The Daily Post

PITTSBURGH:

MONDAY MORNING, FEB 3

CITY MATTERS.

ARRESTED FOR BIGAMY.—On Saturday morning Wm. H. Barker, a member of the Negley Body Guard, was arrested upon a charge of bigamy, preferred by his wife, Ostiarine Barker, who alleges that he has abandoned her and married a girl named Jeanett Forester. He was taken before Alderman Taylor, of the Fifth Ward, and in default of $1,000 bail, was committed to jail for a further hearing to-day. Barker states that he has not lived with his wife for over two years, and that since his return from Kentucky, he has been paying his addresses to Miss Forester, but denies being married to her. The facts will come out at the investigation.

ARRESTED FOR MURDER.—Two or three weeks since we noticed the shooting of John Berger, near Carlisle, and the burning of his house, by his murderers, consuming a negro boy who was in the building. Last week William Smith, who resides in the vicinity, was arrested, and also his four sons, on suspicion of being concerned in the murder, suspicion having been directed to them by circumstances which have transpired since the murder. They were committed to prison to await a hearing.

OIL AT A DISCOUNT.—By the following, from the Venango *Spectator*, it would appear that the oil trade with New York is by no means profitable just now: "If a barrel of oil could be had for nothing at this time, it would not pay in New York the cost of freight, commission, &c. Therefore, to ship oil is worse for the shipper than to throw it in the river. Remedy is, keep your wells plugged till the market rises; and instead of sending your oil to Eastern markets for nothing, it will be sold at the wells for a remunerative price in less than thirty days."

SPOILS GEESE FEATHERS.—A farmer, residing up the Allegheny river, who has been in the habit of bringing to this market, every winter, a few sacks of geese feathers, came down last week without his annual crop. The merchant to whom he sells his produce inquired of the farmer the cause of the failure, when the latter informed him that his farm is bottom land on the Allegheny and his geese disport in the river, but the oil which covers its surface from the Oil Creek wells utterly ruined the crop of feathers, causing them, when plucked, to stick together in a conglomerate mass, rendering them entirely worthless. This is a singular fact, but doubtless true.

BURNED TO DEATH.—Martha Jane, daughter of Thomas and Ellen Turk, of St. Clairsville, Ohio, was burned to death on last Friday, by her clothes catching fire. She lived three or four hours after she was burned, when death relieved her from her suffering.

OIL CREEK TURNPIKE.—A bill has been read in the House for the incorporation of the Franklin and Oil Creek Turnpike Company and referred to the Committee on Corporations.

THE ALLEGHENY ARSENAL.—The following appears among the Washington dispatches to the Philadelphia *Inquirer*: "Serious charges have been made against the management of the Pittsburgh Arsenal. One of them is the favoritism that as thrown large orders to be filled there that should have been filled in other places, to the great advantage of the Treasury. We learn it is to look after these abuses that Colonel T. A. Scott, Assistant Secretary of War, has gone out there."

SERENADES.—Washington special dispatches say that Judge Wilkins was serenaded by the band of the Sixty-seventh regiment on Thursday night and Congressman Moorhead was honored in like manner, on the same evening, by the band attached to Colonel Black's Sixty-second regiment.

TAKEN PRISONER.—It is stated that Isaac H. Whitesell, a glass blower, of Birmingham, who left here in December to purchase dried fruit in Kentucky, with money furnished by Bennett Lake, late County Auditor, his partner, has been taken prisoner, by the rebels near Owensboro, Ky., robbed of everything he had, and put in prison at Memphis. He has a wife and six children here.

CONFISCATED.—The property of Dr. Houston, of Wheeling, now a Surgeon in the Confederate army, has been confiscated and is advertised for sale at the Court House, subject to creditors' liens.

THE toll of Philadelphia passenger railway companies paid to the city during 1861 amounted to over $16,000.

From Fortress Monroe.

FORTRESS MONROE, Jan. 31.—*Via Baltimore, Feb* 1.—The steamer Ericsson, from Hatteras, arrived this afternoon with D'Pennel's Zouaves. The Ericsson left on Monday afternoon, not being able to get over the bar. She brings no news, except that the expedition was about to leave to its destination.

The United States sloop-of-war Hartford sails to-morrow for Key West.

A prisoner of war, named Taylor, from Cincinnati, arrived by a flag of truce from Richmond. He says that Beauregard has left for Kentucky, taking with him 16,000 men from Manassas, and that Jeff Davis is to take command at Manassas in person, after his inauguration on the 22d.

The greatest panic prevails at Norfolk and Richmond relative to the Burnside expedition.

The French Admiral having returned from Norfolk, the Captain of the Pomone, will go to Norfolk on Saturday, on his way to Charleston.

The troops will embark on the steamer Constantine on Saturday, and will sail on Sunday for Ship Island. About 200 of them will be left behind, being sick with the measles.

BALTIMORE, Feb. 31.—The *American's* correspondent at Fortress Monroe says that Thursday was a bright and beautiful day at Old Point, but yesterday was cloudy and threatening.

When the steamer Ericsson left Hatteras the weather was too rough to land the troops, and being unable to cross the bar, Gen. Burnside ordered her return to Fortress Monroe. She laid off Hatteras till Sunday last, and consequently brings no late news. The troops are in good health. The most of the vessels had started from the mouth of the inlet towards Roanoke Island, which it was understood would be the first point attacked.

Mr. Taylor, of Cincinnati, who has been a prisoner at Richmond since the battle of Bull Run, was released yesterday, and came by a flag of truce via Norfolk.

The panic in reference to the Burnside expedition was very great at Norfolk and Richmond.

It was understood at Richmond that Beauregard would reach there on Saturday on his way to Kentucky.

The opinion at Richmond was that the steamer Merrimac was a failure.

Commissioners to Richmond --Proposed Postal Reform--Salt for the Rebels.

WASHINGTON, February 1.—Bishop Ames and Ex Governor Fish left this city this morning for Richmond, by way of Fortress Monroe, to fulfill the duty of visiting the Federal prisoners, under the terms of the order issued by the Secretary of War.

A new postal bill will soon be introduced in the House, reducing the postage on letters to two cents a half-ounce, and directing the delivery of letters in cities without charge.

The Territorial Committee of the House has under consideration a bill to regulate the government of the rebellious States on the same basis as the Territories.

A schooner, loaded with salt, left Baltimore yesterday and went to Aquia Creek, signaling the rebel batteries not to fire.

From Missouri--Men Wanted for the Gun Boat service.

ST. LOUIS, Feb. 1.—Intelligence from the southwest is meagre. Several days may elapse before the occurrance of anything of importance.

Com. Foote, being in want of men for the gunboat service Gen Halleck has issued a general order, in which commanders serving in his department are ordered to take immediate measures to ascertain what men their respective commands desire to transfer to the gunboat service. Care must be taken in the selection and preference given to those best fitted for such service. Men selected are ordered to report to Lieut. Wm. Brickett, U. S. A., at St. Louis, by whom they will be enrolled and shipped. A list of names of the men furnished from each command, stating, on each case, the company and regiment, to be sent to head quarters, that orders directing such transfer may be issued.

Latest from California.

SAN FRANCISCO, January 31.—After one week's cold, though pleasant weather, another rain storm has commenced in San Francisco, which doubtless comes from the flooded portion of the State. The storm in most of the interior counties has subsided. Communication with the mining districts are still suspended.

The Legislature, by a concurrent resolution, agrees to assume California's portion of the direct national tax.

A resolution passed, instructing their delegation in Congress to urge the establishment of a line of mail steamers between San Francisco and Japan and China.

All the navigable rivers of Oregon are closed by ice.

THE FOLLOWING ARE VOLUNTARY statements from persons of respectability and worth, in this vicinity, who have been greatly benefitted by his remedies; some of whom would evidently have been in their graves ere now, if their disease had not been arrested by Dr. Schenck's medicines:

Case of Diver Complaint and Dyspepsia of Ten Years Standing.

I have been suffering for ten years past from Liver Complaint and Dyspepsia. I heard of Dr. Schenck's coming out to Martin Koch's, and I thought I would go and see him, as my disease had increased in violence within the past two years, and I had been under treatment of several doctors, from whom I received no benefit. In the early part of June of this year I went to see Dr. Schenck, and was examined by him with his "RESPIROMETER." I have been taking his *Pulmonic Syrup, Sea Weed Tonic* and *Mandrake Pills* since then, and I must say that I am greatly benefited by their use; indeed, I might almost say that I am well.

I have been much benefitted by the use of Dr. Schenck's medicines.

Case of Mrs. McConnell.

I had been afflicted with Disease of the Lungs for four or five years, when I heard of Dr. Schenck coming to Martin Koch's. Previous to this time I had given up all hope of ever getting well, but Mr. Koch, whom I knew to have been cured by Dr. Schenck, urged my husband until he prevailed upon me to go and see the Doctor, who found both my lungs affected, the bronchial tubes were both diseased; when I breathed, they would rattle so that it could be heard distinctly.—I have now taken his medicines for some time, and find myself wonderfully improved, although not entirely recovered; I now find myself able to attend to most of my household duties, and have no doubt of my ultimate recovery. From the benefit I have received from Dr. Schenck's treatment, I would advise all persons similarly affected to apply to him when he makes his next visit.

Certificate of Jane Grist.

I have been troubled for about two years with a pain in my breast. Late in the Spring of this year I heard of Dr. Schenck coming out to Martin Koch's, and I determined to call and see him, and get examined with his Respirometer. I did so, and also took all three of his medicines, according to directions, and I have been greatly benefitted. I hope, from the benefit already experienced, that it will not be long until I am entirely well.

Cure of Mrs. Walrath.

For about five years I had been afflicted with pain in the right side of my breast, and in hopes of getting relief, I had taken many different kinds of medicines, but found no benefit from them whatever. I then heard of Dr. Schenck, and the great cures he was performing with his treatment, and concluded to send to his Agent in Pittsburgh, Dr Keyser for some of his medicine. Previous to taking it, I was so prostrated as to be unable to undress myself, or even to lay in bed; I was obliged to sit up on a chair in order to obtain any rest at all. After having taken Dr. Schenck's medicines, I heard that the Doctor was coming to Martin Koch's, and I determined to see him. I was already so much improved by the use of his medicine, as to be able to go over to Mr. Koch's, which is a distance of a mile from my home. The color pronounced my disease to be Bronchial Consumption and Liver Complaint, with an accession of the Pleura to the ribs. I would moreover add, that I coughed almost continually, and spit up large quantities of matter daily. I took the Pulmonic Syrup, Sea Weed Tonic and Mandrake Pills, according to the Doctor's directions, and am happy to say that I am nearly well. ANNA WARNER,
