JAMES P. BARR, EDITOR AND PROPRIETOR. PUBLISHED DAILY, except on Sundays, at the Post Office, No. 101 Water Street, New York.

OFFICIAL PAPER OF THE CITY OF NEW YORK. THURSDAY MORNING, NOVEMBER 21, 1862.

CITY MATTERS.

What is to be done for the Relief Fund? No long since we published a statement of the amount of the fund for the relief of the families of our brave soldiers...

What, then, can we do to make up this deficiency, which we are bound to supply? It requires a large sum, \$3,000 per week, to give to each applicant the small average sum of \$1 per month...

The Chicago correspondent of the New York Times writes as follows: A DRAWBACK ON STUMPTAX.—You understand the meaning of the term stump tax? It is a tax on the stump of a tree cut for a national election...

The fund might be replenished in a variety of ways, in which money might be obtained from the citizens without the tax being heavily felt by any. A very popular plan is that of collecting the money from the wealthy...

It will also be remembered that last summer the City of New York made a great contribution of \$200,000 to the purchase of arms and equipping the Home Guards. This organization is now among the memories of the people...

Our citizens have ever been liberal in such matters and although they have, in many instances, contributed to the relief of their fellow citizens, we feel assured they will not grow tired in so good a work...

Indeed, we have every confidence that from the various sources named, and perhaps others, the fund will be kept up. To do this our public officers must continue to work, putting their shoulders to the wheel...
