I have been gradually growing deafer and deater. I have tried numerous physicians and remedies without any effect, the noise in my head increasing to a very distressing extent. From seeing the testimonial of a clergyman, well known to me, I was induced to put myself under Dr. VON MCSCHISK ER'S treatment seven months ago. My case was a very obstinate one, and after four months treatment became somewhat discouraged, but yet persevering. I am more than happy to state that the noises in my head, so distressing have entirely left me, and that my hearing is very much improved as all my friends and those in business connection with me can testify. From my marked improvement I am fully satisfied that: I will recover the hearing which I thought hopeless ly lost to me.

By Yesterday's Telegram. From Washington Fire in the General Hospital Sword for Gen. M'Clellan.

Washington, November 4—At one o'clock this morning a fire broke out in lower story of the general hospital, on Judiciary Square, originating from a furnace. The combustible parts of the main building and of the right wing, together with the roofs, were destroyed. When the flames were first discovered, nurried preparations were made for the

hurried preparations were made for the removal of the sick and wounded soldiers—about fifty in number. This was effected in good order and with safety to the patients, who are now comfortab ly cared for in the neighboring City Hall, and other buildings in the immediate vicinity. Most of the chamber furniture was saved. The antiquated and insufficient city ire apparatus prevented the entire destruction of the hospital.

The employment of a steam appara-tus has become a public necessary.

Fortunately thirty of the patients
were, on Thursday, removed to Annapolis.

Chased by a Pirate---Vessel Wrecked. NEW YORK, November 4.—The bark Rapid, which arrived at this port this morning from Vera Cruz, reports that she was chased by a pirate schooner off Cape Carnaveral. The bark Edward, Capt Wm. McIntyre, of New Bedford, three days from Monrovia, in ballast, came ashore north of the Highlands at 2 colock this morning. The cases are the same of the cape of o'clock this morning. The passengers, numbering sixty-eight persons, and the crew ten, were all saved. The chances of getting the vessel off are poor, as she has lost her rudder, and is thumping severely.
