## CITY MATTERS.

ALLEGHENY CITY ITEMS.—From the reports presented at the meeting of Allegheny councils on Thursday night we learn that the revenue of the water works for the year was $45,014 88 and the expenses, $8,578 67. The extensions of pipe during the year, were 2,672 feet. The total length of mains now laid in the city exceeds twenty-one miles. The fire plugs number one hundred and sixty-one, and the stop cocks two hundred and twenty-nine. There are 210 public gas lamps in the city. The cost to the city for gas consumed, cleaning and repairing lamps, new posts etc. for the year 1861, was $4,715,03, as follows: Gas consumed by city, lamps, offices, and markets, $4,570 78. Repairs to lamps, new posts, etc., $144.25. Total, $4,715.03. The amount expended in cleaning and repairing streets in that city during the past year was $3,388 68. During the year there has been graded and paved of streets, alleys and side-walks, a front of twelve hundred yards, or nearly three-fourths of a mile, at a cost of $7,678 11, which has been assessed as follows: To the property, $6,527 54: to the city, $1,150 57. Of said assessments there has been collected and paid over to the contractors $3,156 15, leaving a balance yet due and uncollected of $4,521 96. Of the amount due January 1, 1861, $16,275 26, there has been collected the sum of $11,764 74, leaving yet due the sum of $4,450 52. Since the enactment of the paving law in 1849, there have been graded and paved about twenty-one and three-fourths miles of streets, alleys and side-walks, at a cost of $293,827 03. Of this amount $284 854 55 has been collected and paid over, leaving a balance of $8 971 48 yet uncollected. The amount of revenue derived from wharfage during the year 1861, has been $1,040 97, showing an increase over the revenue of 1860 of $91.97. The revenue derived from the Alleganey markets for the year 1861 was: From butchers' stalls $2 890, and from garden stands, $1,975.45, making a total amount of $4,365 45, showing a decrease from the revenue of 1860 of $236 18. The revenue from the weigh scales for the year 1861 has been: From Diamond scales $985.84; from Second Ward scales $1,857.05; total $2,322.89—showing an increase over the revenue of 1860 of $860.98.

ATTORNEY'S FEES.—An interesting case was disposed of in the District Court, on Friday morning, before Judge Williams. The case was Hon. A. W. Loomis vs. Lewis Peterson—being an action for professional services rendered. Mr. Loomis had been employed for several years past as the attorney of Mr Peterson, and had rendered services in the trial of several important causes, for which Mr Peterson refused to pay. The bill of Mr. Loomis was as follow: For professional services in the case of Lewis Peterson vs. Samuel M. Kier, $1,000; in the case of Sylvanus Lothrop for use of Hillery Brunot vs. Lewis Peterson, (two cases) $150 each; and for the trial of the latter cases in the Supreme Court, $200—making a total of $1,500. A large number of attorneys were examined as witnesses, and after receiving the charge of the Court, the jury found a verdict for the plaintiff for the full amount claimed $1,500.

THE TRIBUNE ALMANAC.—Henry Miner, Fifth street, sends us the Tribune Almanac for 1862. It is full of valuable statistics and should be always at hand for reference.

OHIO STREET AND THE DIAMOND,

nov30-1y ALLEGHENY CITY.

TO HORSE OWNERS.—DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivalled by any in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effects is, magical and certain. In case of Saddle Galls, Scratches, Mange, &c., it will also speedily cure. Spavin and Ringbone may easily be prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate or hope-less but it may be alleviated by this Liniment, and its faithful application will always move the lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use in the first appearance of Lameness will eventually prevent the-e formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

## 1ST EDITION.

BY TELEGRAPH.

*By Yesterday's Telegram.*

### Interesting from Washington.

WASHINGTON, January 17.—The correspondent of the New York *Herald* says: There was a protracted executive session of the Senate to-day, lasting three and a half hours. A formidable opposition was manifested to the confirmation of General Cameron, as Minister to Russia. The whole time of the executive session was occupied with the debate on this subject and resulted in an adjournment without final action.

The objections made to the confirmation of this appointment were chiefly on the ground of alleged mismanagement of the War Department, and favoritism in the appointment of military officers, and award of contracts for war supplies, by means of which, it is charged, vast amounts have been unnecessarily expended. It is believed the nomination will be ultimately confirmed. After the expression of the cause of the opposition Senators will forego their objections, but the stray against the nomination will deprive the confirmation of any complimentary complexion and amount to a censure of the conduct of the War Department.

General McClellan has continued to improve in health. His interview with the committee on the conduct of the war, yesterday, was mutually satisfactory. Without entering into any details of his plans, he convinced the committee that the result which all desire, the suppression of rebellion and the end of the war, will be attained with certainty and even more dispatch than the most sanguine were inclined to believe.

The committee will to-day report on the proposed National Armory west of the Alleghanies has not a sufficient number of times to learn that its members disagree so as to roughly that it will be impossible to secure a majority in favor of any place. Probably the committee will recommend that three Commissioners be appointed by the President to select a site.

General Sigel it strongly pressed for a Major Generalship by Senators and Representatives from the Northwest, Chicago, through Mr Arnold, particularly urge his appointment.

### Latest from Fortress Monroe. Departure of the Remainder of the Burnside Expedition.

FORTRESS MONROE, January 17.—The barque John Tucks with the Rhode Island Zouaves, the schooner Colonel Satterly with the Signal Corps of General Burnside's Expedition, the Hospital Ship of the Expedition, and several other vessels of the fleet, left with a favorable wind this forenoon. The Constellation, from Boston, arrived this morning. Her destination is unknown. A French war steamer arrived below this afternoon, said to be the Guerierre de la Mer.

The regular Thursday flag of truce today took to Craney Island several passengers for the South. The boat brought back the following released prisoners: Captain Brewer, Brigade Quarter-master, Rhode Island Brigade, Lieutenant Knight, of the First Minnesota Regiment, Captain A. G. Kellogg, Company K, Second Connecticut, and a private. Nineteen citizens came over to go North.

The only news in the southern papers is exaggerated accounts of the affair between Humphreys and Stuart and General Garfield in which it is stated that the former was retreating when he was attacked. The fighting is said to have been very hot, and the rebels, of course, gained a victory, with small loss.

One hundred and sixty prisoners of war are expected here to-morrow, to be exchanged and sent North.

The gunboat Rhode Island arrived from Galveston this morning. Her dates are, Galveston, December 28th; Ship Island, 31st; Mobile, 31st; Fort Pickens, January 2d; Key West, 8th, and Port Royal 12th. She brings a large mail. The gunboats Louis, New London and Water Witch, left Ship Island on the 31st of December, for Biloxi. The result was not learned but as the Rhode Island was leaving the New London was seen returning with three steamers in tow. The schooner Vesta was captured off Galveston by the Rhode Island. She was bound from Point Isabel for Franklin, La., with a cargo of tin, copper, lead and wood, valued at $10,000. She was sent to Ship Island. The Confederate steamer Florida is inside of Horn Island. The Wissahickon is off that place.

The Confederate batteries at Pensacola having repeatedly fired at our vessels, Ft. Pickens opened on the Confederate steamer Times, which was landing stores at the Navy Yard, on the first of January. The rebel batteries responded, and the firing was continued till evening. Fort Pickens firing the last shot. The rebel guns were well aimed, and most of the shells burst inside of the fort. Only one man, however, was wounded. One of the shots made a large breach in Fort Barrancas. In the evening our firing set Warrington on fire. The conflagration continued all night, and the place was still burning on the evening of the 2d, when the Rhode Island left. The fire was seen at the distance of thirty five miles at sea.

The Rhode Island will sail for Philadelphia this evening. In consequence of the fog she was detained off the Capes all day yesterday. The Mt. Vernon, which arrived here yesterday to coal, left her station, off Wilmington, North Carolina, on the 13th. The Shippewa and Monticello were off Cape Fear, and the Fernandina and Mands of New Inlet.

The Mt Vernon encountered the storm on Tuesday night, and arrived here yesterday afternoon. She saw a part of the Burnside expedition off Hatteras. The Mount Vernon reports that she burnt the light ship on New Year's night, which was being fitted out for a gunboat, under the guns of Fort Chesswell. The rebel steamer Gordon is on the stocks for repairs, according to the report of "Contraband" on board the Mount Vernon, on account of damages received in her encounter with the Mount Vernon on the 15th of December.

### Trying to Destroy the Water.

LOUISVILLE, Jan 17.—The *Journal's* Munfordsville correspondent says that the rebels are driving into and killing cattle in ponds and watering places on the route of the advance of the Federal army, to render the water unfit for drinking.

VALUABLE COUNTRY RESIDENCE FOR SALE.—A large and comfortable Dwelling House, containing eleven rooms, and built 8 feet wide, with all other necessary outbuildings, good cellar, large stable and carriage house, and about 2 acres of land having a fine variety of choice fruit trees, all in excellent order. IMPORTANT TO LADIES.

DR. JOHN HARVEY, having for upwards of twenty years devoted his professional time exclusively to the treatment of Female Difficulties, and having succeeded in thousands of cases in restoring the afflicted to health, has now entire confidence in offering publicly his

Great American Remedy,

DR. HARVEY'S

CHRONO-THERMAL FEMALE PILLS

Which have never yet failed (when the directions have been strictly followed) in removing the most difficult and long standing

Obstruction, or Stoppage of Nature,

or in restoring the system to its proper health when suffering from SPINAL AFFECTIONS, PROLAPSUS UTERI, THE WHITES, or other weaknesses of the UTERUS. In all cases of HYSTERICS or NERVOUS PROSTRATION, HYSTERICS, PALPITATIONS, &c., &c., which are the forerunners of more serious diseases and "bear down pains," dizziness on the commencement, and easy action of the bowels, &c., these Pills are unrivalled. By strengthening, invigorating, and restoring the system to a healthy condition, and by bringing on the monthly period with regularity, and without pain, all obstructions may arise. They should, however, not be taken during the first three or four months of pregnancy, though safe at any other time as miscarriage would be the result.

Each box contains 60 Pills. Price, One Dollar, and when desired will be sent by mail, prepaid by any advertised agent on receipt of the money.

J. BRYAN, Rochester, N. Y., General Agent. Sold by druggists generally. jan11-d&w1y
