OFFICIAL PAPER OF THE CITY WEDNESDAY MORNING::::NOV. 13.

CITY MATTERS. MORE REBEL OUTRAGES IN VIRGINIA -A Union man named James Duncan is now in the city, with his wife and no means of subsistence, endeavoring to reach Cincinnati. He was a resident of Culpep. per, Va., where he had lived eight years. About five weeks since his house was visited by a band of rebels, who stole from him eight cows, four horses, his bedding, clothing and all the money and provisions

in the house, obliging him to fly with his wife for safety. His two children had been sent to Cincinnati some time before. He informs us that the houses of many Union men in the vicinity were plundered and burned and hundreds of them pressed into the service of the Confederate States; that there is no crop within fifty miles of Oulpepper (in Virginia) that will be saved, the country having been completely devastated. He is left penniless and is much

in need of asisstance. The Wheeling papers say that one night last week, in Lewis county, no less than five Union men were killed by roving band; of rebels, in the vicinity of Westen.
Their names are William Brake, Owen Mulvy, Porter Arnold, Wm. Blair and another. Arnold was a secessionist last spring, and ran away to the rebel army. He subsequently returned and made pro fessions of loyalty, for which, it appears, his life was taken. Great excitement prevails in Lewis and the adjoining counties, and the Union men are fleeing from the neighborhood as best they can, taking with them what little effects have been

spared from the general ruin. The Si. Louis Fugitives. The case of Nicholas Walton, the St. Louis government contractor, comes up on final hearing before the Mayor to day.
We learn that another habeas corpus before Judge Williams has been applied for, to be urged in case Walton is finally committed. The woman is still in the city and

at large.
Walton is daily becoming more closely entangled in the meshes of the law. Fear-ing that other proceedings against him might fail an information was made before the United States Commissioner here, charging him with defrauding the governnd yesterday a commitment for further hearing was ledged against him by Commissioner Bailey. The hearing for to-day, so that even should the Mayor discharge him, and the habeas corpus be allowed, he will still have another ordeal go through before regaining his I berty.

GUNS .- We refer our readers in Alles gheny City and the country to the card of J. Fleeger, gunsmith, of Allegheny City. His terms are moderate and he may be re lied upon as an accomplished workman,

well skilled in his business. EARLY on Saturday morning last a party of rebeis numbering one hundred, known as the "Mocasias," succeeded in surprising some forty home guards, under Captain King, one mile back of Murraysville, in Jackson county, Va. The rebels compelled their prisoners to take oath not to bear arms against the rebels, when they were released. Their arms, uniforms and accoutrements, forty in number, were taken by the rebels. Nor PAID OFF -Colonel Rippey has written the following, contradicting the rumor that his regiment has been paid off: HEADQUARTERS 61st REGIMENT, P. V.) Spring Bank, Nov. 8, 1861.

MR EDITOR: - Several members of this regiment having reported that relief had een withheld from their families, because they had been paid off and refused to send money home, be good enough to let me say through your paper that if such report has been raised it is entirely erroneous.— Not an officer or soldier in the regiment has yet, directly or indirectly, received a cent from government. We expect soon to be paid off, though I have as yet received no official notification to that effect.— Still, I do not doubt that the order to muster in the men was made with this view.
Yours, respectfully, O. H. RIPPRY.

McKendree Reilly, on "Apocalpytic Foreshadowings of Amerevening, under the auspices of the Young Pittsburgh and Connellsville Railroad Men's Mercantile Library Association, to l audience, certainly one of the most intelligent we have ever seen gathered in this city. The War in Western Virginia and Kentucky. CINCINNATI, November 12.—The battle at Pikeville issted from Friday till Saturday, and the victory was complete. Gens. Williams and Howes are among the pris-

the rebels, who had been shelling "Camp Tompkins" from Cotton Hill, had retired ipon the approach of the force under Col Devillier. Nine of the enemy's pickets were killed, with no loss on our side. Col Devilliers has taken possession of the hill. The defeat of the Union forces at Guy. andotte was accomplished by trickery on the part of the inhabitants. It seems that a force of rebel cavalry variously estimated at from 500 to 1,000 had concentrated in the country back of the town. These proposed, with the assistance of the rebel inhabitants of Guyandotte, to annihiate the Federal forces in the town. This force corsisted of 250 of the Virginia regiment, and a few of Ziegler's Virginia cavalry — It was arranged between the rebel cavalry and the rebel citizens to massacre our troops in cold blood. Accordingly the reb el citizens were very kind to our troops ast Sunday evening, and invited them to their houses on various pretexts, and all who were off duty accepted the invitation. While they were being entertained, the rebel cavalry dashed into the town. Sig-
