LOCAL AND GENERAL NEWS.

HARRISBURG CORRESPONDENCE

STATE HOUSE, HARRISBURG,
March 1st, 1862.

For want of Legislative news, I will try and make amends by giving your readers what will, in all probability, interest them as much as dull, stale and unprofitable information. The Governor to-day, from the front of the arsenal, delivered a stand of colors to the lately arrived regiment from Erie. The speech was good, and produced a decided effect on all who heard it. The allusion to those who might fall in battle in sustaining the honor and fame of the nation, had its peculiar sensation. He then mentioned that numbers of wives, in all probability, might be left destitute widows with bereaved children. Such, he remarked, in all cases should be cared for, inasmuch as they would be the children of the State. To every word of this, every true hearted American who lives at home in ease and comfort, provided well by this world's goods, should, most cheerfully, respond with a hearty amen. But let not the words be cold comfort to stricken hearts! The Legislature should take this matter in hand and make such provisions as will comfort with the dignity and humanity of the people of the Keystone State. "Out of sight, out of mind," has been too often the case, (at "gratitude (in this as it should be in all cases) be the memory of the heart."

The Col. of this splendid regiment responded in a few brief and well spoken things, that elicited sounds of applause. There is about 1,000 men in the regiments, and it is decidedly the most uniform in size of any that has left for the Seat of War. The people of Erie and the State at large, may well feel proud of them. I may as well state this fact, that they are mostly composed of men of foreign birth, Germens and Irish. It is to be presumed, hereafter, we will hear no more persecutions on account of country. Take the foreign born out of the Union army and there would not be very many left to fight for rebels. In this I am free to say that adopted citizens should defend and perpetuate their constitutional rights on the battle field as well as at the ballot box; and to their honor be it spoken, they have at all times stood by their country; and if the field of fame be lost, it will not be by an Irishman. God defend this night in all cases, and protect and watch over the thousands of brave and dauntless hearts now contending for the union of the States. They were good enough for the men of '76, and are endeared to us by the blood of the sires and heroes who staked their lives to give a free home to all nations and kindred of people. May its duration be from time to eternity.

The Erie boys leave this afternoon to move on Manassas. I must not omit to state that Governor Curtin paid a merited compliment to the Commander-in-Chief, General McClellan, and observed that every patriotic heart should beat in unison with the great commander, and those who were carping and assailing him will find out how much they were mistaken in their attempts to traduce one of the brightest ornaments in the gallery of generals. The government should receive the hearty co-operation of all, without distinction of party, for party sinks into utter insignificance when the country demands the services of her true and loyal sons. (This brought forth loud applause.) What is the true Keystone Lovejoy and the *Gazette* man say to this coming from their chosen governor? The people with one accord will endorse the sentiments of liberality and truth which emanated from his Excellency on the occasion. Gov. Curtin can rise above the petty political huckster of the fanatical school of the downeasters and devoted Pennsylvanian. Our constitution as it is, the Union as it was, and our country will ever be the most happy government on earth.

Thermo.

PITTSBURGH AND ERIE RAILROAD.—The Greenville, (Mercer county) *Argus* states that about $75,000 of stock in the Pittsburgh and Erie Railroad have been taken in the different townships of Mercer county, through which the road will pass. Twenty-five thousand remains to be taken, and as there is a strong probability that this amount will soon be subscribed, the completion of the road may be considered a fixed fact.

DROWNED.—On Thursday evening last, at the mill dam of a Mr. B. J. Pumphrey, in Belmont county, Ohio, a little boy, son of John Winrod, ventured to the brink of the dam, on some slabs, and while trying to get a log over the falls, slipped into the water. His father, who was one of a number of men engaged in pushing drift wood over the dam, plunged in to assist him, but was himself drowned. The boy succeeded in getting safely out of danger.

NEW COLLEGE.—An act has been read in the Legislature, to incorporate Westmoreland College at Mt. Pleasant, Westmoreland county, with a capital stock not to exceed $100,000. The annual income from students not to exceed ten thousand dollars.

KILLED BY A BLAST.—In Berks county, a few days since, a blast inserted by a man named James Gaynor, exploded prematurely, killing him on the spot, and injuring his brother to such an extent that his life is in jeopardy.

1ST EDITION.

BY TELEGRAPH.

By Yesterday's Telegram.

The Work Finished in Tennessee—Andy Johnson Provisional Governor—Columbus Probably Occupied.

WASHINGTON, March 3.—Official information to the War Department, from Nashville, represents that the military work in that State is about completed, and that it only remains to effect a civil reorganization of the State government. It is believed that the United States forces will occupy Columbus to-day.

The rebel forces, under Albert S. Johnston, are being steadily pressed backward by General Buell. Cotton, to the value of one hundred thousand dollars, has fallen into our hands at Nashville, and the Treasury Department has taken measures to have it brought to New York.

The President has designated Hon. Andrew Johnson to be a Brigadier General, and he proceeds to Tennessee to-morrow to open a military provisional government of Tennessee, until the civil government shall be reconstructed. Gen. Buell will be nominated to-morrow as Major General of volunteers.

The Death of General Lander.

WASHINGTON, March 3.—Gen. Lander had every attention which his cold and well tried friends around him could bestow. His death was somewhat sudden. It was not till five o'clock this afternoon his wife received intelligence of his illness. She immediately took measures for obtaining a special train to proceed thither, but before the arrangements were completed Secretary Stanton called in person, and with much feeling and delicacy acquainted her with the fact of her husband's death. Secretary Chase and other distinguished friends subsequently visited her in her affliction. General Shields succeeds Gen. Lander in command.

The Release of Col. Corcoran.

BALTIMORE, March 3.—The boat from Fort Monroe, to-morrow, will bring four hundred more released prisoners, and it is confidently expected that Col. Corcoran, and other officers, will accompany them. Gen. Dix has ordered out the New York Fifth Zouaves to escort them from the boats to the rooms of the Relief Association.

Latest from Nashville—Gunboats a Terror to the Rebels.

WASHINGTON, March 3.—The Secretary of the Navy, today, received a letter, dated Cairo, the 27th ult., from Flagofficer Foote, who says: "I have the honor to forward a communication from Lieutenant Commanding Bryant, the substance of which I have just telegraphed. The Captain of the steamer who brings the dispatch says that six miles below Nashville there was a battery on a high bluff, which had mounted guns, but several of them were thrown into the river before the Cairo arrived.

"He also reports that a strong Union feeling was manifested in and near Nashville, and that Governor Harris, after vainly attempting to rally the citizens and others left on Sunday morning for Memphis.

"He also states that the gunboats are the terror of the people at Nashville, and at points on the Cumberland river, and that on hearing of my arrival, and supposing that the gunboats would proceed immediately to Nashville, the enemy retreated, panic stricken. The unusually high water of the river enabling the boats to ascend the river was providential."

The following is the enclosure in Com. Foote's letter: CAIRO, Feb. 25th, 1862.—Flag Office Foote, commanding the flotilla in the Western waters—Sir: Uncertain that my letter of the 23d reached you, I repeat that I departed from Clarksville for this point by the request of Brig. Gen. Smith, commanding at Clarksville, and arrived here this morning. the command of Brig. Gen. Nelson.

The troops landed without opposition. The banks of the river were free from hostile forces. The railroad and suspension bridges here are destroyed.

Very respectfully, your ob't serv't.

NED A. O. BRYANT, Lieut. Com.

Communication with Nashville Re-Established.

LOUISVILLE, March 3.—There is now railroad communication between here and Nashville, except over the Creek about ten miles north of Nashville, where the track was damaged by the rising water on Saturday, and which will be repaired by to-morrow night.

The election at Nashville, on Saturday, for municipal officers passed off quietly. The retiring mayor issued a proclamation assuring the citizens of protection by the federal troops if they quietly pursue their accustomed avocations.

Several rebel prisoners have been brought to Nashville, and 24 negroes seized by the rebels in the vicinity of Bowling Green, have been received at Nashville and sent back.

General mail communication is established to Bowling Green, and for military letters to Nashville, as also Col. J. J. Miller, Government Mail Agent for Kentucky, is making energetic exertions to extend mail facilities to every part of Kentucky.

Obstruction, or Stoppage of Nature,

or in restoring the system to perfect health, when suffering from SPINAL AFFECTIONS, PECULIAR URINE, THE WHITES, or other weakness of the UTERINE ORGANS. Also, in all cases of DIFFICULT OR NERVOUS PROSTRATION, HYSTERICS, PALPITATIONS, &c., &c. which are the forerunners of more serious disease.

These Pills are perfectly harmless on the constitution, and may be taken by the most delicate female without causing distress; at the same time they ACT LIKE A CHARM by strengthening, invigorating, and restoring the system to a healthy condition, and by bringing on the monthly period with regularity, no matter from what cause the obstruction may have arisen. They should, however, not be taken during the first three or four months of pregnancy, though safe at any other time, as miscarriage would be the result.

Each box contains 60 Pills. Price One Dollar, and when desired will be sent by mail pre-paid by any advertised Agent, on receipt of the money.

GEOWEY'S SUPERIOR PATENT

Grain Fan and Seperator,

PATENTED JANUARY 10, 1860.

THE superiority of this Fan, over all others in use, consists in its straightness, simplicity and durability.

Second. In cleaning grain faster, better and more thoroughly with less labor than any other mill ever offered.

The patentee of the above Fan has been long engaged in manufacturing and selling agricultural implements, convinced of the great wants of a good Fan for cleaning the different kinds of grain and seeds, presents this to the public with full confidence that it will meet their wants.

The undersigned having purchased the right to manufacture and sell the above Grain Fan and Seperator, in Western Pennsylvania, Western Virginia and all Ohio, and the right to sell in Indiana and Illinois, is now prepared to fill all orders Wholesale or Retail at 219 Liberty street, Pittsburgh, Pa.
