JAMES P. BARR. EDITOR AND PROPRIE TO FRIDAY MORNING, JAN. 31. CITY MATTERS.

The Retiring Municipal Officers. Today the fiscal year of our city closes and with it the term of office of Hon. Geo. Wilson, the present Mayor, and Thomas Steele, E.q., City Controller. The Mayor's Clerk, Wm. Barnhill, jr., also gives way to the new appointee, Mr. Mercer, and Chief of Police Patterson and officers Bichardson, Smithson, Barr and Riddle retire from the constabulary force. We retire from the constabulary force: We part with regret from all these gentlemen in their official capacity and take the present occasion of returning thanks to and all for many courtesies extended us. The public will lose Mayor Wilson with regret; he was an upright, conscientious officer, discharging his duties "without fear or favor," erring only (if ever) by leaning to the side of mercy. He was ever affable and obliging and has made few (if any) anamies during his administration. any) enemies during his administration.—

Mr. Barnhill will also be missed by the frequenters of the office. He was well qualified for his position, prompt, energetic and accurate, and always at his post when needed and ever ready to chiling the when needed and ever ready to oblige the seeker for "items," if in his power. We regret that circumstances compel him to retire, but in the seathing pool of politics changes are by no means rare. This should also be a consolation to the officers named above, to whom we have also been under obligations and all of whom have our best wishes for success in their future

undertakings.
"Squire" Steele, the retiring Control. ler, needs no commendation at our hands, as he is universally known and as generally esteemed. He retires from office, (where he has beenfor two years, first as assistant Controller under Mr. Errett and leatherly as appearance) with the good wight latterly as successor.) with the good wish. es of all with whom its business brought him in contact, of the press particularly, to whom he was most attentive. The affairs of the Controller's office were admirably conducted by Mr. Steele, who is proverbially nest and accurate as an accountant and if his successor leaves the business in as good a condition as it now is be will have good cause for gratulation. Mr. S. goes to a position quite as lucrative, though not less laborious, as Chief Clerk in the Prothonotary's office.

Of the incoming officers we have now nothing to say, "by their fruits ye shall MISS CHARLOTTE THOMPSON. - We understand that Manager Henderson has effected an engagement with this lady to play at the Theatre next week.
