The Mayor approved of the proposition and the exhibition will be given at the time named. We hope it may realize a handsome sum for so excellent an object.

Major Stokes at Clarion. Major W. A: Stokes has just returned from a tour through the wilds of the North West. Every where he met with signal success-aroused the patriotism of the people-and obtained many recruits. From among the notices of his speeches we copy wing from the Clarion Democra Hon. James Campbell introduced M. S, who, in words of surring eloquence and in sentiments dictated by patriotism and exclusive love of country, enchained the large audience for nearly two hours. Ma Sickes believes that our country is stil united by constitutional ties that have no and cannot be broken, and that every inch of the Union is still held as sacred as ever it was that South Carolins, like Massa chusetts and all the other States, are part and

parcels of the Confederacy and never were overeign in themselves-hence we war for the compact; no subdivision—no border and loyal States exclusively, for thirty-Maj. S, dealt very fairly with the political parties as such in '60. He disconnects politics with the war-although having been born a Democrat, lived a Democrat. and intending to die a Democrat, he de fends the Administration in its war policy and will oppose political interference with the plans adopted to relieve our country from the devastating war raging in it

MILITARY MOVEMENTS.-If there is any truth in rumors now affoat, we shall have a stirring time among the military this and next week. Colonel Hartrauft's bist regiment marched on Saturday, Col. and probably three others will leave Camp Curtin this week, and Williams' Cavalry and Powers' Zouaves will leave Camp Cameron, providing transportation can be obtained. Nearly all of the railroads are at present worked to their utmost capacity in carrying supplies to the army on the ginis, for which he received a cutting re Potomac, which appears to be of the great. est importance; so that it is with great difficulty that transportation for troops can be had, but extraordinary exertions are to be made by the companies to get these six regiments off before the close of the week. The regiment of Col Hart-rauft is composed of good material, two-

thh ds of the men having been in the three-months' service, in the Fourth regiment, under the same Colonel The regiment of Colonel Thomas A. Zigle was findly disbanded on Saturday last, and the companies of Captains War terbury, Shearer and Bennet were trans-ferred to Colonel White's regiment in Camp Curtin, tegether with a line regi-mental band.
