GEN. FREMONT.

Although the public service required the sacrifice, we rather sympathize with the "woolly horse" pathfinder than otherwise. He had a delightful time of it in his position in St. Louis and his removal will go hard with him for some time to come.

When the rebellion first broke out, the arithmeticians in the service figured our expenses at "a million a day," but Fremont spent more than that every day since he took charge in Missouri.— very at the expense of his jndgment. The fact is, "he was carrying on for him- Its excuse is the one already advanced self," although he operated with Uncle by the Chicago Tribune for a similar Sam's resources. The First Battle. It is now generally conceded, says the New York World, that the first great battle in the advance will probably take place at Centreville. The rebel army is massed between that point and Bull Run in force. From the cautious manner of McClellan's advance they see that it will not do to give on the old battle ground. From the present rate of advance, its may be a week before Gen. McClellan reaches that point. There may, however, be a dash in another direction as a diversion, but it now looks as though there will be a series of battlesat Centreville, Bull Run, and Manassas. immense advantage in rifled cannon and arms ought to give us the victory.

LOSE NO TIME.

R E A D:

FOR A NUMBER OF YEARS PAST I have been gradually growing deafer and er. I have tried numerous physicians and edies without any effect, the noise in my head remedies without any effect, the noise in my head increasing to a very distressing extent. From seeing the testimonial of a clergyman, well known to me, I was induced to put myself under Dr. Von MOSCHISKERS treatment tespes incoming ago. My case was a very obstinate one, and after four months treatment became somewhat discouraged, but yet persevering. I am more than happy to state that the noises in my head, so differently have entirely left me, and that my hearing is very much improved as all my friends, and those in business connection with me, can testify. From my marked improvement I am fully satisfied that I will recover the hearing which I thought hopeless by lost to me.

I certify that Dr. VON MOSCHIZISKER effected a most estimate tory cure of my son, a boy of fifteen vers of age, who has been deaf for several years. The loss of hearing being accompanied by a very offensive and disagreeable discharge from his ear PATRICK DUFFY.
