The evidence went to show that August last, the defendant, who the of Stewart, Dickson & Co., seized th animal by the tongue, in a fit of ill-tem per, and pulled the tongue from its head He did not pretend to deny the charge and the only point his counsel urged his behalf was whether the act had bee done wantonly and cruelly. Old Cali-fornians, the press, and well informed men generally concur in representing Fremont as totally incompetent to creditably discharge the duties of his present position. His personal friends maintain that he is brave and daring and think that he would distinguish himself in command of a brigade, but few believe him fitted, with either the business capacity or military skill and judgment of a great army. Unlculating men say that it will cost \$100,000,000 to accomplish, under Fremont, what might be accomplished for \$10,000,000 under a prudent and segscious Major General.

Dissatisfaction was said to exist among American resi dents at Yakapama, on account of the unequal rate of exchange, and that too, it is tated, under the sanction of the Minister and Consul. A petition had been signed by American merchants of high standing Yankanama and forwarded to the Pres ident, asking, in the strongest terms, the appointment of a new Minister at Yeddo
