD'S FERRY, October 21.—This morning, at 1 o'clock, five companies of the 15th Massachusetts had crossed the river at Harrison's Island at day break. They had proceeded to within a mile and a half of Leesburg without meeting the enemy. They still held on, supported by the remainder of the regiment, and part of the 20th. A gallant reconnoissance was made early this morning by Maj. Mix of Col. Van Allen's cavalry and Capt. Stewart, A. A. G. from Edward's Ferry, towards Leesburg, with 30 cavalry. They came on the 14th Mississippi regiment, received their fire, and returned with their pistols, falling back in order and bringing in one prisoner. We have possession of the Virginia side of Edward's Ferry.

Additional accounts say that up to three o'clock to-day Stone had held his own satisfactorily there, though his comparatively small force upon the Island are engaged with some 4000 of the enemy.

Brig Chased by a Privateer—N. Y. Bank Statement.

NEW YORK, Oct. 21.—The ship R. M. Mills arrived here this morning. She reports that on the 19th inst., when 200 miles South-east of Cape Hatteras, she spoke a brig hailing from Baltimore which that afternoon had been chased by a privateer.

The bank statement for the week ending yesterday shows an increase of specie of $1,143 277; a decrease of loans of $1 490,476; decrease of circulation, $149 417; decrease of deposits, $2,755 424.

The Pony Express to be Discontinued.

ATCHISON, Oct. 19.—Orders have today been issued by the President of the Pike's Peak Express Co., of this place to stop the running of the Pony Express as soon as the California Telegraph Line is completed, which will probably be next week. It is therefore probable that not more than one Pony more will run.

Distruction of Newspapers at Terre Haute by Volunteers.

TERRE HAUTE, IND., October 21.—Two or three companies of the Forty-Third Indiana regiment, stationed at Camp Vigo, near this city, under command of their Colonel, entered quietly this evening and proceeded to the office of the *Journal* and *Democrat*, and demolished everything. They then proceeded to several private houses, and served them in the same manner. The citizens are organizing to proceed to take the camp. There is great excitement.

Washington City News.

WASHINGTON CITY, October 21.—A subsequent dispatch received this afternoon says that General Evans, of the rebel forces, has four field and three pieces masked, and about 4000 men. A prisoner, who was taken, mentions that he has 4000 rebel troops and expects reinforcements.—General Stone, at that time, believed that he could occupy Leesburg to-day and hold it. The dispatch is dated Edward's Ferry.

The statement of the Boston *Journal* of the 18th, that letters of credit for £12,000,000, or nearly $60,000,000 have been sent to Europe to government agents, to purchase army woolens, is regarded as another evidence of exaggerations which sometimes occur and cause mischief. On careful inquiring it is found that the sum of $400,000 was sent and $400,000 more is to be sent in thirty days, in all, less than a million of dollars, to secure cloths to be made up in this country to meet the pressing wants of our soldiers in the field until our own manufacturers can supply the goods now so much needed. It was a wise precaution on the part of the government officers, whose duty it is to see and know that the wants of the soldiers are provided for. The greatest care was exercised in the selection of agents to execute the order. George P. Smith, Esq., formerly of Pittsburgh, a gentleman of unblemished character and large experience as a merchant, was requested by the Department to aid Col. Thomas in selecting and purchasing materials, which he does without compensation for his services, but solely to assist the government, from the best and most patriotic motives.

The policy of the Secretary of War in supporting home manufactures, when it is possible to be done without positive injury to the service, has been so frequently exercised in a practicable shape, for the benefit of our manufacturers, that no question can arise in this case.

In connection with the fact that payment has been suspended of debts created in the Department of the West, it is proper to state that the Investigating Committee appointed by Congress to inquire into all contracts, are now in session in St. Louis and have, on their examination, discovered great extravagance in the public expenditures. In view of all the circumstances it is apparent that the Administration will yield to the necessity of completely re-organizing the entire Department, to accomplish which Gen. Fremont will be transferred or assigned to some other duty.—The President and his constitutional advisers are determined that this Department of the service shall be managed with prudence so far as they have and can exercise the power to control it. While the steps necessary may effect the standing or position of some few individuals, it is considered better that such changes should be made rather than the great interests at stake should suffer by hesitation or inaction on the part of the government.

The Commissioners of Patents have decided on McCormick's application for the extension of his reaper patent of 1847. First, the invention is one of great utility and importance to the public. Second, that the sums already received by McCormick, and the sums he is entitled to recover from infringements, together amount to an adequate remuneration, and, therefore, the patent should not be extended. Parties residing in the state of New York, and opposing the extension, were represented by Judge Dewitt C. Lawrence and Robert W. Fenwick of Washington City.

Reconnoisance up Tennessee River.

CAIRO, Ill., October 21.—The gun boat Conestoga made a reconnoisance up Tennessee river yesterday, as far as the State line, and found a strong rebel force near the Tennessee line. She returned this afternoon, having seized two barges loaded with flour, destined for the rebel camp.—It is reported that the rebels were in strong force at Blandville on Saturday. It is also reported that Hardee's force of six thousand strong are at Belmont, Mo.

From Missouri.

ST. LOUIS, Oct. 21.—The Union scouts report the total number of armed rebels in south-eastern Missouri at 6,000. A man direct from Price's army says that Jackson's rebel legislature is in session at Stockton, the county seat of Cedar county, which place McCulloch was approaching with from 6,000 to 12,000 reinforcement for Price.

A False Statement Denied.

ST. LOUIS, Oct. 21.—The statement of the Washington correspondent of the New York *Tribune* that Captain Prince, commandant at Fort Leavenworth, refuses to recognize Gen. Fremont, his superior officer, is false.

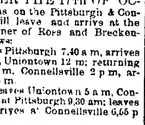
TO THE PUBLIC.



ESPECIALLY the ignorant and falsely Modest Physicians of all denominations, treat secret and delicate disorders, self abuse and diseases or situations common and incident to youths of both sexes, and adults, single or married. Because Brandreth publishes the fact of his doing so, the ignorant and falsely modest are dreadfully shocked, and think it a great sin very immoral, and for contamination and corruption among their wives, promising sons and daughters. Their family physician should be cautious to keep them in ignorance that they do the same as Dr. BRANDRUP, (except publishing) lest a lucrative practice might be lost to them among stupid, falsely modest and presumptuous families, born and raised in ignorance, springing as mushrooms, and who compare society, intelligence, sense, &c., to dollars and cents, mysteriously, meanly or silly action. It is to publicity, however, that numerous parents and guardians are thankful that their sons, daughters and wards, previously feeble, sickly and of delicate condition and appearance, have been restored to health and vigor by Dr. BRANDRUP, besides many before and after marriage through him have been saved much suffering, anxiety, mortification, &c. Having the advantage of over thirty years experience and observation, consequently, he has superior skill in the treatment of special diseases, and who is daily consulted by the profession, as well recommended by respectable citizens, publishers, proprietors of hotels, &c. CITIZENS AND STRANGERS in need of a medical friend, should not fail to find out the sure place of relief. The Doctor is a regular graduate, and his experience in the treatment of a certain class of diseases is a sure guarantee to the sufferers of obtaining permanent relief, by the use of his remedies and following his advice.

DR. BROWN'S REMEDIES never fail to cure the worst form of Venereal Diseases, Impurities and Scrotulous Affections. Also all diseases arising from a hereditary taint, which manifests itself in the form of a tetter, psoriasis, and a great many forms of skin diseases, the origin of which the patient is entirely ignorant. To persons so afflicted, Dr. Brown offers hopes of a sure and speedy recovery.

SEMINAL WEAKNESS
Dr. Frown's remedies for this alarming trouble brought on often by that solitary habit of sensual gratification, which the young and weak-minded often give way to, (to their own destruction,) are the only reliable remedies known in this country—they are safe, and make a speedy restoration of health.

RHEUMATISM
Dr. Brown's remedies never fail to cure this painful disease *in a few days*—he will warrant a cure. He also treats Piles, Gleet, Gonnorrhœa, Stricture, Urethal Discharges, Female Weakness, Monthly Suppressions, Diseases of the Joints, Fistula in Ano, Nervous Affections, Pains in the Back and Kidneys, Irritation of the Bladder, together with all diseases of an impure origin.

A letter describing the symptoms, containing a fee, directed to DR. BROWN, No. 50 Smithfield St., Pittsburgh, Pa., will be immediately answered—Medicine sent to any address, safely packed and secure from observation.
