Meeting of Merchants concerning Discriminations in Eastward Freight. Quite a number ef our merchants assem bled at the Board of Trade rooms at ten o'clock on Saturday morning, in pursue ance of a call, "to take into consideration the trouble attending the shipment of freight Eastward, and to devise some means by which the merchants can at least get a just share and proportion of the tions of the Pennsylvania Rails

The meeting was organized by the electon of J. mes Park, jr., President, J. S. Di worth, Esq., Vice President and John Lin sav. E.g., Secretary. chairman stated the object of the

meeting.
Mr. McOreery said the difficulties attending the shipment of freight Eastward had become so serious that they must be remedied. Discriminations and grievances are delly growing worse and comp's nis are met by gruff re lies. Shipping facili-ties cannot be obtained; although cur warehouses are filled up with produce, and, if there is no improvement, our business will be utterly ruined.

Mr. Hirbaugh moved the appointment of a committee to confer with the officers of the P nuiv vania Bailroad Company and assertain what number of cars are at the disposal of our merchants, how many are given to Clarke & Co., the Pittsburgh and Cleveland Ra Iroad Company, and the Pittaburgh, Fort Wayne and Chicago

Railrosd Company.

Mr. Dickey said such a committee had been appointed by the Board of Trade, to whom the Superintendent of the Penn ylvania, Railroad Company promised thirty cars daily; the number has since been reduced and wo are now in a worse It consists of two parts, one for cutting condition than before. He cited various the back the other the front part of the leg instances where merchants had auflered asly from delays in shipment. cats par day were chiefly occupied in transporting government freight from this

Mr. McCreery proposed an amendmen; -that the Committee ascertain how many cars, out of the four thousand owned by the road, had been heretofore given us and what we are to expect in the future. Some discussion followed on the original metion and the amendment, Mr Harbaugh insisting that we should know how many

tirely independent of others. Mr. Cass favored the original motion, a the belief that the amendment would afferd no practical relief. It had been said that tom, who were aggreeved were fearful of participating in this meet ing, lest they should be "marked" by the He sells the exclusive right to negotiate Railroad company; as a Director of the sales in States selected by them, requiring company he would piedge nimself that if correctly informed of any gentleman being so "marked" he would insure the rem val of the person, in the employ of the road,

engaged in such "marking"

The motion, as amended by Mr. Mc Creery, was then adopted and the chairman appointed the following committee: Springer Harbaugh; William McOreery, Chas. R Arbuckle, Jas. S. Leggett, John B. Canfield. The meeting than adjourned until three o'clock in the siternoon to hear the report

of the committee. At three o'clock the meeting was again or realizing handsome profits in the onven.d, when Mr. Harbaugh, chair purchase of State rights. Remember payments are only required when sales are ac conv.n.d, when Mr. Harbaugh, chair man of the committee raised in the morn ing, stated that they had visited Mr. Carneigi, Superintendent and Mr. Stewart, General Fright Agent of the Pennsyl kindly and were disposed to give them all possible information. After leaving them, however, it was secentained that some matepossible information. After leaving them, however, it was secertained that some maters had not been investigated, and the committee saked until Saturday next to Liberty and Wayne streets. If it did not jeopardize the interests of the by the dozen can get them in two minutes' Mr. McCreery thought it would be unfair to the public, and perhaps to the Rail-road company, to report such facts as they had. The committee desired time to con-

sult and form a corclusion.

Mr. Dickey withdrew his motion and Mr. Arbuckle moved that the committee be requested to report on Wednesday at 3 o'clock, p. m. The motion was carried and the meeting adjourned until the time designated.

THE COLLEEN BAWN. - We congratu late Manager Henderson upon the excel-lent manner in which this really beautiful drama was produced on Saturday even-ing, when the defects of a first night were not apparent. The scenery was good and all seemed perfect in their parts, with one or two (inevitable, as they never are) exceptions The characters were well dis-tributed and well played. Mrs. Ettie Henderson, as Eily. was quite as charm-ing as ever; Miss Kate Newton played the country heiress (not the best character in the piece), admirably and looked mos Mrs. McManus was fair as the proud Lady Oregan; but Miss Lyne, as Shelah, rather overdid the part. Mr. Stuart and Mr. McManus were both excel lent as Hardress and Daly, the former displaying less of his inordinate vanity than usual; Mr. De Courcy might have improved on his brogue in Corrigan, but yethe was passable; Mr. Henderson did Dan ny Mann se well as all his other parts, which is sufficient praise. Mr. Collins, as Myles na Coppalen, "took down the house;" he is a capital Irishman and his songs are exquisite. Altogether the piece went off well and the audience was satisfied. We understand the "Colleen Bawn" is to be played two or three nights this week

and we advise all who can to see it

EINE POBLELAIN.—While visiting the Orphans' Fair lest week we observed some beautiful receimess of porcelain and Parian ware, which, on inquiry, we learned had been donated by the manufacturer of the possible of the decommend of the production o Mr. Blover, who has opened a new pottery at East Liverpool, Ohio. The speciment are very fine, equal in beauty to the French or English, and far more durable. The character of ware made at the point named is improving so rapidly that ere long we will have a great variety, equal, in every respect, to any now imported, and, of course, much cheaper.

DISCHARGED -In the Court of Quarter Sessions, on Saturday morning, the recognizances of six conductors on the Pittsnizances of six conductors on the Pittsburgh, Fort. Wayno and Ohicego Railroad, arrested last summer on charges of
embezzlement, were released, on motion
of their counsel, Messrs. Marchall and

B. was entered by a thief who gained admission by forcing off one of the shutters, and robbed of \$60 or \$70 worth of goods, consisting chiefly of clothing, boots, shoes and shawls, and \$2,60 in pennies. On Saturday Mayor Wilson having been informed of the robbery, sent out two officers. They returned without having found the thief. The railroad watchman saw a man walking up the track about eleven o'clock on Friday night, and Mr. Biair started to Ebensburg after him,

n the hope of recovering his goods. COURT MARTIAL .- A court martial was held in Camp Reed, on Menday last, for the trial of Jno. J. Stowe, who stabbed Ira Greer, a fellow soldier, in Erfe, on the lst inst. The guilty man was sentenced to twenty days hard labor and imprisonment during the same period. Both men having been intoxicated at the time. Green was also sentenced to be reprimanded in the presence of the entire regiment.

THE LATEST RUM R .- On Friday evenng, there were several arrivals in this city from New Creek and Cumberland, and the rumors which they brought were that Gan. Lander arrived at Romney on Thursday morning at three o'clock, and on Friday the forces at Romney under his command were fighting those under Jack. son near Romney - Wheeling Fress.

From Washington. WASHINGTON, January 11.—The dispatches received by the Navy Department to day from Captain Dupont, contain no teatures of interest in addition to those peretofore published in ralation to the Newyears day. The accompanying reports from Commander Regers and General Stevens show

that each of these gentlemen compliments the other on the efficiency and promptness of their respective brancies of the service To this happy accord is to be atributed the success of the expedition in lefeating the design of the enemy to shut order to encounter them at advantage. The steamer King Philip came up from the lower Potomac this morning and reports meeting the Pensacola between Mt. Vernon and Fort Washington, bound own.
