Waval Expedition.

The Turin (Italy) correspondent o

So rapidly and surely is the power of the 'army' being felt that all eyes are turned upon it, and the politicians are struggling savagely to get places of com-raying of the Swiss Alpe: but there was mand in its ranks. They leave their something awe inspiring. in the almost platform and take to the goose step and "fineless" extend of these Canadian lakes. infantry tactics. The military men, how-ever, have their eyes on them. The No mountain to receive and re-echo the artilley of heaven; no hill to oppose itself to the hurringne which drove the moist gentlemen who desire to go among the clouds before it I felt a mere solitary troops for political purposes, and get, for speck, an atom, by the disolate vastness example, the votes of the natives of that scene.

Pennsylvania on the State nominations, The Cotton, Question in Europe-The have had any thing but an easy time of t in reference to passes to cross into Virginia or any thing else. The intriguing of the lobby for jobs is now cast aside for the intrigues by which date of the 22d of October, says : military preferment or good contracts are to be obtained. "I hope, for my part." said a person at Pittsburgh to me, "this war will last for the next ten years; it will do our people good, and my trade was never better !" "Wait finished or the blockade broken. It is till you see," quoth an officer who had been talking of certain articles in the a mere pretext under which a powerful fleet steaminto the Gulf, there to watch American press. "Our fingers are not long enough to reach New York just the opportunity to procure an outlet to vet, but we'll be able to put our thumbs the cotton of the rebel States. All the on the throats of these gentry before long. You'll see whether the press or the army, by which I mean the two services, will govern this country in the end." The animosity to the politicians of the press is remarkable, and the election-managing committees of the delighted to hear the way in which a recent exposure of the peculiar pecuniary apparatus by which State elections are determined in this country was received by a small military colorie a few evenings ago. It is significant enough of the relations between the State and the army to see Mr. Lincoln walking over daily more than once to visit Gen. McClellan's quarters. Praydonot think desire to insinuate that the General s in any way desirous that the chief of the State should adopt that course, or that he would consider it beneath him to wait on the Executive, instead of the Executive waiting on him. plantations.

An Interview between Federal and

Confederate Pickets. A correspondent of the New York Times, writing from Poolsville, on Friday last, says :

to see the naval expedition, which is to This afternoon I rode over Conrad's attack the Southern ports, especially Ferry, and had a glimpse of some rebel Charleston, Wannah and New Orleans, pickets. A detachment of the Tam. successful, before the Franco-Hispanomany boys were on duty on this side, English fleet arrives in the Gulf. Thus and had hailed the pickets on the Vironly can the danger of foreign compliginia shore, just as I rode up. We cations be averted. We look with the could see them distinctly; they had on uthost anxiety upon the present con-no coats, but wore red shirts and black dition of the United States, and deplore pistols. The following conversation took which, for the last three months, has

paralyzed the forces of the Union." Rebel Picket -- Hallo, stranger, we

He, and those like him, who have on public affairs by first rate political tal-on the unaided by public position. Without been denouncing the union of free and eloquence-he is incapable of making a slave States, and inculcating an irrepres-sible conflict between them, are just as responsible for the rebellion as Mr. Rhett is. Fanatioism in both sections Bry wealth, Mr. Weed exerts an influence which has long made him the ally of our has produced our civil war, and now one which has long made him the shiy of our most eminent statesmen. It is true that set of agitators is endeavoring to blame be has for thirty years been a leading jourit on the other. To re-unite the States as they were, and as President Lincoln brings more or less political consideration; but his journal is seldom seen out of his hopes to accomplish, is not the desire of own State, and has long been overshadow-Summer and his associates. He wants ed by the first class newspapers of the me. no union with slave holders and no govtropolis. His influence is that of the man, Thurlow Weed. It results from the exernment that tolerates their institution : ernment that tolerates their institution; traordinary penetration which gives him he is for the annihilation of slavery, re-gardless of consequences, and for the destruction of our government if it stands destruction of our government if it stands selor, and from the warmth and fidelity in his way. While pathotic men of all which, combined with his intellectual fasparties are willing to forego something ulties, have enabled him to attach more of their political feelings for the sake of friends and secure a larger political follows of their political feelings for the sake of ing than any other man in the country country, is it not alarming to see this who was not a promising candidate for the soholastic demagogue fanning the flames which are consuming the Union? Specie Flow Between Europe and

lozen years ago he declined a first class America.

America. It is well known that there has been a steady flow of specie to the United States from Europe for the last eight months, amounting in all to some forty millious of dollars more than has gone from here of dollars more than has gone from here to Europe. The reason is that we have, in a great manner, ceased to import European of dollars more than has gone from here to Europe. The reason is that we have, in a great manner, ceased to import European of the second - great manner, ceased to import European luxuries, owing to the war and our econo-mical necessities, while Europa, owing to her short harvest, has been obliged to buy largely of our breadstuffs to feed her suffere incommiliant. In this more than the suffere ing millions. In this way, despite the and can notice the existence of the rebel diplomate and counteract their schemes fact that the cotton grop has not gone out, without any implied recognition of them the balance of trade has been largely in by the government. Mr. Weed's sagacity, our favor. A different result was anticia wide knowledge of men and unactivity, nated by many, especially by the London rivalled skill as a political strategist, will be an overmatch for the intrigues of Slidell Zimes, and that print is yet unwilling to and his associates; and there can be no give up its theory that the state of things boubt that both Mr. Adams and Mr. Dayin this country must drain us of specie that | ton will be glad of so able a coadjutor. will go to Europe.
