Constitution arrived here at one o'clock this afternoon, with her in tow. She will take on a small quantity of coal, and prob-ably sail sgain in the morning. The French steamer Cabinet sailed this forencon for Havana.

The Pomone, flag-ship, is still here. It is probable that the French fleet in our waters will be represented here for some

time, one or two vessels being always in port. Another steamer is daily expected.

The rebol fleet in Elizabeth river has been moving about considerably all day.
During the forenoon heavy firing was
going on at Sewall's Point, and this afternoon a tug was seen steaming around, and at one time towing semething, supposed to be a floating battery, to the Point.

Disloyal Pensioners. WASHINGTON, Feb. 6.—The President has approved the bill authorizing the Secretary of the Interior to strike from the States, or who have in any manner en-couraged the rebeis or manifested a sympathy with their cause. For shout fire years I had been affected with pain in the right side of my breast, and in hopes of getting relief, I had taken many different kinds of medicines, but found no beapefi from them whatever. I then heard of Dr. Schenck, and the great cures he was performing with his treatment, and concluded to send to his Agent in Pitraburgh, Dr. Keyser for some of his medicine. Previous to taking it, I was so prestrated as to be unable to undress myself, or even to key in bod; I was obliged to stup un a chair in order to obtain any rest at all. After having taken Dr. Schenck's medicines, I heard that the Doctor was coming to Martin Koob's, and I determined to see him. I was aiready so much improved by the use of his medicine, as to be able to ge over to Mr. Exoch's, which is a distance of a mile from my house. The Doctor pronounced my disease to be Bronagalal Comsumption and Liwer Gompleaint, with an adhesion of the Pieura to the Bromenfal Consumption and Liver Com-plaint; with an adhesion of the Pleurs to the ribs. I would moreover add, that I coughed al-most continually, and spit up large quantities of matter daily.
