

JOHN W. FORNEY. The Douglas Democracy.

Among those in the North who, in days gone by, were eternally prating of the rights of "our Southern brethren," John W. Forney was always conspicuous. From the day that David Wilcox introduced his celebrated anti-slavery proviso into Congress in 1846, up until after the election of James Buchanan in 1856, this Forney was the most obnoxious and plain tool of the "slave power" of the South.

Upon the elevation of Mr. Buchanan, Forney aspired to a Cabinet appointment; but this was refused him; and from that date until the quarrel broke out between the friends of the Administration and Judge Douglas, this pitiful ingrate alternated between Philadelphia, Washington and Harrisburg, whining over the President's ingratitude.

In the context of 1860, Forney advocated and supported a separate electoral ticket, in defiance of the action of the State Convention, and opposed Henry D. Foster for Governor, because he would not vote his hand for Forney's platform.

We have thought it necessary to re-imprint the names of these few points in this tract, because they are so important, and because they are so generally unknown to the public.

LABORING TO DESTROY THEM, but next to them our detestation is fixed upon the demagogue and rhyphenant, who, while talking of liberty and virtue, in principle, spends his evenings in concocting schemes by which to further betray an honest and confiding people.

HOUSE OF REFUGE. The other day, to a communication which appeared in the Dispatch, concerning the conduct of the Superintendent of the House of Refuge in relation to the religious rights of an inmate.

MEASURES. Editors:—Your correspondent is correct in stating that a Catholic girl, an inmate of the House of Refuge, and as she thought about being sent to the priest for her church and hear her confession, none of which, however, was permitted or allowed to be done by the Superintendent of the institution.

THE CONTROVERSY ON THE KANSAS question arose, presenting an admirable opportunity for one seeking revenge upon the Administration. Judge Douglas led the war, and Forney seeing an opportunity, seized it, all the time, however, protesting how much pain it gave him to differ from the President.

SECRETARY STANTON'S POLICY. It is very evident that the Secretary of War intends to create some radical changes in the management of his department. Already he has indicated his energy by his attitude towards the measures which Secretary Cameron will not permit to hamper Secretary Stanton.

JOSEPH HOLT ON MR. STANTON. The following letter was written by Mr. Holt to Lieut. Gov. Stanton, of Ohio: "The selection of the Hon. Edwin M. Stanton as Secretary of War has occasioned me unalloyed gratification, in that it is an immense stride in the direction of the suppression of the rebellion."

NOT BAD. What Whittier can do with the blacks of Per Boyak, we know Littlejohn to do with the genuine Yankee.
